The Loner intends to see justice served--until he realizes the line between good and evil is often blurred. Vengeance Is A Dangerous Game. . . Using an old cannon that once belonged to Napoleon's army, an outlaw gang has been bringing trains to a halt and then robbing them. Now Edward Sheffield--one of the owners of the railroad--wants to hire Conrad Morgan, known as The Loner, to wipe the gang off the map. The Loner isn't interested, especially when Sheffield's hot-blooded wife tries to seduce him into going after the gang's leader, Gideon Black--a renegade ex-colonel-turned-outlaw. But when the gang turns their big gun on a town, killing several innocent people, The Loner has to choose sides. The best way to take them out? Become one of them. And that's when The Loner uncovers some unsavory secrets--and finds himself caught between the middle of two ruthless forces. . .

This book covers the basic probability of distributions with an emphasis on applications from the areas of investments, insurance, and engineering. Written by a Fellow of the Casualty Actuarial Society and the Society of Actuaries with many years of experience as a university professor and industry practitioner, the book is suitable as a text for senior undergraduate and beginning graduate students in mathematics, statistics, actuarial science, finance, or engineering as well as a reference for practitioners in these fields. The book is particularly well suited for students preparing for professional exams, and for several years it has been recommended as a textbook on the syllabus of examinations for the Casualty Actuarial Society and the Society of Actuaries. In addition to covering the standard topics and probability distributions, this book includes separate sections on more

specialized topics such as mixtures and compound distributions, distributions of transformations, and the application of specialized distributions such as the Pareto, beta, and Weibull. The book also has a number of unique features such as a detailed description of the celebrated Markowitz investment portfolio selection model. A separate section contains information on how graphs of the specific distributions studied in the book can be created using Mathematica™. The book includes a large number of problems of varying difficulty. An instructor's manual with complete solutions to all the problems as well as supplementary material and a student manual with solutions to selected problems are available.

Book Two in the powerfully addictive fantasy series The Foundling, perfect for fans of Ilona Andrews, Jenn Stark and Helen Harper The bayou is burning, the battle is just beginning - and Luce Boudreau is smack in the middle of no-man's land . . . Life as a cop in Canton Town, Mississippi, is never dull - particularly when hiding deep within you is a demon bent on the apocalypse. Luce is doing her best to pretend her two worlds aren't crashing into each other, but what should be a routine arson investigation takes a shocking turn when Luce discovers a link between the suspects and her own dark secrets. There's no turning back, even though her search for the truth threatens to burn her old life down around her. Lines are being drawn in a war Luce barely understands, and she just might be on the wrong side of them. Now she must embrace her powerful destiny, or the ones she loves most will pay the ultimate price. Readers LOVE Hailey Edwards: 'Edwards creates amazing fantasy worlds' - (Goodreads reviewer) 'A fantasy of a five-star read!' (Amazon reviewer) 'Hailey Edwards has exceeded all expectation' (Goodreads) 'Well-plotted fantasy with intriguing characters, heart-pounding action, suspenseful intrigue and subtle romance' (RT Book Reviews) 'Edwards has this way of writing that makes you feel like the narrator is talking to you and that you're old friends' (Goodreads) 'The world building is fresh . . . The characters are well-drawn and easy to root for. And the romance really hits the spot' (Red Hot Books) 'She builds dynamic character bases, using common mythology but takes it one step further using previously unseen species or imbibing currently known species with skills and know how that offers readers something new in the paranormal world' (Smexybooks)

"The Justice Killer There's a twisted serial killer stalking the streets of New York City, dealing his own perverse version of justice. He kills swiftly and silently, leaving his calling card--a red "J"--on the bodies of his prey. His victims have one thing in common: they've all been jurors in the city's most infamous cases--cases in which the killer was found "not guilty." Overnight, the Justice Killer has the

city in a stranglehold. And there's only one man who has a shot at finding him . . . Homicide detective Artemis Beam made his reputation hunting down serial killers. After getting shot by an armed robber--and stepping on the wrong toes in the NYPD--he's been retired. The city needs him now, and finding the killer is his chance to get back into the life he loves. As the body count climbs and the city's legal system fails, the Justice Killer thinks he's outsmarted the cops. But Beam isn't officially a cop anymore . . . and he doesn't have to play by the rules . . .

Two BFFs spying late at night...what could possibly go wrong? Ashley's dad moved out and now she's stuck dealing with her overprotective mother. And, if that wasn't bad enough, her dad's friend appears to now be interested in her mom. Ashley's dad is working undercover, like he's done a million times before, but Ashley can't shake the feeling that he's hiding something. She enlists her best friend, Brienne, to help her spy on him. While out with Brienne, Ashley meets Trent. She falls for him, but soon learns that he, like her father, has something to hide, and it's not long before Brienne and Ashley are spying on Trent, as well. And they don't like what they see. It isn't until Ashley's life is on the line that she gets answers to her questions and in the process learns the ultimate life truth--that things aren't always what they seem.

They came from the sea, a former ship captain named Owen Bird who inherited a Texas ranch from his brother. A former pirate named "Black Terrance" Malone, who has arrived in the once peaceful Rattlesnake Valley with a crew of sea dogs to do his dirty work. And dirty work it will be, as Black Terrance begins a campaign of thieving and threatening, even targeting Bird's beautiful young niece. Into this storm rides the Loner, Conrad Morgan, son of the legendary gunfighter Frank Morgan. The Loner sees what no one else does, a war born on the high seas and a third party is biding his time, waiting to strike a death blow on solid, bloody ground.

Too hip to be square. Shape up with this mind-blowing set that--quite honestly--we didn't even know was possible until our editors discovered the exquisite artwork of Heinz Strobl's Snapology Project. Inspired by his work, our designers have created Geometric Origami, a new, sophisticated origami kit for advanced origami artists. Create 15 paper projects using the specially designed strips included in the set: Tetrahedron, Hexahedron, Octahedron, Dodecahedron, Icosahedron, Truncated Tetrahedron, Cuboctahedron, Icosidodecahedron, Rhombic Triacontahedron, Snub Dodecahedron, Zonohedron, and Buckyballs. Don't worry--there's even a few pronounceable shapes like an Egg and a Geometric Bracelet, plus more surprises. (We would include them here, but we're still looking up their proper spellings.) * Gain a whole new perspective on geometry and the world of origami. * Great fun for the entire family--or for your local geometry professor. Geometric Origami offers the next generation of art and paper crafting for origami enthusiasts.

Into the scheming, backstabbing political gamesmanship of the back rooms of power comes a charmingly naive girl of irrepressible good will and optimism. Brought up in the isolated and deeply conservative surroundings of a distant Swiss boarding school, the lovely young Zoe Quincannon instantly becomes a sought after prize and pawn by the jaded moneyed set which inhabits the corridors of national politics. Fascinated by her innocence and beguiled by her youth and beauty, men and women alike will seduce her with cunning words, and rouse her body to insatiable levels of want and need. But however they bind her body or mind, her gentle innocence remains.
