Parsons relates the
background of the
Falklands conflict and
the events of the war
itself, assessing
different perceptions of

the whole affair and
reviewing
developments since
1982.

The Enemy Fought

Splendidly John Blake
This book provides new
light on the way the
Argentine forces were
organized for war, the
plans and reactions of
the commanders, the
sufferings of the
soldiers and the shame

and disillusionment of defeat. Martin Middlebrook has produced a genuine 'first' with this unique work. Martin Middlebrook is the only British historian to have been granted open access to the Argentines who planned and fought the Falklands War. It ranks with Liddel Hart's *The Other side of the Hill* in analyzing and understanding the military thinking and strategies of Britain's sometime enemy, and is essential reading for all who wish to understand the workings of military minds. The book provides new light on the way Argentine forces were organized for war, the plans and reactions of the commanders, the sufferings of the

soldiers and the shame and disillusionment of defeat.

One Hundred Days

After the Battle

The Falklands War is a story of occupation, fierce air battles, heavy naval losses and bitter encounters between ground forces amidst an inhospitable terrain and unforgiving climate. With complex political machinations and nationalist sentiment at the centre of the conflict, even today the sovereignty of the islands is hotly contested in political circles. For the first time, renowned military historian Gregory Fremont-Barnes has compiled a definitive A-Z guide to the British involvement in the Falklands conflict, including personalities, weapons, battles, ships, places,

and much more. This accessible yet comprehensive companion to the Falklands War will be a welcome addition to any enthusiast's shelves.

The Falklands, Politics and War Pen and Sword

In 1982, Argentina rashly gambled that a full-scale invasion of the Falkland Islands — ownership of which had been disputed with Great Britain for over a century — would put an end to years of political wrangling. However Britain's response was to immediately dispatch a task force to recover the islands, by force if necessary. The 'conflict' which followed (a formal declaration of war was never given) lasted ten weeks from Argentine

invasion to British liberation, the white heat of battle using 20th century technology contrasting with bitter hand-to-hand bayonet fighting in inhospitable conditions. Eyewitness accounts by the participants of both sides, and islanders, leave us in no doubt as to the ferocity of the combat on land, sea, and in the air.

Comparison photography in color of all the battlefields, the crash sites of the aircraft shot down, the relics and the remains, together with portraits of those who lost their lives and the battlefield memorials, serve as a graphic testimony to their endeavors, 25 years after the battle. A Roll of Honour lists the casualties of both sides and, for the first

time, the graves of all the British fallen — both on the islands and in the United Kingdom — have been visited and photographed as a lasting record of all those who made the supreme sacrifice.

The First Casualty

Weidenfeld & Nicolson
April 2nd 1982 - the day that the Falklands War erupted. Just sixty Royal Marines stood in the way of an armada of thousands, 8,000 miles from home and with no support. The story that followed was one of a shameful defeat and ignominious surrender. A story which has lasted for 35 years. Now, with first-hand accounts from the Royal Marines themselves, from the Argentine Marines who fought against them and from the people of Stanley who watched

the battle rage on their very doorsteps, a new history has emerged. It is the story of an epic and heroic defence on a scale with Rorke's Drift; a story which neither the British nor the Argentine governments wanted told. It is a battle denied; the battle of Stanley, a battle which - we are told - never happened. The second edition has updated stories, more information and is an even more dramatic read!

The Falklands War
Blandford

Thirty years after the Falklands War 'Secret Millionaire' Tony Banks is still haunted by his experiences in the South Atlantic. As a member of the crack Parachute Regiment his unit was the first to land on the Falklands

and he fought in the bloody first and last battles of the war before liberating Port Stanley. In this memoir Tony vividly recalls the fighting in the Falklands. He relives the bombing raids in San Carlos bay, the Battle of Goose Green, the Argentinian attack on the Sir Galahad and the Battle of Wireless Ridge. But he also tells of his own battles with Combat Stress and of how three decades on the war is still claiming victims. He tells the stories of British and Argentine veterans and travels to Argentina to return a war trophy - a trumpet he had taken from a prisoner - to its rightful owner. The return of the trumpet brings closure to both men. And finally Tony returns to the Falklands to lay the

ghosts that have haunted him to rest. The Royal Navy in the Falklands Conflict and the Gulf War HarperCollins UK
On the night of 1-2 April 1982, the Argentinian Junta led by Gen. Leopoldo Galtieri made its move against the Falkland Islands. On 3 April British Prime Minister Mrs. Margaret Thatcher faced an appalled and furious House of Commons to announce that Argentine armed forces had landed on British sovereign territory; had captured the men of Royal Marine detachment NP8901; had run up the Argentine flag at Government House; and had declared the islands and their population to be Argentine. This absorbing text by

William Fowler details the land forces that contested the Falklands War.

Battle for the Falklands 3 Osprey Publishing

In the early hours of the chilly late-autumn morning, April 2 1982, substantial forces of Argentine Marines, with heavy naval and air support, had invaded the Falkland islands, quickly and almost bloodlessly overwhelming a token garrison of Royal Marines. The following day Argentine forces also invaded the Falklands dependency of South Georgia, forcing the garrison of just 22 Royal Marines to surrender - though not before they had inflicted disproportionately heavy losses on their attackers. In this

companion to Men-at-Arms 133 & 135 Adrian English and Anthony Watts examine the naval forces of both sides who fought in the battle for the Falklands.

The Winter War Pen and Sword

Beskrivelse af Falklands-konflikten og Falklandskrigen, herunder analyser af konfliktårsager, mæglingsforsøg og krigsoperationerne.

3 Para Mount Longdon Psychology Press

The Falklands War, which may prove to be the last 'colonial' war that Britain ever fights, took place in 1982.

Fought 8,000 miles from home soil, it cost the lives of 255 British military personnel, with many more wounded, some seriously. The war also witnessed many acts of

outstanding courage by the UK Armed Forces after a strong Task Force was sent to regain the islands from the Argentine invaders. Soldiers, sailors and airmen risked, and in some cases gave, their lives for the freedom of 1,820 islanders. Lord Ashcroft, who has been fascinated by bravery since he was a young boy, has amassed several medal collections over the past four decades, including the world's largest collection of Victoria Crosses, Britain and the Commonwealth's most prestigious gallantry award. Falklands War Heroes tells the stories behind his collection of valour and service medals awarded for the Falklands War. The collection, almost certainly the largest of

its kind in the world, spans all the major events of the war. This book, which contains nearly forty individual write-ups, has been written to mark the fortieth anniversary of the war. It is Lord Ashcroft's attempt to champion the outstanding bravery of our Armed Forces during an undeclared war that was fought and won over ten weeks in the most challenging conditions.

3 Para and the Battle for Mount Longdon Springer

A comprehensive analysis of the relationship between political judgement, bureaucratic advice and military intelligence in the mismanagement of Britain's Falklands policy. The author argues that the Junta's

responsibility for the invasion does not exonerate British decision-makers.

Forgotten Voices of the Falklands

Pan Macmillan

Dette værk omfatter skibslægens dagbog ført om bord i H.M.S. KENT i krigsårene 1914 og 1915, hvor dette orlogsskib indgik i jagten på de tyske krydsere DRESDEN og NÜRNBERG.

The Battle for the Falklands McFarland

The Battle for the Falklands is a thoughtful and informed analysis of an astonishing chapter in modern British history from journalist and military historian Sir Max Hastings and political editor Simon Jenkins. Ten weeks. 28,000 soldiers. 8,000 miles from home. The Falklands War in 1982

was one of the strangest in British history. At the time, many Britons saw it as a tragic absurdity - thousands of men sent overseas for a tiny relic of empire - but the British victory over the Argentinians not only confirmed the quality of British arms but also boosted the political fortunes of Thatcher's Conservative government. However, it left a chequered aftermath and was later overshadowed by the two Gulf wars. Max Hastings' and Simon Jenkins' account of the conflict is a modern classic of war reportage and the definitive book on the conflict.

The Battle for the Falklands Quartet Books (UK)

A veteran of the Falklands conflict

vividly recounts the actions of his elite parachute regiment in this Cold War military history. On Friday, April 9, 1982, a British task force set sail for the Falkland Islands. Three months later, after a short but brutal campaign, it had successfully ejected the Argentinean occupying forces. With 3 Para to the Falklands is the full story of that dramatic struggle from the point of view of a sergeant in the Third Battalion, Parachute Regiment (3 Para). This elite battle group played a significant part in the campaign, marching from Port San Carlos to Port Stanley and fighting in one of its most crucial, yet often-neglected battles—the night assault on Mount Longdon. Graham

Colbeck's vivid account reveals the stark realities harsh conditions of this stubbornly contested conflict.

Battle for the Falklands Osprey Publishing

Thirty years after the Argentinian invasion of the Falkland Islands, the war remains a source of continued debate and analysis for politicians, historians and military strategists. Not only did the conflict provide a fascinating example of modern expeditionary warfare, but it also brought to the fore numerous questions regarding international law, sovereignty, the inheritance of colonialism, the influence of history on national policy and the use of military force for

domestic political uses. As the essays in this collection show, the numerous facets of the Falklands War remain current today and have ramifications far beyond the South Atlantic. Covering issues ranging from military strategy to Anglo-American relations, international reactions and international law to media coverage, the volume provides an important overview of some of the complex issues involved, and offers a better understanding of this conflict and of the tensions which still exist today between London and Buenos Aires. Of interest to scholars of history, politics, international relations and defence studies, the volume provides a timely and

forthright examination of a short but bloody episode of a kind that is likely to be seen with increasing frequency, as nations lay competing claims to disputed territories around the globe.

The Falklands War
Casemate Publishers
"Must be read by all our military people and anyone who wants to find out what really happened on the Falkland Islands." - James M. Gavin
The Battle for the Falklands The History Press

*As featured in the landmark BBC2 documentary *Our Falklands War: A Frontline Story**
Published to mark the fortieth anniversary of the Falklands war
'There was a time when we did extraordinary things.'

On 28 May 1982, 450 men of the 2nd Battalion, the Parachute Regiment - 2 Para - went into action to retake the settlement of Goose Green on East Falkland, where more than 1,000 Argentine soldiers were holding 119 Falkland Islanders - men, women, children and one baby - in squalid conditions. Forty years on, Goose Green is still the biggest and bloodiest battle the British Army has fought in modern times. This book is the living narrative of the battle told by the very men who fought it; not just the soldiers of 2 Para, but also the SAS, the Royal Navy and Merchant Navy, and others, in more than a hundred exclusive and untold personal accounts. Some are

extremely funny, some touching, and some heart-breaking. All were recorded face to face, the speakers' own words adding a gritty authenticity to each account and conveying the confusion and terror of battle, as well as the courage and selflessness of men in action. Goose Green is a book that goes beyond the official histories and the many memoirs to bring to life the first and, as it turned out, the decisive battle of this country's outstanding campaign to retake the Falkland Islands from a foreign invader. This is a true story of a great victory against all the odds, told by the men who fought it.
