For developing front end of the Hostel management system Visual Basic 6.0 has been used and MS Access has been used for its back-end.Hostel management system - 123projectlabShiva Prasad October 16,

2017. Project Report on Hostel Management System : The hostel management system is the system that manages the details of the students staying in the hostel, admission details, staffs details, visitor's messages and the receipt of the fees paid by the students. It will be one of the important projects that will simplify the work of the institutions in getting the seats booked in the hostels with great ease. Project Report on Hostel Management System - Student ... This Hostel Management System is a student project developed by Diploma students to manage all activities related to a hostel. Mainly this maintains hostel records of the students and it helps hostel warden to save the records of the students about their rooms, billing details, mess bill and other things. Also it helps to find the record of the students, manages multiple hostels and room allotment details and the information of about who had left the hostel three years before. Hostel Management System in Visual Basic The Software Requirements Specification (SRS) will provide a detailed description of the requirements for the Hotel Management System (HMS). This SRS will allow for a complete understanding of what is to be expected of the HMS to be constructed. Software Requirements Specification (SRS) Template The online hostel management system is web based software to provide college students accommodation to the university hostel more efficiently. This project also keeps details of the hostellers and applied students. It is headed by Warden. He will be the administrator. ONLINE HOSTEL MANAGEMENT SYSTEM verification, Common Access System to Library, Stores etc through Smart Card, Interface to check stock register and status of purchase etc. 2. Infrastructure Facilities and Transportation : Student hostel/room allocation, Hostel management, Guesthouse management, Apartment/Quarter allocation and management, Managing the booking of Software Requirements Specification for a Management ...
