ANGELIQUE MARISOL

[The Cambridge Companion to Gadamer](#) Granta Books

An accessible, comprehensive, and high quality companion to legal philosophy written by a stellar cast of international contributors.

The Cambridge Companion to Levinas Cambridge University Press

This authoritative Companion to the theologian Paul Tillich provides an accessible account of the major themes in his diverse theological writings. It embodies and develops recent renewed interest in Tillich's theology and reaffirms him as a major figure in today's theological landscape.

Of Spirit Cambridge University Press

Modern Jewish philosophy emerged in the seventeenth century, with the impact of the new science and modern philosophy on thinkers who were reflecting upon the nature of Judaism and Jewish life. This collection of essays examines the work of several of the most important of these figures, from

the seventeenth to the late-twentieth centuries, and addresses themes central to the tradition of modern Jewish philosophy: language and revelation, autonomy and authority, the problem of evil, messianism, the influence of Kant, and feminism. Included are essays on Spinoza, Mendelssohn, Cohen, Buber, Rosenzweig, Fackenheim, Soloveitchik, Strauss, and Levinas. Other thinkers discussed include Maimon, Benjamin, Derrida, Scholem, and Arendt. The sixteen original essays are written by a world-renowned group of scholars especially for this volume and give a broad and rich picture of the tradition of modern Jewish philosophy over a period of four centuries.

The Cambridge Heidegger Lexicon Cambridge University Press

A Companion to Phenomenology and Existentialism is a complete guide to two of the dominant movements of philosophy in the twentieth century. Written by a team of leading scholars, including Dagfinn Føllesdal, J. N. Mohanty, Robert Solomon, Jean-Luc Marion Highlights the area of overlap between the two movements Features longer essays discussing each of the main schools of thought, shorter essays introducing prominent themes, and problem-oriented chapters Organised topically, around concepts such as temporality, intentionality, death and nihilism

Features essays on unusual subjects, such as medicine, the emotions, artificial intelligence, and environmental philosophy

[A Companion to Heidegger](#) John Wiley & Sons

A convenient and accessible guide to Levinas, first published in 2002, which emphasises the interdisciplinary significance of his work.

The Cambridge Companion to Hannah Arendt Cambridge University Press

A comprehensive guide to Foucault, from his early work on madness to his history of sexuality.

Being and Time Cambridge University Press

Heidegger's Being and Time: Critical Essays provides a variety of recent studies of Heidegger's most important work. Twelve prominent scholars, representing diverse nationalities, generations, and interpretive approaches deal with general methodological and ontological questions, particular issues in Heidegger's text, and the relation between Being and Time and Heidegger's later thought. All of the essays presented in this volume were never before available in an English-language anthology. Two of the essays have never before been published in any language

(Dreyfus and Guignon); three of the essays have never been published in English before (Grondin, Kisiel, and Thomä), and two of the essays provide previews of works in progress by major scholars (Dreyfus and Kisiel).

The Cambridge Companion to Paul Tillich Cambridge University Press

Providing a balanced view of Sartre's philosophy in relation to contemporary trends in Continental philosophy, this volume shows that many of the topics associated with Lacan, Foucault, Levi-Strauss, and Derrida are to be found in the work of Sartre, in some cases as early as 1936.

The Cambridge Companion to Heidegger Cambridge University Press

This 1992 volume is a systematic and comprehensive account of the full range of Kant's writings for the student and advanced scholar alike.

The Cambridge Companion to Kant Cambridge University Press

The significance of Friedrich Nietzsche for twentieth century culture is now no longer a matter of dispute. He was quite simply one of the most influential of modern thinkers. The opening essay of this 1996 Companion provides a chronologically organised introduction to and summary of Nietzsche's published works, while also providing an overview of their basic themes and concerns. It is followed by three essays on the appropriation and misappropriation of his writings, and a group of essays exploring the nature of Nietzsche's philosophy and its relation to the modern and post-modern world. The final contributions consider Nietzsche's influence on the twentieth century in Europe, the USA, and Asia. New readers and non-specialists will find this the most convenient, accessible guide to Nietzsche currently available. Advanced students and specialists will find a conspectus of recent developments in the interpretation of Nietzsche.

The Cambridge Companion to Heidegger John Wiley & Sons

Martin Heidegger (1889–1976) was one of the most original thinkers of the twentieth century. His work has profoundly influenced philosophers including Jean-Paul Sartre, Simone de Beauvoir, Maurice Merleau-Ponty, Michel Foucault, Jacques Derrida, Hannah Arendt, Hans-Georg Gadamer, Jürgen Habermas, Charles Taylor, Richard Rorty, Hubert Dreyfus, Stanley Cavell, Emmanuel Levinas, Alain Badiou, and Gilles Deleuze. His accounts of human existence and being and his critique of technology have inspired theorists in fields as diverse as theology, anthropology, sociology, psychology, political science, and the humanities. This Lexicon provides a

comprehensive and accessible guide to Heidegger's notoriously obscure vocabulary. Each entry clearly and concisely defines a key term and explores in depth the meaning of each concept, explaining how it fits into Heidegger's broader philosophical project. With over 220 entries written by the world's leading Heidegger experts, this landmark volume will be indispensable for any student or scholar of Heidegger's work.

The Cambridge Companion to Habermas University of Chicago Press

These essays demonstrate the contemporary vitality of existential thought, engaging critically with the main concepts and figures of existentialism.

The Cambridge Companion to Heidegger's Being and Time Cambridge University Press

Publisher Description

The Cambridge Companion to Sartre Cambridge University Press

The Cambridge Companion to Hegel and Nineteenth-Century Philosophy examines Hegel within his broader historical and philosophical contexts. Covering all major aspects of Hegel's philosophy, the volume provides an introduction to his logic, epistemology, philosophy of mind, social and political philosophy, philosophy of nature and aesthetics. It includes essays by an internationally recognised team of Hegel scholars. The volume begins with Terry Pinkard's article on Hegel's life, a conspectus of his biography on Hegel. It also explores some topics much neglected in Hegel scholarship: such as Hegel's hermeneutics and relationship to mysticism. Aimed at students and scholars of Hegel, this volume will be essential reading for anyone interested in nineteenth-century philosophy. The bibliography includes the most important English-language literature on Hegel written in the last fifteen years.

The Cambridge Companion to Foucault Cambridge University Press

The Blackwell Companion to Heidegger is a complete guide to the work and thought of Martin Heidegger, one of the most influential philosophers of the twentieth century. Considers the most important elements of Heidegger's intellectual biography, including his notorious involvement with National Socialism Provides a systematic and comprehensive exploration of Heidegger's work One of the few books on Heidegger to cover his later work as well as Being and Time Includes key critical responses to Heidegger's philosophy Contributors include many of the leading interpreters

of, and commentators on, the work of Heidegger

The Cambridge Companion to Existentialism Cambridge University Press

The contributions to this volume, written by leading scholars in the field of Heidegger research, offer close readings of Heidegger's texts and provide sound orientation in the field of contemporary Heidegger research. They show how the different trajectories of Heidegger's thought all converge at one point: the question of Being.

The Cambridge Companion to Simone de Beauvoir Cambridge University Press

Jürgen Habermas is unquestionably one of the foremost philosophers writing today. His notions of communicative action and rationality have exerted a profound influence within philosophy and the social sciences. This volume examines the historical and intellectual contexts out of which Habermas' work emerged, and offers an overview of his main ideas, including those in his most recent publications. -- Publisher description.

The Cambridge Companion to Kierkegaard Cambridge University Press

This Companion contains specially commissioned essays addressing Malebranche's thought comprehensively and systematically.

A Companion to Phenomenology and Existentialism Bloomsbury Publishing

Heidegger is perhaps the most influential, yet least readily understood, philosopher of the last century. Mark A. Wrathall unpacks Heidegger's dense prose and guides the reader through Heidegger's early concern with the nature of human existence and his later preoccupation with the threat that technology poses to our ability to live worthwhile lives. Wrathall pays particular attention to Heidegger's revolutionary analysis of human existence as inextricably shaped by a shared world. This leads to an exploration of his views on the banality of public life and the possibility of authentic anticipation of death as a response to that banality. Wrathall reviews Heidegger's scandalous involvement with National Socialism, situating it in the context of his views about the movement of world history. He also explains Heidegger's important accounts of truth, art and language. Extracts are taken from Heidegger's magnum opus, Being and Time, as well as a variety of his best-known essays and lectures.

Pathmarks Newcomb Livraria Press

Accessible guide to Kierkegaard available serving as a reference to students and non-specialists.
