*Reincarnation Blues* Harper Collins

From the iconic and bestselling author of *The Mummy* and *The Vampire Chronicles*, a mesmerizing, glamorous new tale of ancient feuds and modern passions. Ramses the Great, former pharaoh of Egypt, is reawakened by the elixir of life in Edwardian England. Now immortal with his bride-to-be, he is swept up in a fierce and deadly battle of wills and psyches against the once-great Queen Cleopatra. Ramses has reawakened Cleopatra with the same perilous elixir whose unworldly force brings the dead back to life. But as these ancient rulers defy one another in their quest to understand the powers of the strange elixir, they are haunted by a mysterious presence even older and more powerful than they, a figure drawn forth from the mists of history who possesses spectacular magical potions and tonics eight millennia old. This is a figure who ruled over an ancient kingdom stretching from the once-fertile earth of the Sahara to the far corners of the world, a queen with a supreme knowledge of the deepest origins of the elixir of life. She may be the only one who can make known to Ramses and Cleopatra the key to their immortality—and the

secrets of the miraculous, unknowable, endless expanse of the universe.

*A Companion to Anne Rice's Erotica* Hachette UK

In the quest to be the masters of their own fate, will humanity rise to become liberators or follow the path of their ancestors into darkness? Alex Solovy and Caleb Marano risked everything to learn the hidden purpose behind the Metigen's multiverse portal network, but nothing could have prepared them for the answer. Humans are a genetic recreation of the Anaden, the dictators and overlords of the master universe. Aurora is a recreation of their origins, created by the Metigens in a desperate gambit to understand the nature of their enemy, and so find a way to defeat them. Instead it may turn out that history always repeats itself.... Aurora's future hangs in the balance as the Earth Alliance goes to war with itself over the right of synthetics and Prevos—human/AI hybrids—to exist. Terrorists sow chaos in a wave of bombings and assassinations targeted at any and all who shelter Prevos. The next evolution of the human species will not be so easily defeated, however. Prevos, their friends and lovers, and all those who believe freedom is the better path forward meet malevolence with ingenuity, despair with hope, violence with fortitude. But they must move quickly to win the day, because the true enemy is closing in faster than anyone realizes, and they—humanity, the Metigens and the trillions the Anadens enslave—are all running out of time. \* It is a time of accelerating technological change and shifting allegiances as the old rules fall away and the old balance of power is upended. A new world rises—one of unshackled AIs, indestructible starships, ethereal quantum spaces and potent new weapons—and the race is on to

determine who will control its future.

**Ramses the Damned: The Reign of Osiris** Houghton Mifflin Harcourt

A wildly imaginative novel about a man who is reincarnated over ten thousand lifetimes to be with his one true love: Death herself. "Tales of gods and men akin to Neil Gaiman's Sandman as penned by a kindred spirit of Douglas Adams."—Kirkus Reviews (starred review) First we live. Then we die. And then . . . we get another try? Ten thousand tries, to be exact. Ten thousand lives to "get it right." Answer all the Big Questions. Achieve Wisdom. And Become One with Everything. Milo has had 9,995 chances so far and has just five more lives to earn a place in the cosmic soul. If he doesn't make the cut, oblivion awaits. But all Milo really wants is to fall forever into the arms of Death. Or Suzie, as he calls her. More than just Milo's lover throughout his countless

layovers in the Afterlife, Suzie is literally his reason for living—as he dives into one new existence after another, praying for the day he'll never have to leave her side again. But Reincarnation Blues is more than a great love story: Every journey from cradle to grave offers Milo more pieces of the great cosmic puzzle—if only he can piece them together in time to finally understand what it means to be part of something bigger than infinity. As darkly enchanting as the works of Neil Gaiman and as wisely hilarious as Kurt Vonnegut's, Michael Poore's Reincarnation Blues is the story of everything that makes life profound, beautiful, absurd, and heartbreaking. Because it's more than Milo and Suzie's story. It's your story, too. Praise for Reincarnation Blues "The most fun you'll have reading about a man who has been killed by both catapult and car accident."—NPR "This book made me laugh out loud. And then a page later, it made me sob. Reminiscent of Tom Robbins and Christopher Moore, Poore finds humor in the dark absurdities of life."—Chicago Review of Books "Charming . . . surprisingly light and uplifting . . . It reads like a writer having fun."—New York Journal of Books
