Émile; Or, Concerning Education; Extracts Lulu.com

Emile, or On Education, examines the nature of education and of man, instructing the reader on how to raise a child to live a harmonious, philosophically rich life. Written in an order of the child's upbringing, the text discusses how best to teach a young person values which they can take to their ultimate benefit. The titular 'Emile' is the name of child who undergoes such tutoring. In praising the ideas of earlier thinkers, Rousseau compliments physical education and the honing of intellect, emphasizing that the child must not learn simply from books, but also from venturing out and experiencing the tangible world and reality before them. One portion of the text is notable for what were then considered stark criticisms of religion and philosophy. As a result, Emile was banned in France and elsewhere at the time of publication. The famously derisive Voltaire condemned most of the book, but praised the portion which resulted in its banning - Profession of Faith of the Savoyard Vicar.

The once banned and burned treatise on the nature of education from the eighteenth-century philosopher and author of The Social Contract. Considered by Jean-Jacques Rousseau himself to be the "best and most important" of all his writings, Émile set off a firestorm when it was first published in 1762. It was banned in Paris and burned in Geneva, but later served as the inspiration for a new national system of education during the French Revolution. In its pages, Émile and his tutor embark on a scholarly journey through the boy's upbringing. The book also follows the character of Sophie, commenting on the role of women in society. "More a tract upon education with the appearance of a story than it is a novel, the book describes the ideal education which prepares Émile and Sophie for their eventual marriage" (The Roots of Educational Theory). "Jean-Jacques Rousseau's Émile or Treatise on Education remains relevant today. The theories and beliefs of Enlightenment philosophers such as Rousseau played a big role in shaping the beliefs of the public at the time,

particularly when they were able to distribute their ideas on paper. Without written documents such as this one, it would be impossible to understand their impact on society and, more broadly, on how the idea of nature-based gender and separated spheres have evolved to what they are today."

—Towards Emancipation?

This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content, we have worked towards: 1. Type-setting & Reformatting: The complete work has been re-designed via professional layout, formatting and type-setting tools to re-create the same edition with rich typography, graphics, high quality images, and table elements, giving our readers the feel of holding a 'fresh and newly' reprinted and/or revised edition, as opposed to other scanned & printed (Optical Character Recognition - OCR) reproductions. 2. Correction of imperfections: As the work was re-created from the scratch, therefore, it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content/pages, and/or other related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

Emile, Or, On Education Nabu Press

An exceptional anthology designed for courses on Rousseau, the history of philosophy, and women's studies

Jean-Jacques Rousseau Emile or On Education Рипол Классик

The acclaimed series The Collected Writings of Jean-Jacques Rousseau concludes with a volume

centering on Emile (1762), which Rousseau called his "greatest and best book." Here Rousseau enters into critical engagement with thinkers such as Locke and Plato, giving his most comprehensive account of the relation between happiness and citizenship, teachers and students, and men and women. In this volume Christopher Kelly presents Allan Bloom's translation, newly edited and cross-referenced to match the series. The volume also contains the first-ever translation of the first draft of Emile, the "Favre Manuscript," and a new translation of Emile and Sophie, or the Solitaires. The Collected Writings of Rousseau Roger D. Masters and Christopher Kelly, series editors 1. Rousseau, Judge of Jean-Jacques: Dialogues 2. Discourse on the Sciences and Arts (First Discourse) and Polemics 3. Discourse on the Origins of Inequality (Second Discourse) Polemics, and Political Economy 4. Social Contract, Discourse on the Virtue Most Necessary for a Hero, Political Fragments, and Geneva Manuscript 5. The Confessions and Correspondence, Including the Letters to Malesherbes 6. Julie, or the New Heloise: Letters of Two Lovers Who Live in a Small Town at the Foot of the Alps 7. Essay on the Origin of Languages and Writings Related to Music 8. The Reveries of the Solitary Walker, Botanical Writings, and Letter to Franquières 9. Letter to Beaumont, Letters Written from the Mountain 10. Letter to D'Alembert and Writings for the Theater 11. The Plan for Perpetual Peace, On the Government of Poland, and Other Writings on History and Politics 12.

Autobiographical, Scientific, Religious, Moral, and Literary Writings 13. Emile or On Education (Includes Emile and Sophie; or The Solitaires)

Rousseau's Émile UPNE

Emile - Treatise on Education by Jean-Jacques Rousseau - Translated by Barbara Foxley. Emile, or On Education or Émile, or Treatise on Education (French: Émile, ou De l'éducation) is a treatise on the nature of education and on the nature of man written by Jean-Jacques Rousseau, who considered it to be the "best and most important of all my writings". Due to a section of the book entitled "Profession of Faith of the Savoyard Vicar", Emile was banned in Paris and Geneva and was publicly burned in 1762, the year of its first publication. During the French Revolution, Emile served as the inspiration for what became a new national system of education. The work tackles fundamental political and philosophical questions about the relationship between the individual and society - how, in particular, the individual might retain what Rousseau saw as innate human goodness while remaining part of a corrupting collectivity. Its opening sentence: "Everything is good as it leaves the hands of the Author of things; everything degenerates in the hands of man". Rousseau seeks to describe a system of education that would enable the natural man he identifies in The Social Contract (1762) to survive corrupt society. He employs the novelistic device of Emile and his tutor to illustrate how such an ideal citizen might be educated. Emile is scarcely a detailed parenting guide but it does contain some specific advice on raising children. It is regarded by some as the first philosophy of education in Western culture to have a serious claim to completeness, as well as being one of the first Bildungsroman novels, having preceded Goethe's Wilhelm Meister's Apprenticeship by more than thirty years.

Emile Simon and Schuster

Sub-divided into five books, it describes the education and training of a young boy Emile during various stages of his life. Rousseau as his tutor teaches him the way to good living through education. The final book deals with the issues of female education. Even today it is one of the most

widely read books on the subject of education. Enlightening!
