Legendary football coach and Super Bowl champion with the Denver Broncos, Wade Phillips, recalls his life in football and memories of his father, NFL head coach Bum Phillips, in a book perfect for a Father's Day gift. "Having played for and against Wade Phillips, the first word that comes to my mind is respect. SON OF BUM is a great read about the Xs and Os from one of the greatest coaches in the league, as well as a loving tribute to the influence of family."—Peyton Manning

In his memoir *Son of Bum*, decorated

NFL coach Wade Phillips shows that the roots of his knowledge come from his father, Bum Phillips. A beloved character in NFL history, Bum taught Wade from the beginning that "coaching isn't bitching," as well as how to have perspective on the game during tough times. These are lessons that apply both on the field and off, and Wade has passed this wisdom down to his son, Wes Phillips, an NFL coach himself. Known for his homespun, plain-talking ways, Wade is a groundbreaking coach who has long believed in using support and camaraderie—instead of punishment and anger—to inspire his players to be winners on and off the field.

And though his defensive concepts are revolutionary, he would say they begin with common sense. Son of Bum is more than one man's memoir—it's a story of family and football and a father who inspired his son. *Doll Bones* Amer Society of Mechanical The ultimate service manuals! Accepting employment as a governess after

hard times hit her family, medieval scholar Rosalind Hawkins is surprised when she learns that her mysterious employer has no children, no wife, and she is not to meet with him face to face. Instead, her duties are to read to him, through a speaking tube, from ancient manuscripts in obscure, nearly-forgotten dialects. A requirement for the job was skill in translating medieval French, and she now understands the reason for that requirement, and assumes her unseen employer's interest in the descriptions of medieval spells and sorcery is that of an eccentric antiquary. What she does not realize is that his interest is anything but academic. He has a

terrible secret and is desperately searching for something that can reverse the effects of the misfired spell which created his predicament. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Each "Missing In Action (M.I.A.) Angel" assignment is to be with someone who is willing to give their life in combat to protect or save others. Some just need that additional bit of help to survive, while others need the presence of an "M.I.A. Angel" as they approach death. It's not easy being an "M.I.A. Angel" although it is many times rewarding. The

downside it that sometimes there is nothing that can be done to help, other than the assignment knowing that an angel is with them when they die.
