NEW YORK TIMES BESTSELLER In this
explosive new book, New York Times
bestselling author and president of
Judicial Watch Tom Fitton explains how

the Radical Left and the Deep State are trying to destroy the Trump presidency. Tom Fitton's first two New York Times bestselling books, *The Corruption Chronicles* and *Clean House*, exposed the hypocrisy and corruption of Obama's two terms. Now, in Fitton's latest investigative probe, he identifies the four major forces posing a continued threat to American democracy. *Deep State Efforts to Destroy the Trump Presidency: How the Democratic National Committee and the Clinton campaign paid for the fraudulent anti-Trump "Steele Dossier,"* and how it was used by the Obama FBI and DOJ to dupe the FISA Court to allow it to spy on the Trump presidential campaign AND President Trump. These and more dirty secrets of Obamagate and the impeachment coup attempt are

exposed. *Hillary Clinton Email Scandal: How the Clinton team and senior officials at the Obama State Department conspired to cover up Hillary Clinton's secret email system—and shocking revelations that tie the Obama White House to the cover-up!* *Voter Fraud: How Soros-funded groups attack states that seek to protect clean elections by challenging voter ID laws, and how the Left is cynically peddling COVID-19 crisis electoral "reforms,"* such as mail-in voting, which could increase voter fraud and election chaos. And shocking numbers about dirty voting rolls across the nation! *Illegal Immigration: How deadly illegal "sanctuary" policies are exploding across America, and how our nation's sovereignty has been under assault by radical open-border*

advocates. Subversive Deep State collaborators with ties to the Clinton and Obama machines not only launched countless—often illegal—operations to stop and then remove Trump, but even more alarmingly, are working to transform the United States into something truly unrecognizable to all who believe in liberty and the rule of law. Today one of their main targets is President Donald J. Trump. Tomorrow it could be you and anyone who believes in the US Constitution, believes the United States must have clearly defined and protected borders, believes in the need for a strong military, believes in the value of hard work and faith, and believes in the rule of law and American exceptionalism.

Strengthening Forensic Science in

the United States Bombardier Books
The 2016 Election, which altered American political history, was not decided by the Russians or in Ukraine or by Steve Bannon. The event that broke Hillary's blue wall in the Midwest and swung Florida and North Carolina was an October Surprise, and it was wholly a product of the leadership of the FBI. This is the inside story by the reporter closest to its center. In September 2016, Hillary Clinton was the presumptive next president of the US. She had a blue wall of states leaning her way in the Midwest, and was ahead in North Carolina and Florida, with a better than even shot at taking normally Republican Arizona. The US was about to get its first woman president. Yet within two months everything was lost. An already

tightening race saw one seismic correction: it came in October when the FBI launched an investigation into the Clinton staff's use of a private server for their emails. Clinton fell 3-4 percent in the polls instantly, and her campaign never had time to rebut the investigation or rebuild her momentum so close to election day. The FBI cost her the race. *October Surprise* is a pulsating narrative of an agency seized with righteous certainty that waded into the most important political moment in the life of the nation, and has no idea how to back out with dignity. So it doggedly stands its ground, compounding its error. In a momentous display of self-preservation, James Comey, Andrew McCabe, and key Justice Department officials decide to protect their own reputations rather than

save the democratic process. Once they make that determination, the race is lost for Clinton, who is helpless in front of their accusation even though she has not intended to commit, let alone actually committed, any crime. A dark true-life thriller with historic consequences set at the most crucial moment in the electoral calendar, *October Surprise* is a warning, a morality tale and a political and personal tragedy.

[The Left's Ongoing Attack on American Freedom](#) Post Hill Press

The FBI veteran behind the Russia investigation draws on decades of experience hunting foreign agents in the United States to lay bare the threat posed by President Trump.

A Path Forward Bombardier Books

The uproarious, bestselling true story of

the world's most sought-after con man, immortalized by Leonardo DiCaprio in DreamWorks' feature film of the same name, from the author of Scam Me If You Can. Frank W. Abagnale, alias Frank Williams, Robert Conrad, Frank Adams, and Robert Monjo, was one of the most daring con men, forgers, imposters, and escape artists in history. In his brief but notorious criminal career, Abagnale donned a pilot's uniform and copiloted a Pan Am jet, masqueraded as the supervising resident of a hospital, practiced law without a license, passed himself off as a college sociology professor, and cashed over \$2.5 million in forged checks, all before he was twenty-one. Known by the police of twenty-six foreign countries and all fifty states as "The Skywayman," Abagnale

lived a sumptuous life on the lam—until the law caught up with him. Now recognized as the nation's leading authority on financial foul play, Abagnale is a charming rogue whose hilarious, stranger-than-fiction international escapades, and ingenious escapes—including one from an airplane—make *Catch Me If You Can* an irresistible tale of deceit.

The Chickenshit Club DIANE Publishing
The plan was perfect. No cameras, no microphones, no prying eyes and plenty of security. The setting for a clandestine meeting could not have been better. Former President Bill Clinton exited Attorney General Loretta Lynch's private plane 20-minutes after he boarded. Both thought they got away with it. Both were wrong. Amid a heated

Presidential race, federal investigations involving emails and Benghazi and society looking for clarity on the future of the country, the secret tarmac meeting would only complicate things. The secret meeting would have never been revealed if it weren't for a veteran journalist and a trusted source. It wasn't the Emmys, Murrows or Associated Press Awards, it was decades of experience and relationships that led to the moment Christopher Sign broke the story of the secret tarmac meeting. His former teammates and coaches at the University of Alabama would play a personal and critical role after breaking the story. From politics to football, to friendship and journalism, this is the unfiltered story of the secret tarmac meeting. Christopher takes you

behind the scenes for a step by step account of how it all unfolded in the summer of 2016 on a blazing tarmac. Details revealed for the first time, the process, the questions of sabotage, the attempt at a coverup, the contradictions from Clinton & Lynch, and the source who saw it all. Take a ride and tackle THE SECRET ON THE TARMAC.

Compromised Courier Dover Publications
This is the final book in the One American's Opinion — For Patriots Who Love Their Country Trilogy. The first book was about President Obama's years in office. The second book covered the first year of the Trump presidency. This final book chronicles the current state of America, the Marxist destruction of American culture, and the power and control over America they desire. The

original colonists came to America to escape religious persecution, escape repression, and find better economic opportunity. If we lose America to the progressives and their Marxist based ideology, we will no longer have freedom of speech, freedom of religion, freedom from repression, or economic opportunity. Our cultural heritage, our philosophy of government, and our free market capitalist-based economy has made America the greatest civilization the world has ever known. We are in a fight for the soul of our democracy. Historically, throughout civilization, it has not been a question of whether a successful society can last forever but how long it can last. There is no society that has outlasted the test of time. The real question is when. America's future

existence is the crucial question for this book.

The Burglary Hachette UK

If you ask most Americans what they think about the FBI, they would tell you it's far and away the government agency they trust the most. The Bureau has, for decades, sold an image of itself as efficient, professional, unbiased, and untouchable by corruption. That portrait is a sham. Seamus Bruner and the Government Accountability Institute have spent years cataloging the widespread conflict-of-interests of the D.C. political class. They have found massive self-enrichment and political bias at the highest levels of government—including the Justice Department and the FBI. Indeed, the nation's most important law

enforcement agency has become so compromised that every major investigation should face intense scrutiny from the public, the media, and from Congress. James Comey, Robert Mueller, Andrew McCabe, and the rest of the recent FBI leadership should be forced to answer for the way the Bureau has abused the public trust under their watch.

A President Like No Other Celadon Books
Provides the guidelines the FBI uses in their operations, including protection of First Amendment rights, electronic surveillance, and acquisition of foreign intelligence.

Spygate Penguin

There are questions that the Mueller report couldn't -- or wouldn't -- answer. What instigated the Russia

investigation? Did President Trump's meddling incriminate him? There's no mystery to what Trump thinks. He claims that the Deep State, a cabal of career bureaucrats, is concerned only with protecting its own power and undermining the democratic process. Conversely, James Comey has defended the FBI as incorruptible apolitical public servants who work tirelessly to uphold the rule of law. James B. Stewart sifts these conflicting accounts to present a clear-eyed view of what happened inside the FBI in the lead-up to the 2016 election, drawing on scores of interviews with key FBI, Department of Justice, and White House officials and voluminous transcripts, notes, and internal reports. This is the saga of the FBI's simultaneous investigations of both

Hillary Clinton and Donald Trump. Stewart shows what was set in motion when Trump fired Comey, triggering the appointment of Robert Mueller as an independent special counsel and causing the FBI to open a formal investigation into the president himself. This unprecedented event joined in ongoing combat the presidency and the Federal Bureau of Investigation. There is no room for compromise, but plenty for collateral damage. Deep State goes beyond the limits of the legally constrained Mueller report, showing how the president's obsession with the idea of a conspiracy against him is still upending lives and sending shockwaves through both the FBI and the Department of Justice.

Congressional Record Cosimo, Inc.

“I’m proud of the fact that [...] we’re probably the first administration in modern history that hasn’t had a major scandal in the White House.” So President Barack Obama boldly declared before leaving office, and numerous times since. But is it true? Not according to Matt Margolis, bestselling co-author of *The Worst President in History: The Legacy of Barack Obama*. Margolis lays out the details of literally dozens of Obama administration scandals that have been ignored, downplayed, or covered-up by the mainstream media. From “Fast and Furious,” to the illegal IRS targeting of conservative groups, to the recent NSA spying outrage, Margolis makes a powerful case that the Obama years represented nearly a decade of lawless and abusive governance. While

Obama and his allies attempt to spin the narrative that his presidency represented a time of pristine politics, it's critically important that Americans understand the truth—Barack Obama brought to Washington corrupt Chicago-machine politics of cronyism and corporate payoffs, combined with audacious Alinskyite tactics aimed at dividing Americans and destroying his opponents. Obama's legacy will be discussed and debated for decades. But in the early months after he left office, more scandals have been uncovered—most notably an illegal scheme of using the NSA to spy on his political opponents and the frightening decision to block the prosecution of Iranian-backed terrorists. Far from being a virtuous New Camelot, the Obama

administration abused its power like few others.

Report Center Street

For the first time, the full, explosive record of the unthinkable: how a US president compromised American foreign policy in exchange for the promise of future business and covert election assistance. Looking back at this moment in history, historians will ask if Americans knew they were living through the first case of criminal conspiracy between an American presidential candidate turned commander in chief and a geopolitical enemy. The answer might be: it was hard to see the whole picture. The stories coming in from around the globe have often seemed fantastical: clandestine meetings in foreign capitals,

secret recordings in a Moscow hotel, Kremlin agents infiltrating the Trump inner circle... Seth Abramson has tracked every one of these far-flung reports and now in, *Proof of Collusion*, he finally gives us a record of the unthinkable—a president compromising American foreign policy in exchange for the promise of future business and covert election assistance. The attorney, professor, and former criminal investigator has used his exacting legal mind and forensic acumen to compile, organize, and analyze every piece of the Trump-Russia story. His conclusion is clear: the case for collusion is staring us in the face. Drawing from American and European news outlets, he takes readers through the Trump-Russia scandal chronologically, putting the

developments in context and showing how they connect. His extraordinary march through all the public evidence includes: —How Trump worked for thirty years to expand his real estate empire into Russia even as he was rescued from bankruptcy by Putin’s oligarchs and Kremlin agents. —How Russian intelligence gathered compromising material on him over multiple trips. —How Trump recruited Russian allies and business partners while running for president. —How he surrounded himself with advisers who engaged in clandestine negotiations with Russia. —How Trump aides and family members held secret meetings with foreign agents and lied about them. By pulling every last thread of this complicated story together, Abramson argues that—even

in the absence of a Congressional investigation or a report from Special Counsel Mueller—the public record already indicates a quid pro quo between Trump and the Kremlin. The most extraordinary part of the case for collusion is that so much of it unfolded in plain sight.

The Mueller Report Crown

Everyone has an opinion about whether or not Donald Trump colluded with the Russians to defeat Hillary Clinton in 2016. The number of actors involved is staggering, the events are complicated, and it's hard to know who or what to believe. Spygate bypasses opinion and brings facts together to expose the greatest political scandal in American history. Former Secret Service agent and NYPD police officer Dan Bongino joins

forces with journalist D.C. McAllister to clear away fake news and show you how Trump's political opponents, both foreign and domestic, tried to sabotage his campaign and delegitimize his presidency. By following the names and connections of significant actors, the authors reveal:

- Why the Obama administration sent a spy connected to the Deep State into the Trump campaign
- How Russians were connected to the opposition research firm hired by the Clinton campaign to find dirt on Trump
- How the FBI failed to examine DNC computers after they were hacked, relying instead on the findings of a private company connected to the DNC and the Obama administration
- Why British intelligence played a role in building the collusion narrative
- What

role Ukrainians played in legitimizing the perception that Trump was conspiring with the Russians • How foreign players in the two events that kickstarted the Trump-Russia collusion investigation were connected to the Clinton Foundation, and • What motivated the major actors who sought to frame the Trump campaign and secure a win for Hillary Clinton

Exposing Corruption in the Department of Justice Skyhorse Publishing Inc. Workplace Violence: Issues in Threat Management defines what workplace violence is, delves into the myths and realities surrounding the topic and provides readers with the latest statistics, thinking, and strategies in the prevention of workplace violence. The authors, who themselves have

implemented successful workplace violence protection programs, guide novice and experienced practitioners alike in the development of their own programs.

How Money and Politics Drive FBI Corruption Vintage

Popular radio host and conservative legal and political commentator Jordan Sekulow offers an action plan that will bring real change to government and help secure the future of our nation. The next red wave is coming: November 3, 2020. We face battles on many fronts. The Deep State bureaucracy will stop at nothing to undermine the conservative agenda, even when that's the agenda chosen by the American voter. The liberal bureaucracy will continue to work alongside former liberal government

officials from, yes, the Obama Administration and Team Clinton. In this election, the Left's prized goal - exclusively - will be defeating President Donald Trump by whatever means necessary. A red wave that surpasses the turnout and figures of the historic 2016 election will be the only way to win. Our opponents won't be caught off guard by President Trump again. I promise you, the DNC and liberal activists organizations began working on plans to defeat President Trump in 2020 before he was even inaugurated in 2017. In fact, we have evidence of FBI officials attempting to undermine President Trump as he was preparing to take the Oath of Office. So-called "progressives" and the radical Left relentlessly force their liberal agenda on the American

people. Even when Republican majorities control both houses of Congress, the deck can feel stacked against us. The confirmation hearings for Justice Kavanaugh are a good reminder about the chaos liberals can cause even when they are in the minority. Now, Democrats control the House of Representatives while Republicans maintain control of the U.S. Senate. We deserve better. All Americans deserve better. We deserve politicians who keep their promises. The only way to force action and hold our elected officials accountable is to know the issues and engage the political process. But it's more than just fulfilling our civic duty at the ballot box. It's being actively engaged in public discourse in between elections. Battles - important battles -

are won far more often in the court of public opinion than in any federal courtroom. These battles affect our lives every single day. It's time to fight back and come together to generate the next red wave. We can't wait another moment. Now is the time to do it. It really is up to us. The clock is ticking.

A Threat Assessment Perspective

Penguin Press

The Handbook of Forensic Services provides guidance and procedures for safe and efficient methods of collecting, preserving, packaging, and shipping evidence and describes the forensic examinations performed by the FBI's Laboratory Division. The successful investigation and prosecution of crimes require, in most cases, the collection, preservation, and forensic analysis of

evidence. Forensic analysis of evidence is often crucial to determinations of guilt or innocence. The FBI has one of the largest and most comprehensive forensic laboratories in the world, and the FBI Laboratory is accredited by the American Society of Crime Laboratory Directors/Laboratory Accreditation Board.

For Patriots Who Love Their Country

Simon and Schuster

Winner of the 2018 Excellence in Financial Journalism Award From Pulitzer Prize-winning journalist Jesse Eisinger, “a fast moving, fly-on-the-wall, disheartening look at the deterioration of the Justice Department and the Securities and Exchange Commission...It is a book of superheroes” (San Francisco Review of Books). Why were no bankers

put in prison after the financial crisis of 2008? Why do CEOs seem to commit wrongdoing with impunity? The problem goes beyond banks deemed “Too Big to Fail” to almost every large corporation in America—to pharmaceutical companies and auto manufacturers and beyond. The Chickenshit Club—an inside reference to prosecutors too scared of failure and too daunted by legal impediments to do their jobs—explains why in “an absorbing financial history, a monumental work of journalism...a first-rate study of the federal bureaucracy” (Bloomberg Businessweek). Jesse Eisinger begins the story in the 1970s, when the government pioneered the notion that top corporate executives, not just seedy crooks, could commit heinous crimes and go to prison. He brings us to

trading desks on Wall Street, to corporate boardrooms and the offices of prosecutors and FBI agents. These revealing looks provide context for the evolution of the Justice Department’s approach to pursuing corporate criminals through the early 2000s and into the Justice Department of today, including the prosecutorial fiascos, corporate lobbying, trial losses, and culture shifts that have stripped the government of the will and ability to prosecute top corporate executives. “Brave and elegant...a fearless reporter...Eisinger’s important and profound book takes no prisoners” (The Washington Post). Exposing one of the most important scandals of our time, *The Chickenshit Club* provides a clear, detailed explanation as to how our Justice

Department has come to avoid, bungle, and mismanage the fight to bring these alleged criminals to justice. "This book is a wakeup call...a chilling read, and a needed one" (NPR.org).

An Assessment of the Aldrich H. Ames Espionage Case and Its Implications for U.S. Intelligence W. W. Norton & Company

No one understands the "Make America Great Again" effort with more insight and more experience than former Speaker of the House Newt Gingrich. Gingrich was an ally of President Ronald Reagan during his 1980 "Let's Make America Great Again" campaign. In 1994, Newt was the architect of the Contract with America and the campaign that ended 40 years of Democratic control in the House of Representatives. As a friend

and supporter of President Donald Trump, Gingrich authored the #1 New York Times bestseller Understanding Trump, which explained the 2016 election and the early Trump presidency in ways no one else could. In Trump's America: The Truth About Our Nation's Great Comeback, Gingrich describes our country's tremendous turnaround under President Donald Trump's leadership - and confronts the desperate efforts by the elites in academia, the media, and the Washington establishment to undermine and distort his achievements. The Americans who elected President Trump expect him to make good on his iconic call to "Make America Great Again." So far, he is making good on his promise. The swamp is being drained, the judiciary is being restored, the

economy is growing rapidly, unemployment is in decline, and America's strength and standing as the world's dominant super power is improving daily. Meanwhile, Trump's opponents in Washington and the media are lashing out because they can't stand the fact that the President they deeply oppose is succeeding. Gingrich understands the challenges faced by the White House staff, the role fake news plays in modern politics, and the ropes of legislative infighting in Congress. Trump's America tells the truth that the elites in the media and Washington don't want you to know.

Trump, the FBI, and the Rule of Law

National Academies Press

This is a print on demand edition of a hard to find publication. Explores

whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist

incidents. Illustrations.

The Attempted Sabotage of Donald J. Trump
Center Street

This true legal thriller debunks everything the media and the government told us about the Department of Justice's destruction and prosecution of the venerable accounting firm Arthur Andersen, Merrill Lynch executives who did one business transaction with Enron, Alaska Senator

Ted Steven's, and more. The common thread through it all is a cabal of narcissistic federal prosecutors who broke all the rules and rose to great power. Still in the news today--Robert Mueller's "pitbull" Andrew Weissmann and other members of Obama's inner circle--are wreaking havoc on our Republic. This is the book that began exposing "the Deep State."
