**On the Shortness of Life** Wilfrid Laurier Univ. Press

Epictetus, a Greek stoic and freed slave, ran a thriving philosophy school in Nicropolis in the early second century AD. His animated discussions were celebrated for their rhetorical wizardry and were written down by Arrian, his most famous pupil. Together with the Enchiridion, a manual of his main ideas, and the fragments collected here, The Discourses argue that happiness lies in learning to perceive exactly what is in our power to change and what is not, and in embracing our fate to live in harmony with god and nature. In this personal, practical guide to the ethics of stoicism and moral self-improvement, Epictetus tackles questions of freedom and imprisonment, illness and fear, family, friendship and love, and leaves an intriguing document of daily life in the classical world.

**On Suicide** Penguin UK

'It is impossible to live the pleasant life without also living sensibly, nobly and justly' The ancient Greek philosopher and teacher Epicurus argued that pleasure - not sensual hedonism, but the absence of pain or fear - is the highest goal of life. His hugely influential lessons on happiness are a call to appreciate the joy of being alive. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

**On Solitude** Penguin UK

The works of Friedrich Nietzsche have fascinated readers around the world ever since the publication of his first book more than a hundred years ago. As Walter Kaufmann, one of the world's leading authorities on Nietzsche, notes in his introduction, "Few writers in any age were so full of ideas," and few writers have been so consistently misinterpreted. The Portable Nietzsche includes Kaufmann's definitive translations of the complete and unabridged texts of Nietzsche's four major works: Twilight of the Idols, The Antichrist, Nietzsche Contra Wagner and Thus Spoke Zarathustra. In addition, Kaufmann brings together selections from his other books, notes, and letters, to give a full picture of Nietzsche's development, versatility, and inexhaustibility. "In this volume, one may very conveniently have a rich review of one of the most sensitive, passionate, and misunderstood writers in Western, or any, literature." —Newsweek

**366 Meditations on Wisdom, Perseverance, and the Art of Living** Penguin

Lucius Annaeus Seneca (4 BCE–65 CE) was a Roman Stoic philosopher, dramatist, statesman, and adviser to the emperor Nero, all during the Silver Age of Latin literature. The Complete Works of Lucius Annaeus Seneca is a fresh and compelling series of new English-language translations of his works in eight accessible volumes. Edited by world-renowned classicists Elizabeth Asmis, Shadi Bartsch, and Martha C. Nussbaum, this engaging collection restores Seneca—whose works have been highly praised by modern authors from Desiderius Erasmus to Ralph Waldo Emerson—to his rightful place among the classical writers most widely studied in the humanities. Anger, Mercy, Revenge comprises three key writings: the moral essays On Anger and On Clemency—which were penned as advice for the then young emperor, Nero—and the Apocolocyntosis, a brilliant satire lampooning the end of the reign of Claudius. Friend and tutor, as well as philosopher, Seneca welcomed the age of Nero in tones alternately serious, poetic, and comic—making Anger, Mercy, Revenge a work just as complicated, astute, and ambitious as its author.

**To Lucilius** Legare Street Press

The "H" in the H factor stands for "Honesty-Humility," one of the six basic dimensions of the human personality. People who have high levels of H are sincere and modest; people who have low levels are deceitful and pretentious. It isn't intuitively obvious that traits of honesty and humility go hand in hand, and until very recently the H factor hadn't been recognized as a basic dimension of personality. But scientific evidence shows that traits of honesty and humility form a unified group of

personality traits, separate from those of the other five groups identified several decades ago. This book, written by the discoverers of the H factor, explores the scientific findings that show the importance of this personality dimension in various aspects of people's lives: their approaches to money, power, and sex; their inclination to commit crimes or obey the law; their attitudes about society, politics, and religion; and their choice of friends and spouse. Finally, the book provides ways of identifying people who are low in the H factor, as well as advice on how to raise one's own level of H.

**The First Ten Books** Penguin UK

Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives—and destroyed them. Now, Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers, and each volume is beautifully packaged with a unique type-drive design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world. The Stoic writings of the philosopher Seneca, who lived from c. 5 BC to AD 65, offer powerful insights into the art of living, the importance of reason and morality, and continue to provide profound guidance to many through their eloquence, lucidity and timeless wisdom. This selection of Seneca's orks was taken from the Penguin Classics edition of Dialogues and Letters, translated by C.D.N. Costa, and includes the essays On the Shortness of Life, Consolation to Helvia, and On Tranquility of Mind.

**An English Translation With Introductory Study on Stoicism and the Last of the Stoics** Penguin UK

A Penguin Great Ideas edition of Stoic philosophy in wise and practical aphorisms that have inspired Bill Clinton, Ryan Holiday, Anna Kendrick and many more. Few ancient works have been as influential as the Meditations of Marcus Aurelius, philosopher and emperor of Rome (A.D. 161–180). A series of spiritual exercises filled with wisdom, practical guidance, and profound understanding of human behavior, it remains one of the greatest works of spiritual and ethical reflection ever written. Marcus's insights and advice—on everything from living in the world to coping with adversity and interacting with others—have made the Meditations required reading for statesmen and philosophers alike, while generations of ordinary readers have responded to the straightforward intimacy of his style. For anyone who struggles to reconcile the demands of leadership with a concern for personal integrity and spiritual well-being, the Meditations remains as relevant now as it was two thousand years ago. Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives—and destroyed them. **Tao Te Ching** Penguin

A selection of writings on how to achieve a more ethical society and way of life, from one of Ancient history's most celebrated thinkers How can one live well in the world? What does it mean to be happy? In this selection from The Nicomachean Ethics, Aristotle probes the nature of happiness and virtue in a quest to divine an ethical value system. Exploring ideas of community, responsibility, courage, friendship, agency, reasoning, desire and pleasure, these are some of the most profound

and lasting ancient writings on the self to have influenced Western thought. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives--and upended them. Now Penguin brings you a new set of the acclaimed Great Ideas, a curated library of selections from the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

*One Swallow Does Not Make a Summer* Penguin UK

The Roman statesman and philosopher Seneca (4 BCE–65 CE) recorded his moral philosophy and reflections on life as a highly original kind of correspondence. Letters on Ethics includes vivid descriptions of town and country life in Nero's Italy, discussions of poetry and oratory, and philosophical training for Seneca's friend Lucilius. This volume, the first complete English translation in nearly a century, makes the Letters more accessible than ever before. Written as much for a general audience as for Lucilius, these engaging letters offer advice on how to deal with everything from nosy neighbors to sickness, pain, and death. Seneca uses the informal format of the letter to present the central ideas of Stoicism, for centuries the most influential philosophical system in the Mediterranean world. His lively and at times humorous expositions have made the Letters his most popular work and an enduring classic. Including an introduction and explanatory notes by Margaret Graver and A. A. Long, this authoritative edition will captivate a new generation of readers.

*On the Nature of War* Penguin UK

"A witty, learned, authoritative survey of philosophical thought." —The New York Times Book Review The first authoritative and accessible single-volume history of philosophy to cover both Western and Eastern traditions, from one of the world's most eminent thinkers The story of philosophy is an epic tale, spanning civilizations and continents. It explores some of the most creative minds in history. But not since the long-popular classic by Bertrand Russell, *A History of Western Philosophy*, published in 1945, has there been a comprehensive and entertaining single-volume history of this great, intellectual, world-shaping journey. With characteristic clarity and elegance, A. C. Grayling takes the reader from the age of the Buddha, Confucius, and Socrates through Christianity's capture of the European mind, from the Renaissance and Enlightenment on to Mill, Nietzsche, Sartre and, finally, philosophy today. Surveying in tandem the great philosophical traditions of India, China, and the Persian-Arabic world, and astonishing in its range and accessibility, Grayling's *The History of Philosophy* is destined to be a landmark work.
