Windows Vista (once codenamed Longhorn) replaces Windows XP and will be Microsoft's most powerful client operating system to date. Security and file management has been greatly improved and hundreds of features, including multimedia creation tools, have been added. The Beyond the Manual series addresses the needs of very experienced readers. Although it is not assumed that they are familiar with the book's topic, it is assumed that they are very familiar with similar technologies. The presentation of information is extremely dense and avoids introductory or basic text. The series delivers as much information in as little space as possible. *The Office of Environmental Management Technical Reports* CRC Press

The Lyons Press is proud to present the forty-fifth annual edition of the National Wildlife Federation's "Conservation Directory" of U.S. and international organizations and agencies working to protect the environment -- the most vital resource of its kind. Included are: members of the United States Congress; government agencies; citizens' groups; educational institutions; databases, services, periodicals, and other directories; federally protected conservation areas; indexes; and more. This annual directory is essential for colleges and universities, libraries, environmental activists, students, outdoor writers, science editors, natural-resource agencies, those seeking employment in the field of conservation, researchers, and all individuals interested in wildlife and ecology.
