A Government that Worked Better and Cost Less? Simon and Schuster

Dean Gallagher is an ordinary young adult just looking to make it through college. His whole life gets turned upside down when his professor catches him cheating on his history exam. Dean is expelled from school and finds himself at a crossroads. Since it is his birthday weekend, his friends convince him to go with them to a bar to celebrate and take his mind off of his troubles. He meets a girl who he becomes interested in, and they leave the bar together alone. After getting in the car with her, the two get into a

serious accident which causes Dean to have a near-death experience. During his experience, he encounters what he perceives to be God and is told he must return to Earth to complete a mission. When he wakes up in the hospital, he finds out that he had been in a coma for two weeks. Miraculously, he feels like his old self again and is able to go home. Dean converts to Christianity and believes his mission is to spread the word of God. An unexpected encounter with a waiter named Simon, who he winds up befriending, causes Dean to reconsider his beliefs. His conversations with his new friend include topics such as: - The origins of humanity - The destruction of a planet once located between Mars and Jupiter called Tiamat - An intergalactic war between Orion and Sirius - The Anunnaki and Mesopotamian deities including Enki, Enlil, Anu, Marduk, Inanna, Nergal, Nannar, Ningishzida, Ninurta, Ninhursag, Ereshkigal, Dumuzid, Utu, and Nabu - Demonic entities including Asmodeus, Abaddon,

Astaroth, Belial, Beelzebub, and Pazuzu - Archangels including Michael, Raphael, Uriel, Azrael, and Samael - Extraterrestrials races such as the Reptilians and the Greys - The many different aspects of Lucifer/Satan and his association with Yahweh - The pantheons of gods across various cultures around the world including the Egyptian, Norse, Greek, and Roman gods - The religions of the world including Christianity, Islam, Judaism, Hinduism, and Buddhism - Gnostic beliefs including Yaldabaoth, Archons, Sophia, Christ, and the Pleroma - Decoding the music industry - Analyzing occult themes and subliminal messages found in Hollywood and Disney movies - Hidden symbolism in the mainstream - Gematria, numerology, and astrology - Conspiracy theories such as Project Blue Beam, FEMA concentration camps, Agenda 2030, Project MKUltra, human clones, and the 2020 pandemic - Reincarnation and the afterlife - The truth behind some of mankind's

greatest mysteries such as the Emerald Tablets of Thoth, the Giza Pyramids, Atlantis, the Garden of Eden, the Watchers and the Nephilim, the Tower of Babel, the Great Flood, and the Epic of Gilgamesh - Significant historical, controversial, and mythological figures in both ancient and modern times including Edgar Cayce, Donald Trump, Adolf Hitler, Napoleon Bonaparte, Aleister Crowley, Abraham, Moses, Akhenaten, Hammurabi, Zoroaster, Enoch, and Merlin - Interpreting end-times prophecies from Nostradamus and identifying the Mark of the Beast, the Antichrist, and the False Prophet from the Book of Revelation - Artificial intelligence and its role in the Singularity, the New World Order, and the Age of Aquarius ...and much, much, more. After Dean accumulates all of this new knowledge, he begins to lose his friends and he soon realizes the only real friend he can trust is Simon. Or so he thought. Simon has a secret. He's on a mission that Dean is unaware of. Dean's suspicions of Simon begin to grow when he finds there's a peculiar connection between him and the doctor who took

care of him in the hospital. Dean's quest for the truth leads him to unexpected revelations, and he is determined to break free from his bondage of the material world, ev

 Were Atlantis and Lemuria factual places? Who built the pyramids and for what purpose? How advanced was the technology of ancient cultures? All this and more is covered in *Exposed, Uncovered, & Declassified: Lost Civilizations & Secrets of the Past*—the latest in the all-original series that is already sparking lively debate. Erich von Däniken, best-selling author of *Chariots of the Gods*, examines the Egyptian pyramids, studying their astronomical implications and what message they were meant to convey. Thomas G. Brophy, PhD, focuses on the mysterious Nabta Playa site in southern Egypt and its connection to African history. Intrepid explorer of ancient America Frank Joseph covers archeological scandals and attempts to suppress evidence, including the Smithsonian's "loss" of Maya skulls discovered in the Aleutian Islands. Researcher Steven Sora, author of *The Lost Colony*, delves into evidence that Scotland's Picts originated

in North America and were connected to the ancient Micmac tribe of the Americas. Philip Coppens of the History Channel's Ancient Aliens explores an ancient Celtic network of roads that may be connected to a 4,000-year-old land-based reproduction of Atlantis. Scholar and mystery explorer Oberon Zell-Ravenheart brings together the Garden of Eden, the Tree of Life, the great deluge, and the sinking of Lemuria. Marie D. Jones & Larry Flaxman (11:11: The Time Prompt Phenomenon) explore what ancient civilizations knew about sound and resonance, and how they may have used them to build megaliths and pyramids, and achieve altered states. Journalist Nick Redfern reveals the U.S. government's abiding interest in our ancient past, religious mysteries, and enigmatic artifacts. Evidence of these ancient mysteries is everywhere—if you know what to look for. Whether you're a believer, a skeptic, or somewhere in between, *Exposed, Uncovered, and Declassified: Lost Civilizations & Secrets of the Past* is sure to entertain and educate.  The History of Atlantis may, in the light of our present knowledge of Plato's sunken island, appear as a somewhat presumptuous title for a work, the object of which is to present a general outline of what is known concerning Atlantean civilisation. Yet the author placed this study upon a scientific basis, and in so doing he has attached the description of "history" to this work in the hope that the mere invocation of such a name will endow it with the spirit which should inspire all histories a desire to arrive at fundamental truth by every available means. Contents: Preface Introductory The Sources Of Atlantean History I: The Writings Of Plato The Sources Of Atlantean History II: From The Fourth Century B.C. The Lost Continent: The Story of Atlantis is a fantasy novel by C. J. Cutcliffe Hyne. It is considered one of the classic fictional retellings of the story of the drowning of Atlantis, combining elements of the myth told by Plato with the earlier Greek myth concerning the survival of a universal

flood and restoration of the human race by Deucalion.

Exposed, Uncovered, & Declassified: Lost Civilizations & Secrets of the Past Pickle Partners Publishing

A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis.... The Great Pyramid. Stonehenge. Machu Picchu. For centuries, these and other sacred sites have inspired wonder among those who ponder their origins.

Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries

to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica ... until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings ... to shifting poles, changing latitudes ... into the world of ancient mariners who recharted the globe ... to astonishing discoveries about our ancestors. Here are the great mysteries ... the incredibly complex geography of the Temple of Luxor ... the startling

sophistication of Egyptian science and math ... and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The Atlantis Blueprint opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told.

The Theory Of Celestial Influence Weiser Books

An investigation into the ancient technologically advanced artifacts amassed by Father Carlo Crespi and how they offer proof of Atlantis in South America • Includes photos and descriptions of the strange machines and beautiful artifacts that once comprised the "Crespi Treasure" • Connects Crespi's treasures to readings by Edgar Cayce and Annie Besant's descriptions of Atlantean colonies in Ecuador • Reveals the nuclear war between the Atlanteans and the Aryans and the radioactive evidence left behind in the Bahamas and Pakistan In 1923 an Italian priest, Father Carlo Crespi, came to Ecuador as a missionary. Befriending the indigenous Shuar people, he learned of an

ancient treasure they had sworn to protect hidden within a network of underground tunnels. As newly converted Christians, the Shuar wanted to share with their priest these amazing anachronistic artifacts-- golden sarcophagi from Egypt, bronze plaques depicting famous scenes from antiquity bearing both Quechua and Phoenician writing, copper wheels and gears as hard as steel, strange machines, and many other inexplicable items. Crespi faithfully maintained the collection until just before his death when the Ecuadorian government purchased it from the church and many of these priceless treasures were lost forever. Providing detailed descriptions and his own photos of the advanced technologies and beautiful art that comprised the "Crespi Treasure," Richard Wingate reveals that the ancient civilization responsible for these advanced artifacts was Atlantis. Connecting Crespi's treasures to Edgar Cayce's descriptions of advanced technology in the distant past and the Atlantean colonies of Ecuador described by Annie Besant, Wingate explores

other evidence of Atlantis in South America and the Bahamas, including geographically out-of-place underwater ruins and buried magnetic ore. Investigating ancient records, such as the Mahabharata, he shows how a prehistoric nuclear war between the Atlanteans and the Aryans ultimately resulted in the sinking of Atlantis, and he uncovers the radioactive archaeological evidence left behind. Explaining how our ancient ancestors regretted their nuclear actions and destroyed or buried their advanced technology, entering into a self-imposed Stone Age, he shows how our civilization is headed down the same path and that only through "green" choices can we avoid the same fate as Atlantis. The Murder of Moses Bear Christianity was born nearly two thousand years ago in ancient Palestine. It has shaped the course of human history. Yet historians still cannot say how it really began. How did a first-century Jew called Jesus manage to spark a new religion? It is one of the biggest and most profound of all historical mysteries. This extraordinary book finally provides a convincing answer. Traditionally, the

birth of Christianity has been explained via the miracle of the Resurrection. After Jesus died he was raised from the dead by God and appeared to his disciples, telling them to spread the gospel. Once they saw the Risen Jesus, nothing could shake their belief. Within a few generations Christianity had spread throughout the Middle East and Europe; within a few centuries it had taken over much of the world. But historians have been unable to account for Christianity's remarkable success without the Resurrection to spark it. If no one really saw the Risen Jesus, how were his followers convinced that he was their immortal Messiah? Art historian Thomas de Wesselow has spent the last seven years deducing the answer to this puzzle, and in doing so he has pieced together an entirely new picture of the birth of Christianity. Reassessing a familiar but misunderstood historical source and reinterpreting many biblical passages, de Wesselow shows that the solution has been staring us in the face for more than a century. The Shroud of Turin, widely thought to be a fake, is in fact authentic. And it holds the key to the

greatest mystery in human history.

Atlantis and the Cycles of Time HarperCollins UK
 Originally published in 1954, The Theory of Celestial Influence is an exploration of the universe and man's place in it. Drawing extensively on the teachings of Russian mathematician and esotericist P. D. Ouspensky and Greek-Armenian Esoteric doctrine teacher George Gurdjieff, author Rodney Collins examines 20th century scientific discoveries and attempts to unite astronomy, physics, chemistry, human physiology and world history with his own version of planetary influences. He concludes that the driving force behind everything is neither procreation nor survival, but expansion of awareness. Collin sets out to reconcile the considerable

contradictions of the rational and imaginative minds and of the ways we see the external world versus our inner selves.

 Reveals the parallels between the rise and fall of Atlantis, cultures in ancient Mesoamerica, and our modern civilization • Links the demise of Atlantis with the birth of the Olmec civilization in Mexico, the beginning of the first Egyptian dynasty, and the start of the Mayan Calendar • Reveals the Atlantean and Mayan prophecy of an eternal cycle of global creation, destruction, and renewal and how we are headed into a destructive phase • Shows how ancient prophecies correlate precisely with the latest climatology studies, the rising incidence of solar flares, and papers from Pentagon and NASA

analysts With the passing of the Mayan Calendar's end date we can now focus on the true significance of what the Maya and their predecessors were trying to convey to future civilizations. Frank Joseph reveals how the Mayan prophecy, symbolized by their calendar, was created through the combined genius of Atlantis and Lemuria and predicts an eternal cycle of global creation, destruction, and renewal. He shows how this cycle correlates precisely with scientific studies on glacial ice cores and predictions from the Hopi, the Incas, and the Scandinavian Norse as well as the visions of Edgar Cayce. He links the demise of Atlantis with the birth of the Olmec civilization in Mexico (the progenitors of the Maya), the beginning of the first Egyptian dynasty, and the start of the Mayan Calendar. Drawing on the latest climatology studies

and papers from Pentagon and NASA analysts, he reveals that we are on the brink of a destructive phase in the global cycle of change as predicted by the Atlanteans and the Maya. The world's current political, economic, and cultural deterioration is paralleled by unprecedented storms and record temperatures, massive solar flares, tectonic disturbances, and fissuring sea floors that could release dangerous reservoirs of methane gas into the environment--all of which signals we are headed into another ice age. Despite the Atlanteans' greater understanding of the cyclical nature of catastrophes and of the human role in them, Joseph reveals the mistakes they made that played a crucial role in their civilization's destruction. By recognizing the self-destructive patterns of Atlantis in our own

civilization, we can learn from their mistakes to reestablish civilization's cosmic balance before time runs out.

The Story of Atlantis The Atlantis Blueprint The Cygnus Constellation holds the key to proving that life originated in the heavens—and will ultimately return there. Best-selling author Andrew Collins has uncovered an astronomy that is about 17,000 years old, with standing stones, temples, and monuments across the globe oriented towards Cygnus's stars. He also found that the use of deep caves by Palaeolithic man led to the rise of religious thought and the belief in life's stellar origins. Now modern-day technology has confirmed that high-energy particles come from a binary star known as Cygnus X3. Ancient people knew what science is finally verifying: that the DNA of life came originally from deep space.
