**What Color is My**

**World?** AuthorHouse  
Jonathan Bricklin's debut  
novel is astounding for its

intellectual playfulness and verbal ingenuity, and for the exuberant voice of Willy Nilly, the young hero of this unexpected adventure. Telepathy, Tetherball, Turtles, Politics, Pirates, Lemonade, Cryogenics, Waterslides and Holograms are some of the ingredients in this madcap frenzy of metaphorical escapism. If Raymond Chandler and Tom Robbins adopted a baby it might grow up to write a book like this. *A Botanical Coloring Book* FriesenPress

Is that a shell? A pile of rocks? Waves, leaves, clouds? A stained glass window? Or just an inviting group of lines and shapes? And what do you want to do with it? It's all up to you, and it doesn't matter what you decide. This coloring book is a no-pressure invitation - to play, explore, focus, dream, or rest. These abstract, mosaic-style doodles can stimulate your imagination, free you from constraints, and pull you into a whimsical world of color. Color the shapes, color the spaces between the shapes, or color both. Emphasize patterns or fill spaces randomly. Use ninety-six colors or six, or just one! Get out a fine-tip pen and add to the

designs - draw in borders, or shapes within or around the given shapes. There are even some blank pages at the end to fill with your own completely original doodles. Doodler JoAnne Lehman lives in Madison, Wisconsin, where she co-manages Zwerg Acres Urban Farm and Zwerg Acres Productions.

**An Interactive Poetry Book for Kids of All Ages** Simon and Schuster Kareem Abdul-Jabbar, basketball legend and the NBA's alltime leading scorer, champions a lineup of little-known African-American inventors in this lively, kid-friendly book. Did you know that James West invented the microphone in your cell phone? That Fred Jones invented the refrigerated truck that makes supermarkets possible? Or that Dr. Percy Julian synthesized cortisone from soy, easing untold people's pain? These are just some of the black inventors and innovators scoring big points in this dynamic look at several unsung heroes who shared a desire to improve people's lives. Offering profiles with fast facts on flaps and framed by a funny contemporary story featuring two feisty twins,

here is a nod to the minds behind the gamma electric cell and the ice-cream scoop, improvements to traffic lights, open-heart surgery, and more — inventors whose ingenuity and perseverance against great odds made our world safer, better, and brighter. Back matter includes an authors' note and sources.

**A Fill-In Book** Penguin In celebration of its highly anticipated Broadway revival, Ntozake Shange's classic, award-winning play centering the wide-ranging experiences of Black women, now with introductions by two-time National Book Award winner Jesmyn Ward and Broadway director Camille A. Brown. From its inception in California in 1974 to its Broadway revival in 2022, the Obie Award-winning for colored girls who have considered suicide/when the rainbow is enuf has excited, inspired, and transformed audiences all over the country for nearly fifty years. Passionate and fearless, Shange's words reveal what it meant to be a woman of color in the 20th century. First published in 1975, when it was praised by The New Yorker for "encompassing...every

feeling and experience a woman has ever had," for colored girls who have considered suicide/when the rainbow is enuf will be read and performed for generations to come. Now with new introductions by Jesmyn Ward and Broadway director Camille A. Brown, and one poem not included in the original, here is the complete text of a groundbreaking dramatic prose poem that resonates with unusual beauty in its fierce message to the world. *Mythical Tales from Around the World, Retold* Alpha Book Publisher This volume presents a variety of play approaches that facilitate children's healing in a shorter time frame. Invaluable for any clinician seeking to optimize limited time with clients, the book provides effective methods for treating children struggling with such challenges as posttraumatic stress disorder, anxiety, disruptive behavior, mood disorders, attention-deficit/hyperactivity disorder, and parental divorce. Individual, family, and group treatment models are described and illustrated with richly detailed case examples. Featuring session-by-

session guidelines, chapters demonstrate how to engage clients rapidly, develop appropriate treatment goals, and implement carefully structured brief interventions that yield lasting results. Color My World! Createspace Independent Publishing Platform It's the summer of 1970, a time of free love and drugs in abundance. Rock superstar Mark Fleming and his band Harbinger, from the U.S., have just released their first album which is rapidly climbing the charts. Manager, Tony, has set up a road trip in Ontario in hopes of strengthening their Canadian fan base. Enter music lover and sweet but sexy, sixteen year old virgin Samantha Sullivan who lives vicariously through her two hardcore groupie friends Fran and Gail. When Mark and Samantha lay eyes on each other at Harbinger's first gig in the small town of Sturgeon Falls two worlds collide as they realize they are Destined Lovers, an extremely rare form of love. When Mark's 'virgin baby', as he calls her, gets an offer to pose for Playboy Magazine, can Mark accept her newfound fame or give her an ultimatum? Can

they survive the maelstrom of groupies who lust after Mark including ex-girlfriend Cheryl and her psychotic boyfriend Jake and the ensuing tragedies that befall them? Good old sex, drugs, rock & roll and the love story of the century make this novel a fascinating and compelling read. Color My World will leave you laughing, crying, sighing, and begging for more. Mark and Samantha will have you wrapped up in their crazy world in no time! *Flowerscape* Candlewick Press Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it. It's easy to forget that we're only given so much. We ignore it because we're convinced we'll always have more. I am proof that we aren't promised anything. The clock owes us nothing. I know this because not only was Time my name, I wasn't given enough of it. Sure I had challenges but I vowed to make the most of it, of my young life. My limitations wouldn't hold me back. Time was on my side. Then I was told otherwise. Now the clock was working against me. I would face this disease

alone. Then he walked in and changed everything. He gave me a reason to fight. He helped me prepare. Like others before me, when time slowed I wasn't ready. I begged for more. But the clock, it stopped for no one. On the day my world went black, I refused to take him with me. Only he didn't listen. I was a doctor. A bringer of bad news. I read the chart. She was fucked. My hands, they were tied. I was a doctor who could not heal what was beyond that door. I had no hope to offer her. But I wanted this over with. The sooner the better. I walked in, looked up and saw color. Not one. All of them. They surrounded her. She was a patient. You did not cross that line. I would not cross that line. I should have kept my eyes closed. Life was easier when you didn't see. But they were open now. They saw her. They saw everything. Suddenly invisible lines ceased to matter. For me, Time mattered. How far would you go to make sure the one you loved had enough of it? Would you challenge the clock? Help them prepare? Could you watch them suffer? Could you accept a life without them in it? Or, would you follow

them into the darkness? I did. This is our story.

Landmarks of the World  
Guilford Press  
An interactive poetry book for children of all ages helps kids feel comfortable in their own skin and unlocks their creativity while encouraging them to journal their feelings. They get to complete some of the poems, write stories, and draw pictures. Parents, teachers, librarians, and literacy specialists love the book. Child psychologists endorse it as a form of play therapy. Kids don't know they are opening up; they simply think they are having fun!

**Writings by Radical Women of Color**  
CreateSpace  
In the Garden of Infinite Possibilities there are only 3 rules: Rule n.1: "There are infinite possibilities." Rule n.2: "Thoughts become things." Rule n.3: "NEVER forget the first two!" For the first time, a voyage spanning Quantum Physics, Personal Growth and Spirituality, through the eyes of a curious child, and a Master Teacher who knows the Infinite. Their journey to escape mind control and arrive to... an extraordinary revelation !

Karen loves teaching about the wonder of color. She holds a Bachelor's Degree in both Early Childhood Education and Fine Arts. She is passionate about art and interior design and believes that visually pleasing spaces depend upon successful color combinations. "Mixing colors can be exciting and

help children create a mood, feeling, or an expression of themselves through their own art and imagination. Teach a child to explore color and just watch as the creativity begins!"

**Color My World St.**

Martin's Griffin

Let me tell you how much fun it is to be a book writer! One of my friends recently said to me, I dont even know anyone whos ever READ a book, let alone WRITE one! I was amused. Well you know its really not so hard to write a book. You just talk about what you feel, and organize your thoughts along the way. At some point, as you stay determined to make it happen, the book comes into the world. For me, now having compiled over 30 book-length manuscripts of various topics and subject matter, I have become more and more inclined to share the way I see the world with others along the way. You might call what I like to write about as having to do with personal philosophy, or individual world view. Everyone has a way they see their world; this book is part of how I see mine. It seems that all kinds of people have something to say about what life is and is

not. I am like most people, so am no exception. I have come to enjoy giving such opinions and points of view with just about anyone who will listen. I wrote this book, MY WORLD: The First 50 Years, because I wanted to be sure and document the way life appeared to be to me at the half-century mark in my personal growth and evolution. I did it in a way that enables you to read right through it, or, if you prefer, you can take it slowly, over a one-year span of time, and think about the ideas and thoughts carefully. How you read the book is entirely up to you. Ten years earlier I had written a similar book (Earth Dwelling: An Owners Manual for Life) in order to share thoughts about the meaning and purpose of life. It is amazing the difference that ten years can make! I like to think that I am growing! Gee. Could that be? I sure hope so! People from the worlds of philosophy, religion and the popular culture are anxious to share the way they see the world with others. I have a passion to do that also, and so I wrote this book in order to summarize how things in life appeared to me. I

could be way off - you decide for yourself. At any rate, my world is MY way of seeing life...in YOUR world, you will see it your special way and that is part of the beauty of this life. Each person is free to see it differently, and that is our basic right to do so. I like that. I actually feel so strongly about what I am saying here that I created a web site (which is called [HowIseetheworld.com](http://HowIseetheworld.com)) to talk about and share ideas with others. Take a look at it some time. Thoughts are powerful, and have a tendency to either make you great, or even destroy you before your time. So, think good thoughts! And enjoy the book as well!
