Goldin thus begins the book by asking the basic question "What are we reading?" while also considering why it has been so rarely asked. Yet far from denigrating Chinese philosophy, he

argues that liberating these texts from the mythic idea that they are the product of a single great mind only improves our understanding and appreciation. By no means does a text require single and undisputed authorship to be meaningful; nor is historicism the only legitimate interpretive stance. The first chapter takes up a hallmark of Chinese philosophy that demands a Western reader's cognizance: its preference for non-deductive argumentation. Chinese philosophy is an art (hence the title) he demonstrates, more than it is a rigorous logical method. Then comes the core of the book, eight chapters devoted to the eight philosophical texts divided into three parts: Philosophy of Heaven, Philosophy of the Way, and Two Titans at the End of an Age. .

Goin' Back to the 1960sis a memoir of a happy and eventful life of a young man during the 1960s where 'growing up' changed his outlook on life from a care-free innocent boy to an outright teenage cynic. Brian's story begins when Brian's parents decide to move from an inner-city life in the East End of London to the leafy Berkshire countryside. This move changed his life completely for the better and together with a band of characterful friends he enjoyed all the freedoms the

countryside had to offer. Life was certainly good, full of long summer days, fishing and many exciting adventures that would often get him into trouble. These stories are full of the love and passion he had for angling, for sport, and especially for pop music recalling many of his favourite records of the time. Interspersed with hilarious anecdotes, as well as poignant family moments. He shares his views on the great historical events of the 60s headlining the news at the time. These stories provide the reader with a nostalgic journey through the 1960s and describes everything wonderful about growing up at that time. A funny, warm and light-hearted read.

A unique field guide and reference, Where to Watch Birds in South America is designed to help the avid birder and the general wildlife enthusiast organize eventful journeys throughout the richest continent for birds, where the species number over three thousand. This book covers more than two hundred of the best sites for birdwatching, and includes the archipelagos of Trinidad and Tobago, the Galapagos and Falkland Islands, the Netherland Antilles, and part of Antarctica. The reader will find details of every species that is endemic to particular countries, and will learn where and when best to see such birds as the scarlet ibis, Andean condor, harpy eagle, sunbittern, macaw, toucan, jacamar, antbird, and cotinga. The text is enhanced by nearly one hundred maps and fifty line drawings. There are even hints as to where species not seen for decades may be rediscovered. This guide begins with an introduction to the continent and its birds then deals with particular countries and archipelagos. The site details include bird lists, a list of other wildlife present, and the latest advice on where to look for birds. For the traveler, there is information on transport, accommodations, safety, and health, and answers to various strategic questions: Which countries support the most species? How many sites must be visited to see most of them? How long does this take? When is the best time to go? Whether a first-time visitor to South America or a seasoned traveler there, the reader will find this guide immensely useful in making the most out of the trip. Originally published in 1994. Compiled by a leading scholar of Chinese poetry, Clouds Thick, Whereabouts Unknown is the first collection of Chan (Zen) poems to be situated within Chan thought and practice. Combined with exquisite paintings by Charles Chu, the anthology compellingly captures the ideological and literary nuances of works that were composed, paradoxically, to "say more by saying less," and creates an unparalleled experience for readers of all backgrounds. Clouds Thick, Whereabouts Unknown includes verse composed by monk-poets of the eighth to the seventeenth centuries. Their style ranges from the direct vernacular to the evocative and imagistic. Egan's faithful and elegant translations of poems by Han Shan, Guanxiu, and Qiji, among many others, do justice to their perceptions and insights, and his detailed notes and analyses unravel centuries of Chan metaphor and allusion. In these gems, monk-poets join mainstream ideas on poetic function to religious reflection and proselytizing, carving out a distinct genre that came to influence generations of poets, critics, and writers. The simplicity of Chan poetry belies its complex ideology and sophisticated language, elements Egan vividly explicates in his religious and literary critique. His interpretive strategies enable a richer understanding of Mahayana Buddhism, Chan philosophy, and the principles of Chinese poetry.

Both books in one collection Black Tiger While Raja Asoka (Ash) Bhosle fights tiger poachers, Dr. Sally Carter struggles against cultural prejudice. Can the Legend of the Black Tiger be the bond that brings them closer together, or will it be an impossible belief that rips them apart. The closer Sally comes to understanding what the legend means, the more frequent the nightmares become. Is she losing her sanity, or is there more to Sally than she herself knows? The answers lie buried in her past. White Tiger New York is no place for a tiger - not for weretiger Sally Carter or for the white tiger she finds in a Harlem basement, guarding an enormous stash of heroin. Sally's daring rescue of the tiger attracts journalist Dave Gardner, who sniffs a story and a lead to a drug baron he's been trying to nail for years. Both books are paranormal stories in a modern setting, moving from India to Hong Kong and Australia for Black Tiger, while White Tiger takes place in New York and North Carolina. Action, adventure, weretigers - and, of course, tigers.

Reptiles and Amphibians of Australia is a complete guide to Australia's rich and varied herpetofauna, including frogs, crocodiles, turtles, tortoises, lizards and snakes. For each of the 1218 species there is a description of its appearance, distribution and habits. These descriptions are also accompanied by distribution maps and, in many cases, one of the book's more than 1000 colour photographs of living animals. The book also includes 130 simple-to-use dichotomous keys, accompanied by hundreds of explanatory drawings, that in most cases allow a specimen in hand to be identified. In addition, it has a comprehensive list of scientific references for those wishing to conduct more in-depth research, an extensive glossary, and basic guides to the collection, preservation and captive care of specimens. This classic work was originally published in 1975. The updated seventh edition contains a new Appendix that discusses recent changes and lists over 80 new or resurrected species and genera that have been added to the Australian frog and reptile fauna since the 2014 edition.

In the early winter, the ancient town, which looked a little depressed, was bleak with the cold wind, and a cool breeze blew, and several bright red maple leaves fell from the air, swirling along the dry and pale slate with the breeze, which was particularly bleak. The sunshine in early winter is a little shabby, shooting down from the air, bringing a little warmth to this cold winter.

'He was described as being the size of a bull-buffalo, with a belly that reached the ground and a white moon between his ears, true tokens of the man-eater, as every native of India knows. He was said to have the power of assuming different shapes and to lure his prey by the imitation of a human voice...' From 'The White Tiger' by Alice Perrin. Selected and edited by Ruskin Bond, this collection of eerie stories is sure to set your nerves racing. Read about an unconquerable, seemingly supernatural man-eater in 'The White Tiger'; The narrator's perilous journey in a dilapidated coach in 'The Phantom Coach'; Sherlock Holmes' investigation of how a speckled band and a whistle is connected to a mysterious death in 'The Adventure of the Speckled Band' and Bond's own encounter with a Jinn in 'The Trouble with Jinns'.
