*NYTBR Paperback Row Selection * The Independent's Best Fashion Book on Sustainability* An investigation into the damage wrought by the colossal clothing industry and the grassroots, high-tech, international movement fighting to reform it What should I wear? It's one of the fundamental questions we ask ourselves every day. More than ever, we are told it should be something new. Today, the clothing industry churns out 80 billion garments a year and employs every sixth person on Earth. Historically, the apparel trade has exploited labor, the environment, and intellectual property—and in the last three decades, with the simultaneous unfurling of fast fashion, globalization, and the tech revolution, those abuses have multiplied exponentially, primarily out of view. We are in dire need of an entirely new human-scale model. Bestselling journalist Dana Thomas has traveled the globe to discover the visionary designers and companies who are propelling the industry toward that more positive future by reclaiming traditional craft and launching cutting-edge sustainable technologies to produce better fashion. In *Fashionopolis*, Thomas sees renewal in a host of developments, including printing 3-D clothes, clean denim processing, smart manufacturing, hyperlocalism, fabric

recycling—even lab-grown materials. From small-town makers and Silicon Valley whizzes to such household names as Stella McCartney, Levi's, and Rent the Runway, Thomas highlights the companies big and small that are leading the crusade. We all have been casual about our clothes. It's time to get dressed with intention. *Fashionopolis* is the first comprehensive look at how to start.

The Love Hypothesis Penguin

Joyce Carol Oates's *Wonderland Quartet* comprises four remarkable novels that explore social class in America and the inner lives of young Americans. In *Expensive People*, Oates takes a provocative and suspenseful look at the roiling secrets of America's affluent suburbs. Set in the late 1960s, this first-person confession is narrated by Richard Everett, a precocious and obese boy who sees himself as a minor character in the alarming drama unfolding around him. Fascinated by yet alienated from his attractive, self-absorbed parents and the privileged world they inhabit, Richard incisively analyzes his own mismanaged childhood, his pretentious private schooling, his "successful-executive" father, and his elusive mother. In an act of defiance and desperation, eleven-year-old Richard strikes out in a way that presages the violence of ever-younger Americans in the turbulent decades to come. A National Book Award finalist, *Expensive People* is a stunning combination of social satire and gothic horror. "You cannot put this novel away after you have opened it," said *The Detroit News*. "This is that kind of book-hypnotic, fascinating, and electrifying." *Expensive People* is the second novel in the *Wonderland Quartet*. The books that complete this acclaimed series, *A Garden of Earthly Delights*, *them*, and *Wonderland*, are also available from the Modern Library.

Looking expensive and glamorous on a budget is not a matter of money. It's a skill, and--like any other skill--it can be learned. In this invaluable book, style author Chiara Giuliani explains in her breezy and entertaining way how getting a polished look and achieving a chic allure is mostly a matter of know-how, sharing priceless tips that will allow you to achieve a top-star appearance while remaining on-budget. You'll learn the most effective "luxury skills" to (1) pick out stunning-looking but inexpensive items that will make you look pure luxe, (2) pick out top-quality pieces without paying a fortune for them, (3) get sensational-looking grooming without spending a high amount, and (4) develop mood, poise, and behavior in tune with the luxurious-looking lady you are going to be. All of these skills can be learned with simple and straightforward technical advice, and in this book, you'll learn how. You'll learn the cheats not only to become an attentive shopper but also to pick out what flatters your figure--as, when it comes to looking expensive, picking out the design most suitable to your body shape is essential. You'll learn the tips and hints to polish your look and poise, acquiring attitude and manners that make a woman unmistakably high class. Your newly achieved mood will soon become part of your personality--even if you are not rich, or classy, or sophisticated by birth. And you'll soon be amazed at how much better you will feel not only in your clothes but also in your relationships, both personal and professional. You will feel fulfilled in many aspects of your life, and more self-

confident as well. You will soon achieve outstanding results that will infuse your whole style--and lifestyle. And you will soon become the beautiful, charming, and sophisticated lady of your dreams.

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things--mostly about money and investing--she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock

market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

A wickedly funny, full-color, illustrated sendup of the trendy lifestyle publication GOOP. What is Glop? Glop is a business and a website. But Glop is also a feeling. It's about picking the right expensive organic eye cream that will make you fit seamlessly into the top tiers of high society and sits next to Bono at a 42-course seitan tasting dinner held in a sex dungeon deep beneath the North Pole. Glop is about being conscious to the tiny details of our lives--what to eat, where to buy your cashmere yoga pants, which juice cleanse will remove the most mercury toxins from both your body and your cashmere yoga pants. Glop is about you. In this scathingly humorous parody, Gabrielle Moss skewers the vanity, elitism, and silliness of the lifestyle website everyone loves to hate. Here are favorite recipes, detoxes, activities, cleanses, beauty tips, juice cleanses, vacation destinations, and a selection of hand creams that will open your third eye--plus lots of celebrity namedropping and more. Glop includes everything from the silly to sublime--make-at-home stem cell moisturizing repair masques, weekend colonics, restorative yoga poses (for when Sting is mad at you about that thing you did), and even the freshest bones for your bone broth. Here, too, are G's essential

tips on parenthood, relationships, work and finances, entertaining, food (well, maybe not food), spirituality, beauty, fashion, home, gifts, kids, and more. Nothing in Glop is sacred--except for a few Indian cows you can't afford.

Drug overdose, driven largely by overdose related to the use of opioids, is now the leading cause of unintentional injury death in the United States. The ongoing opioid crisis lies at the intersection of two public health challenges: reducing the burden of suffering from pain and containing the rising toll of the harms that can arise from the use of opioid medications. Chronic pain and opioid use disorder both represent complex human conditions affecting millions of Americans and causing untold disability and loss of function. In the context of the growing opioid problem, the U.S. Food and Drug Administration (FDA) launched an Opioids Action Plan in early 2016. As part of this plan, the FDA asked the National Academies of Sciences, Engineering, and Medicine to convene a committee to update the state of the science on pain research, care, and education and to identify actions the FDA and others can take to respond to the opioid epidemic, with a particular focus on informing FDA's development of a formal method for incorporating individual and societal considerations into its risk-benefit framework for opioid approval and monitoring.

To fulfill all his wildest dreams, modern man must first use principles of personal financial management to succeed in

matters of money. The financial plan outlined in this book is an accessible and fascinating modern economic approach to getting rich. George Samuel Clayson wrote and published the collected essays on austerity and financial success over four years. The book demonstrates key principles in money management through stories and parables set in Ancient Babylon and recounted by Arkad, a formerly poor scribe who became the richest man in Babylon. The original pamphlets were read by millions of people and the "The Richest Man in Babylon" endures as a recommended modern literature classic on economics, financial management and self-development. Other well known book: *The Intelligent Investor* (Benjamin Graham), *Think and Grow Rich* (Napoleon Hill) The text is reproduced from the original publications of 1920-1924.

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

The rivetingly strange story of the world's most expensive bottle of wine, and the even stranger characters whose lives have intersected with it. The New York Times bestseller, updated with a new epilogue, that tells the true story of a 1787 Château Lafite Bordeaux—supposedly owned by Thomas Jefferson—that sold for \$156,000 at auction and of the eccentrics whose lives intersected with it. Was it truly entombed in a Paris cellar for two hundred years? Or did it come from a secret Nazi bunker? Or from the moldy basement of a devilishly brilliant con artist? As Benjamin Wallace unravels the mystery, we meet a gallery of intriguing players—from the bicycle-riding British auctioneer who speaks of wines as if they are women to the obsessive wine collector who discovered the bottle. Suspenseful and thrillingly strange, this is the vintage tale of what could be the most elaborate con since the Hitler diaries. “Part detective story, part wine history, this is one juicy tale, even for those with no interest in the fruit of the vine. . . . As delicious as a true vintage Lafite.” —BusinessWeek

More than a fashion accessory or means to tell the time, the wristwatch has become a statement of identity; politician or celebrity, scientist or sportsman, what you choose to wear on your wrist speaks volumes about who you are. *The World's Most Expensive Watches* presents some of the most extravagant, intricate, collectible, decadent, or just plain interesting modern-day timepieces that sit at the top of the price spectrum. Starting at a threshold price of about \$200,000, it is a trip through the last decade or so of watches whose values soar incredibly to prices of \$5 million dollars or more. Additionally, there is a selection of notable watches that yielded extremely high prices at auction - many of which are historically relevant. A stunning collection that is both informative and entertaining; with detailed descriptions of individual watches and articles that usefully deconstruct the price tag with an explanation of the relevance of craftsmanship and complexity of design, as well as the importance of exclusivity, prestige and collectibility. Prepare to be impressed by a larger-than-life-look at some relatively small items that command not

only huge prices but kudos and respect, in all areas of a global society fascinated with using accessorizing to create identity.
