### BURKE FULLER

**How to Think Theologically** Westminster John Knox Press

This book gives an overview about the varieties of approaches in the New testamen debate - Abbreviations, Introduction, 1. Beginnings and the development of NT theology, 2. Methodology in NT theology, 3. The center and unity in NT theology, 4. NT theology and the OT, 5. Basic proposals toward a NT theology: a multiplex approach, Selectes bibliography, Index of names, Index of subjects

**New Testament Theology** Vintage

Decades of use and refinement have solidified the place of How to Think Theologically as the indispensable guide to helping students of theology realize their call to be theologians. By focusing not on thinkers or thoughts, but on thinking, Stone and Duke induct readers into those habits of mind that lead to understanding all things--social, cultural, and personal--in relation to God. The new edition includes: Expansions of existing chapters An annotated bibliography of recommended reading An appendix of theological labels An expanded glossary Key points highlighted in call-outs throughout Updated case studies Discussion questions Both experienced teachers and beginning students will benefit from Stone and Duke's latest revision of their classic text.

**Christian Doctrine, Revised Edition** Abingdon Press

Bringing to a new generation a resource that has been used in theology & church history courses for more than 30 years, this volume features translations of the most important primary documents, introductions to the context of each text & new supplementary materials.

**A Concise History of Christian Doctrine** Tyndale House Publishers, Inc.

This book encourages ministers to become like Jesus Christ, The Chief Shepherd, both in character and power in the context of their pastoral calling.

**Shadow of the Third Century** Westminster John Knox Press

Through the advice of many scholars of Christian origins the selections here include texts that show students how Christianity developed and was lived in Asia, Africa, and the Mediterranean. These texts show Christian life beyond the confines of Byzantine and Western Christendom as Christians enter the Mongol and Chinese courts, struggle to cope with Islam, and continue to live in places such as Ethiopia and Egypt. Designed for the classroom Readings in World Christian History highlights the variety of Christianities that grew out of the Palestinian Jesus Movement of the first century.

**Who Needs Theology?** Wipf and Stock Publishers

In this thorough investigation of Calvinist doctrine, John Leith defines the Reformer's teaching on Christian life in the context of his theology. He begins with a discussion of what it means to say that the purpose of Christian life is the glory of God. He then discusses Christian life in relation to four

aspects of Calvinist thought: justification by faith alone; providence and predestination; history and the transhistorical; church and society. Leith's concluding statement summarizes the importance of this book. "Calvin's doctrine of the Christian life represents a magnificent effort to give expression to what it means to have to do with the living God every moment of one's life. No interpretation of the sola gloria Dei ["only God's glory"] has been more vivid and dynamic than Calvin's. For this reason he speaks to the needs of this generation, which, at least until recently, has been more frequently concerned about the glory of humankind than that of God and which has fallen victim to many false gods and vicious ideologies. Yet if Calvinism is to render its full service to our day, it must be interpreted in the context of the shared faith of the total Christian community. On the basis of Calvin's own principles, no human statement of Christian faith can ever be final and must be continually reformed by the Christian community's apprehension of the word of God as revealed in Jesus Christ."

*Pocket History of Theology* Westminster John Knox Press

Is it possible to maintain and defend Christian faithfulness and integrity in a pluralistic world without being arrogant, exclusive, intolerant, or irrelevant? Is it possible to be open to change, tolerant of difference, and relevant without compromising? Shirley Guthrie looks to the Reformed Confessions to answer these questions, ultimately arguing that though faithful to the Christian tradition, the Confessions are inherently adaptable.

*Native Americans and the Christian Right* Westminster John Knox Press

"The Heidelberg Catechism does not represent a different theological orientation... here the Reformed Church confesses the good news of Jesus Christ in a joyful, thankful, free, personal way . . . Barth has caught this spirit in his commentary. To read it is to become acquainted with a side of Reformed Protestantism which all too often has remained hidden." - from the Preface The two short studies by renowned theologian Karl Barth included here were first published in 1964, the 400th anniversary of the Heidelberg Catechism—a classical document of the Reformation Period. Students, ministers, laypersons, and theologians continue to find these essays helpful, for they provide not only an introduction to the Heidelberg Catechism, but also a brief, systematic presentation of Reformed theology in the 16th century and a glimpse of Barth's own theology on the 20th century. The first essay, "Christian Doctrine According to the Heidelberg Catechism," is a question by question interpretation, commentary, and evaluation of the catechism. "Introduction to the Heidelberg Catechism," the second essay, examines the three basic questions of the document: Who is the Comforter? Who is comforted? and How is comfort given and in what does it consist?

*Learning Jesus Christ through the Heidelberg Catechism* InterVarsity Press

Benjamín Valentín presents a substantive yet accessible introduction to the three central doctrines of Christian theology: God, humanity, and Christ. In an engaging style, Valentín offers an overview of each of these doctrines, delving into its tradition within the Christian community throughout history, from the writing of Scripture forward. He further explores what contemporary life tells us about this doctrine and how that compares to traditional understandings and then determines how we can reconstruct this doctrine in light of our new assessment of it. Each chapter concludes with suggested readings for further study. Throughout, Valentín highlights the diversity of Christian thought, bringing together past tradition and contemporary questions to arrive at a new understanding of what these important doctrines can mean for us today.

*Many Voices, One God* Westminster John Knox Press

To many Christians theology is something alien, overly intellectual and wholly unappealing. Even seminary students are known to balk at the prospect of a course on theology. Yet theology—most simply, the knowledge of God—is essential to the life and health of the church. In this short introduction, Stanley Grenz and Roger Olson, two theologians who care deeply about the witness of ordinary Christians and the ministry of the church, show what theology is, what tools theology uses, why every believer (advanced degrees or not) is a theologian, and how the theological enterprise can be productive and satisfying. Their clear, easily understood book is ideal for students, church study groups, and individual Christians who want to strengthen understanding, belief and commitment by coming to know God more fully.

*Christian Doctrine* BRILL

This introduction to Christian theology explores the whole Christian tradition in a simple and straightforward way. Leading Wesleyan theologian Don Thorsen surveys the theological views represented within historic Christianity and discusses the variety of positions held without favoring one over another. The book includes helpful end-of-chapter questions for further reflection and discussion, a convenient glossary of theological terms, and sidebars. The second edition is marked by a thorough updating of the text and the addition of two new chapters on apologetics and the future of the

unevangelized.

*John Calvin's Doctrine of the Christian Life* Rowman & Littlefield

Why is it that people who read the same Bible and talk about the same Christ, even when they belong to the same church, have trouble getting along with each other and committing themselves to a common witness in the world? In this highly original book, Shirley Guthrie looks at these questions and provides a framework that will help Christians better understand their own beliefs, learn from each other, and be more open to working for greater union in addressing serious issues.

*Pagan Christianity?* Wipf and Stock Publishers

Based on Roger Olson's widely acclaimed *The Story of Christian Theology*, this concise and informative guide surveys events, teachings and challenges to the Christian faith from the second to the twenty-first centuries.

*Faith Seeking Understanding, Fourth ed.* Westminster John Knox Press

CHRISTIAN DOCTRINE has introduced thousands to the tenets of the Christian faith. This newly revised edition reflects changes in the church and society and takes into account new works in Reformed theology, gender references in the Bible, racism, pluralism, ecological developments and liberation theologies.

*Monotheism and Christology in Greco-Roman Antiquity* The Floating Press

An invitation not to a faith certain of everything but, rather, to a faith that welcomes the discomfiting questions. Religious zealotry plagues the world. It drives susceptible people to believe they have all the truth, all the wisdom, all the divine favor. And in some cases it even moves them to murder people who, they have concluded, are enemies of God. In *The Value of Doubt*, veteran journalist Bill Tammeus draws deeply on his own Protestant experience of doubt and faith and, in a series of reflections, contends that the road to a rich, dynamic, healthy faith inevitably must run through the valley of the shadow of doubt. The opposite of faith, he says, is not doubt; rather, the opposite of faith is false certitude. Tammeus argues in favor of recognizing our mortality, of adopting the Benedictine virtue of humility and of realizing that we live by metaphor, by allegory, by myth. It's the willingness to question, to reconsider, to be comfortable with ambiguity and paradox that will save faith from the hands of those who seem to know all the answers before they ever hear the questions. This lively and challenging look at the religious life is for anyone seeking to build and enrich an authentic faith and courageous enough to see doubt as an essential part of it.

*Essentials of Christian Theology* Zondervan

Winner of the 1964 Pulitzer Prize in Nonfiction *Anti-Intellectualism in American Life* is a book which throws light on many features of the American character. Its concern is not merely to portray the scorners of intellect in American life, but to say something about what the intellectual is, and can be, as a force in a democratic society. "As Mr. Hofstadter unfolds the fascinating story, it is no crude battle of eggheads and fatheads. It is a rich, complex, shifting picture of the life of the mind in a society dominated by the ideal of practical success." —Robert Peel in the *Christian Science Monitor*

*Introduction to Christian Theology* Wm. B. Eerdmans Publishing

Despite the fact that the Christian tradition is prevalent, if not dominant, throughout much of the Western world, there remains a considerable amount of confusion and debate over the actual doctrines that feature in this belief system. In this volume, *The Great Doctrines of the Bible*, author William Evans identifies and explains some of the most important doctrinal and dogmatic tenets of the Christian faith.

*The Great Doctrines of the Bible* Fortress Press

This volume lays out an important new interdisciplinary approach to the relationship between theology and psychology in the work of pastoral counseling, setting forth a method emerging from a Barthian theological perspective.

*The Theological Character of Reinhold Niebuhr's Social Ethic* Westminster John Knox Press

DIVArgues that previous accounts of religious and political activism in the Native American community fail to account for the variety of positions held by this community./div

*The Christology of the New Testament* Lulu.com

Pluralism presents both promises and challenges for Christian theology in the next millennium. Here biblical scholars, religious ethicists, and theologians reflect on the meaning and abiding relevance of the Christian revelation for communities of faith and the life of the church.
