Ready, Set, Lead! Libraries Unlimited
 One year after opening her first company, Davielle Jackson, at the young age of twenty-six, was partnered with Walmart, a retail giant, which is deemed impossible. It was at that point that she decided she wanted full control over her own life, her own destiny, and wanted to make her own money. With that noted, she dropped out of medical school, resigned from her job, and followed her passions and dreams. In 2016 she was awarded Entrepreneur of the Year and graced the cover of the Atlanta Business Journal, leaving her mark in history as being one of the youngest to achieve both. Being approached by an overwhelming amount of people asking how she accomplished these things at such a young age and in such a short amount of time prompted Davielle to write *Ready, Set, Go!* Always being in negotiations for new business ventures and the formation of new companies didn't leave time to address everyone's questions, so she decided to instead give them the green print. *Ready, Set, Go!* is the green

print to her success. This is Jackson's way of paying it forward and inspiring others to live their dreams and live for themselves while also being financially free.

Ready, Set, Learn Teacher Created Materials

A gold mine of practical, easy-to-use teaching methods, strategies, and tips to improve learning outcomes for students who score below proficiency levels. This fully revised and updated third edition of *Teaching Kids with Learning Difficulties in Today's Classroom* provides information on integrated learning, problem solving, and critical thinking in line with Common Core State Standards and 21st-century skills. It reflects the use of technology and schoolwide cluster grouping in support of all students and includes proven, practical, classroom-tested strategies and step-by-step instructions for how to use them. Sidebars throughout highlight special information for working with students on the autism spectrum; "tech tips" describe technologies that are especially useful for kids with LD. Digital content includes all of the book's customizable forms, additional content organization charts, and a PDF presentation for book study groups and professional development.

#1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club “Delightful . . . the grown-up’s Harry Potter.”—HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”—CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader.”—Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that’s both hilarious and compassionate.”—NPR “[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own.”—iO9

For the majority of students, the skills and work habits crucial to successful learning are not in place when they arrive at the school door. These skills must be explicitly taught by teachers who recognize the unique learning styles, preferences, and interests of their students. *Ready, Set, Learn* focuses on the importance of encouraging students to set their own learning goals and persevere to achieve them. It illustrates ways in which every lesson can be an opportunity for students to develop the skills and strategies they need in order to learn. Along with organizers, prompts, and specific activities, this timely book presents new ways to plan lessons that explicitly teach key learning skills, including organization, collaboration, communication, independence, memory, and initiative. This remarkable book shows how incorporating learning strategies into everyday work will improve students achievement, and create responsible, independent learners.

Keith Moon was more than just rock's greatest drummer, he was also its greatest character and wildest party animal. Fuelled by vast quantities of drink, drugs, insecurities and confusion, Moon destroyed everything with gleeful abandon: drum kits, houses, cars, hotels, relationships and, finally, himself. In *Dear Boy*, Tony Fletcher has captured lightning in a bottle - the essence of a totally incorrigible yet uniquely generous boy who never grew up, and who changed the lives of all who knew him. From a life distorted by myths of debauchery and comic anarchy, Fletcher has created a searingly personal portrait of the rock legend. From over 100 first-hand interviews, he traces with deadly accuracy Moon's remarkable journey from his working-class Northwest London childhood, through the Who's glory years to the California high-life and a terrible, premature death. Here too are fascinating insights into the history of the Who and the emergent British pop culture revolution of post-war years. Keith Moon was one of the shock troops of that revolution: the world's greatest rock drummer, a phenomenal character and an extravagant hell-raiser who - in a final, uncharacteristic act of grace - actually did die before he got old.
