The Book of
the Art of
Cennino

Cennini
Forgotten
Books

This work has
been selected
by scholars as
being
culturally
important,

and is part of
the knowledge
base of
civilization as
we know it.
This work was
reproduced
from the
original

artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States,

you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate

your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Practical Treatise on Drawing

Nabu Press
This book is a guide to painting in three parts; composition, chiaroscuro, and color. It includes tips and tricks from some of the most famous and admired painters from the Italian, Venetian, Flemish, and

Dutch schools. This book is an important resource for aspiring painters and art lovers. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity

(individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Practical Treatise on the

Manufacture of Colors for Painting

Forgotten Books

A Translated version of the Art of Cennino Cennini. A contemporary practical treatise on Quattrocento Painting, including notes on medieval methods, and early explanations of oil painting and other techniques.

The Book of the Art of Cennino Cennini

Legare Street Press

This work has been selected by scholars as

being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. A Practical Treatise on Drawing and on Painting in Water Colours

Literary Licensing, LLC
This Is A New Release Of The Original 1899 Edition.
A practical treatise on painting ... Consisting of hints on composition, chiaroscuro, and colouring. The whole illustrated by examples from the Italian, Venetian, Flemish, and

Dutch Schools
... New edition
 Gale Ecco,
 Print Editions
 Excerpt from
 A Practical
 Treatise on
 Painting: In
 Three Parts;
 Consisting of
 Hints on
 Composition,
 Chiaroscuro,
 and Colouring;
 The Whole
 Illustrated by
 Examples
 From the
 Italian,
 Venetian,
 Flemish and
 Dutch Schools
 The Plates
 hereto
 annexed were
 originally
 intended to
 illustrate the
 first part Of a
 Practical
 Essay on
 Painting,

which I have
 long had in
 contemplation
 to publish;
 'but have
 delayed, from
 year to year,
 from its
 interruption to
 my
 professional
 engagements,
 from doubts
 respecting its
 utility, and a
 love Of ease
 which, after
 the day's
 employment,
 suggests a
 more natural
 recreation
 than the
 investigation
 of an abstruse
 study: I now
 publish the
 plates with a
 few loose
 hints thrown
 together, in
 the hope Of

their being
 useful. Should
 they be
 thought of
 advantage to
 the younger
 students of
 painting, in
 directing their
 minds to a
 regular mode
 Of
 investigating
 the intricacies
 of the art, I
 shall follow
 them with
 others
 illustrative, in
 the first
 instance, of
 light and
 shade, and,
 ultimately, of
 the
 arrangement
 of colour. On
 the contrary,
 should the
 work not be
 considered a
 desideratum,

by publishing only a first part, I escape a heavy responsibility and expense - a tart to which I do not wish that either my vanity or my love for the fine arts should subject me. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten

Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are

intentionally left to preserve the state of such historical works. *A Practical Treatise on Painting* Legare Street Press This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning

process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

A Practical Treatise on

Drawing, and on Painting in Water Colours, with Illustrative Examples in Pencil, in Sepia, and in Water Colours, Leading the Pupil Progressively, from the First Rudiments, to the Completion of Works of Art in Their Finished State ; Comprehending the Treatment of Coast Scenery, River Scenery, and General Landscape

Routledge
The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest

archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum

in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. The titles here trace developments in mostly English-language works on painting, sculpture, architecture, music, theater, and other disciplines. Instructional works on musical instruments, catalogs of art objects, comic operas, and more are also included. ++++ The below data

was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T113234 A pirated edition, omitting the "perspective" of Bardwell's 'Practice of painting and perspective made easy' 1756. With a half-title. London: printed for B. and J. White, 1795. xvi,246p.; 8°

A Practical Treatise on the Manufacture of Colors for

Painting: Comprising the Origin, Definition, and Classification of Colors; The Treatment of the Legare Street Press Excerpt from The Book of the Art of Cennino Cennini: A Contemporary Practical Treatise on Quattrocento Painting Mrs. Merrifield's translation of Cennino's treatise, Il libro dell' Arte o Trattato della Pittura, the only English one existing until now, was made from Tambroni's

Italian edition of the manuscript he found in the Vatican, which was also used for the French edition by Mottez. This MS. of the eighteenth century is deficient in sixteen chapters which are to be found in the two earlier Florentine MSS., the Riccardiana and the Laurentiana. These are Nos. 162-177 inclusive. The translation is often very incorrect, owing perhaps to a want of practical

knowledge of the processes; but the style is pleasant, and I have kept as far as possible to the words I had grown accustomed to before I knew the original Italian. The recent German translation by Ilg is made from the Italian edition printed by the Milanese from the Florentine MSS. in 1859, and was corrected from the MSS. I have used the same Italian edition; and the German edition has

been a most valuable book of reference in translating difficult passages. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
