Hunter Publishing,
Inc

La fotografía abstracta es una de las joyas con la que contamos del famoso artista, renovador de la fotografía española de mediados del siglo XX y creador del grupo Afal, Carlos Pérez Siquier. El propósito de este libro es hacer un estudio comparativo desde el punto de vista formal y compositivo de su obra abstracta desde dos momentos diferentes del conjunto de su obra artística, uno en los años sesenta y otro en los años noventa, con diferentes autores, tanto nacionales como internacionales, inscritos dentro de las tendencias Expresionistas abstractas e Informalistas surgidas tras la Segunda Guerra Mundial. En el texto se ofrece al lector una primera parte en la que se realiza una pequeña presentación biográfica del autor y un contexto histórico de España y Almería de los años en los que se realizaron las fotografías y, una segunda parte, en la que se recoge el surgir de las segundas vanguardias y sus autores, además de un breve apunte sobre la fotografía en las dos décadas en donde el autor capta sus imágenes a fin de realizar el análisis comparativo de éstas y las vanguardias artísticas de la segunda mitad del siglo XX.

Barcelona and Its Surroundings Lonely Planet

Lonely Planet's Spain is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Launch into Barcelona's whirl of nightlife, wander the stunning rooms of the Alhambra, and

Incluye un mapa de España con localización de todos los campings seleccionados y mapas específicos de cada uno de ellos. Además ofrece rutas por los alrededores para no perderse nada de interés.

DK Eyewitness Travel Guide Lonely Planet

Geographically, Cataluña, The region surrounding Barcelona, Is not unlike Spain as a whole. The soaring Pyrenees Mountains in the north separating Spain from France yield To The Mediterranean's Costa Brava in the east. Were it not For The ungainly resorts that have diminished its natural beauty since the 1960s, this "wild coast" would be the loveliest, if not the most extreme Mediterranean coast of the peninsula. Still, its features - the dark, jagged rock outcroppings, The foreboding cliffs And The general angriness of it all - have not been completely buried in concrete, just harnessed For The ease of our enjoyment. There are the remarkable ruins of Empúries to explore, vestiges of the Greeks And The Romans who were truly the first to develop this coast, and a few of its coastal towns - Cadaques comes to mind - were never wrecked. We have the Pyrenees to thank for

saving Cadaques, since to reach it one must ascend and wind around the lower reaches of these mountains for 45 minutes (on good roads) before making the descent toward this, Salvador Dalí's favored retreat. Developers tend to favor easier roads. Higher up in the Catalan Pyrenees, where the peaks top out at over 3,000 m (9,840 feet) and waterfalls cascade down their faces, there is more to be thankful for. A series of Romanesque churches, the product of Cataluña's medieval golden age, when its counts allied with neighboring Aragón to create a seafaring kingdom unrivaled in the Mediterranean at the time, are hidden in far flung valleys, set along crystalline streams away from the package tourists and even paved roads. With snowfall, the Catalan Pyrenees offer great cross-country and downhill skiing and, when it melts, great whitewater adventures. Throughout the year one can marvel at the secluded wilderness of the Aigüestortes National Park and wonder why they ever spent so much time in Barcelona. Barcelona is the stylistic capital of Spain, endowed with bold modernisme architecture, traditionally the seat of challenging art movements and, by and large, a truly modern, European city. To the west, the modest mountains surrounding the city, the champagne vineyards and beyond them the wild massif of holy Montserrat give way to the eastern realm of the barren plateau known as the Meseta, Cataluña's driest and most desolate expanse. As the region narrows out toward the south near its border with Valencia, the delta of the Río Ebro, Spain's longest river, fosters wetlands that attract clouds of migratory birds. Here, as throughout the coastal regions of Cataluña, the climate is strictly Mediterranean with generally mild

winters and brutally humid and hot summers – a stark contrast to the dry air and snowy peaks of the Pyrenees. In its diverse landscapes Cataluña certainly looks like Spain, even if it doesn't act like Spain. But by its own measure Cataluña adds an element of sophistication and openness that serves to complement the rest of the country. Without it, Spain would have its wine, but no champagne. Barcelona is a city that immediately calls to mind great art and architecture (here one and the same), music, nightlife, walks, a great many things, as well as a great deal of misunderstanding. As a Catalan friend pointed out, "We are a complex people living in a thousand places at once." Such a maelstrom of commerce, culture and idealism is not easily correlated, often leaving visitors with the feeling that, while they may have seen a Gaudí facade, they were never invited inside to see what was holding it up. Here is the most detailed guide to Barcelona and the Cataluña region that surrounds it, loaded with maps, photos and complete information on where to stay, where to dine and what to see and do. Also included is an extensive general section on Spain as a whole. An excerpt from Hunter's Adventure Guide to Spain, which is 670 pages.

Producción y venta de servicios turísticos en agencias de viaje Dorling Kindersley Ltd

Este libro desarrolla los contenidos del módulo profesional de Procesos de Guía y Asistencia Turística, del Ciclo Formativo de grado superior de Guía, Información y Asistencias Turísticas, perteneciente a la familia profesional de Hostelería y Turismo. Para ello, se ha tenido en cuenta el Real Decreto 1255/2009, de 24 de julio, por el que se establece el título de Técnico Superior en Guía, Información y Asistencias Turísticas y se fijan sus enseñanzas mínimas, así como los currículos de dicho ciclo en cada comunidad

autónoma. La obra se organiza en 12 unidades, que desarrollan los siguientes aspectos: introducción a la figura del guía de turismo; marco legislativo y ética en la actividad de guía turístico; calidad aplicada a la actividad de guía turístico; desarrollo de los servicios de asistencia y guía, documentos y funciones de las figuras básicas; figuras secundarias, servicios complementarios, actividades especiales y viajeros con necesidades especiales; la oferta turística; fuentes de información; diseño y programación de servicios turísticos; la comunicación; la comunicación aplicada al servicio de asistencia y guía; movimiento internacional de viajeros; entradas y salidas de viajeros en terminales de transporte. En la elaboración del libro, se ha contado con el asesoramiento de profesionales de la guía turística y se han tenido en cuenta las más recientes innovaciones en tecnología y tendencias en el turismo, siempre desde el contexto educativo actual. La conjunción de estos factores ofrece una herramienta eficaz para la docencia y la formación de los futuros profesionales del turismo. Tanto el manual en su conjunto como cada unidad por separado están estructurados con multitud de recursos que interrelacionan los conocimientos que se van adquiriendo a lo largo de la obra: cada unidad incluye imágenes, esquemas, modelos de documentos, actividades propuestas y resueltas, cuadros de vocabulario y de información necesaria y adicional, además de enlaces web de interés, para facilitar el proceso de enseñanza-aprendizaje. El mapa conceptual final de cada unidad permite repasar y afianzar los conceptos clave estudiados antes de poner en práctica los conocimientos adquiridos por medio de las actividades finales de comprobación, de aplicación y de

ampliación..
