They say business ideas are dime a dozen but I don't fully agree with this!! If you

want pursue a idea similar to that of a multi national conglomerate you are sure to go bust.. Unless have resources for it.. All that aside ideas are very important. Otherwise you will be competing in red ocean(basically from the book blue ocean strategy the idea is to focus on niche or business where there is not much competition) . But that doesn't stop there. Many people waste time by coming up idea after idea without taking action,(they are called wanterpeneurs) which is of no use .. After idea test for its validity and money making potential and pursue it "execution" is name of the game!! . Test test test and improvise on your initial idea or hypothesis!!

change your actual situation. Do you want to wake up every day knowing that you are a Winner, that you are in charge of every aspect of your life, and that you are the one responsible for all of the choices and decisions? How to start a small business for beginners- can help you out with all that. For most of us, we spend every day working for someone else, putting money into their bank account and retirement fund, promoting their business, and helping them to achieve the accolades and rewards. What do we get for all of our hard work? More work. Less time spent on the things that make us happy. If you are working for others, you will never be in charge of your own life. You will never reach your goals and milestones. You will not live your Dream Life. It is possible to be successful and do something that you love and are passionate about. Life is

meant to be enjoyed, and every individual has their own strengths and weaknesses. Why not use your strengths to provide a life that you've always dreamed of? In order to achieve your own goals and live your own Dream Life, you need to start your own small business, so that you are in charge of every part of your life. By doing so, you are the one who is reaping all the rewards and are the one whose bank account and retirement fund are being grown and added to, not someone else's.
