[7.5.4 periodic table Flashcards | Quizlet](#) Teaching Transparency The Periodic TableSetting the Table. One way to teach the periodic table is to make it into a table-setting exercise; this is perhaps best for children ages 8 to about 10. Make a grid for the periodic table with about half-inch squares, and put it on the wall, ideally over a sheet of ferrous metal. Then, using blank refrigerator magnet material...Fun Ways to Teach Periodic Table | SciencingTeaching Transparency Worksheet 18 The Periodic Table Answers.
