RAMOS BALDWIN

The Structure of English Foundation Books

This book provides a concise introduction to work in syntactic theory, drawing on the key concepts of Chomsky's Minimalist Program.

Analysing English Sentences Deepublish

This outstanding resource for students offers a step-by-step, practical introduction to English syntax and syntactic principles, as developed by Chomsky over the past 15 years. Assuming little or no prior background in syntax, Andrew Radford outlines the core concepts and how they can be used to describe various aspects of English sentence structure. This is an abridged version of Radford's major new textbook *Analysing English Sentences* (also published by Cambridge University Press), and will be welcomed as a handy introduction to current syntactic theory.

A Course in Grammar and Composition : Intermediate John Wiley & Sons

A quick reference guide to sentence structure and word order in English, ideal for students of English, editors, writers and anyone with an interest in grammar fundamentals.

English Sentence Structure Review Cambridge University Press

The objectives of the course are: (1) to enable students to shape listening skills needed to understand basic core of topics and communicative functions in English; (2) to enable students to shape speaking skills pertaining to expressing ideas and feeling in certain topics and communicative functions in English; (3) to enable students to shape writing skills for a range of functional writing tasks; (4) to enable students to shape intensive and extensive reading skills in good manner in terms of being honest, discipline, confident and responsible.

An Intensive Course in English: English pattern practices Walter de Gruyter GmbH & Co KG

A straightforward guide to understanding English grammar This book is for people who have never thought about syntax, and who don't know anything about grammar, but who want to learn. Assuming a blank slate on the part of the reader, the book treats English grammar as a product of the speaker's mind, and builds up student skills by exploring phrases and sentences with more and more complexity, as the chapters proceed. This practical guide excites and empowers readers by guiding them step by step through each chapter with intermittent exercises. In order to capitalize on the reader's confidence as a personal authority on English, *Understanding Sentence Structure* assumes an inclusive definition of English, taking dialect variation and structures common amongst millions of English speakers to be a fact of

natural language. Situates grammar as part of what the student already unconsciously knows Presupposes no prior instruction, not even in prescriptive grammar Begins analyzing sentences immediately, with the "big picture" (sentences have structure, structure can be ambiguous) and moves through levels of complexity, tapping into students' tacit knowledge of sentence structure Includes exercise boxes for in-chapter practicing of skills, side notes that offer further tips/encouragement on topics being discussed, and new terms defined immediately and helpfully in term boxes Applies decades of findings in syntactic theory and cognitive science, with an eye towards making English grammar accessible to school teachers and beginning students alike *Understanding Sentence Structure: An Introduction to English Syntax* is an ideal book for undergraduates studying modern English grammar and for instructors teaching introductory courses in English grammar, syntax, and sentence structure.

Cambridge Advanced Learner's Dictionary Routledge Andrew Radford has acquired an unrivalled reputation over the past forty years for writing syntax textbooks in which difficult concepts are clearly explained without excessive use of technical jargon. *Analysing English Sentence Structure* continues in this tradition, offering a well-structured intermediate course in English syntax and contemporary syntactic theory. Chapters are split into core modules, each focusing on a specific topic, and the reader is supported throughout with learning aids such as summaries, lists of key hypotheses and principles, extensive references, exercises with handy hints, and a glossary of terminology. Both teachers and instructors will benefit from the book's free online resources, which comprise an open-access Students' Answerbook, and a password-protected Teachers' Answerbook, each containing comprehensive answers to exercises, with detailed tree diagrams. The book and accompanying resources are designed to serve both as a coursebook for use in class, and as a self-study resource for use at home.

English Sentence Structure Cambridge University Press The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART thesaurus - lets you find all the words with the same meaning - QUICKfind -

automatically looks up words while you are working on-screen - SUPERwrite - tools for advanced writing, giving help with grammar and collocation - Hear and practise all the words.

Patterns of English Sentences McGraw Hill Professional "Japanese Sentence Patterns for Effective Communication presents 142 essential sentence Patterns for everyday conversation - all that is needed to get by in most uncomplicated social situations. These patterns represent the basic building blocks of sophisticated speech, and are mastered by all intermediate students. Each is given first in the form of a full-length English sentence, so that one can quickly understand its meaning and intent, then is followed by a Japanese translation, a short, precise explanation, several example sentences, and a practice section that allows one to test one's comprehension. By familiarizing oneself with these patterns and practicing them out loud, and inventing new sentences with them, one will quickly gain the skills necessary to effectively communicate one's thoughts in Japanese." "With page after page of sentence-pattern practice and straightforward explanations of grammar, this book is ideal for ambitious beginning-level students who wish to up their oral proficiency quickly. But it will also usefully serve intermediate and advanced students in need of solid review material, or anyone with an interest in the workings of the Japanese language."--BOOK JACKET.

Spanish Sentence Builders - A Lexicogrammar Approach Cambridge University Press

The go-to sentence-building guide now includes a brand-new, fully comprehensive review chapter! You've learned the fundamentals of English grammar, like spelling, word meanings, and parts of speech. Now it's time to take the next step and put them all together to communicate complete ideas. *Practice Makes Perfect English Sentence Builder, Second Edition* guides you through the

process of putting the "parts" of English together correctly, from connecting words into clauses to writing original sentences to creating whole paragraphs. You'll get where you want in no time through Practice Makes Perfect's systematic, crystal-clear approach to building sentences. Practice Makes Perfect English Sentence Builder, Second Edition features:

- Clear explanations of how to apply grammar to create well-formed sentences
- Numerous examples of correctly-formed English sentences
- Lesson reinforcement with copious practice exercises, include multiple choice, sentence-correction, and building new sentences from scratch
- Answer key, including suggestions for creative exercises

Intensive Course Of English Student's Book 1 John Benjamins Publishing

A readable introduction to English syntax and syntactic theory, argumentation and description, suitable for students with little prior knowledge.

English Sentence Structure Independently Published

This book presents sentence elements in a way that makes grammar learning effective. For ESL students who have learned some English but need to see the big picture of English grammar, this is the book for them. Students will be guided step by step, starting from the basics of what makes a sentence, and progressing to identifying various sentence structure types. Four sentence structure types are introduced in order of their increasing complexity. Each type is illustrated with diagrams and demonstrated with examples in passages. These passages can be used as models for students' writing assignments. Exercises in each stage utilize concepts from the previous and current lessons. By the time they finish the six lessons in this book, students will have achieved mastery of English sentence structure.

An Introduction to English Sentence Structure Walter de Gruyter GmbH & Co KG

For ESL students at an intermediate level.

An Introduction to English Sentence Structure International Student Edition University of Michigan Press ELT

This book "is a 10-week course for student of English language and literature, linguistics or other related language studies. The course and the practice program on CD-ROM provide all the background information and practice facilities you need to become proficient in sentence analysis at sentence, clause and phrase level, making you familiar with the terms and concepts of English syntax." - back cover.

The objectives of the course are: (1) to enable students to shape listening skills needed to understand basic core of topics and

communicative functions in English; (2) to enable students to shape speaking skills pertaining to expressing ideas and feeling in certain topics and communicative functions in English; (3) to enable students to shape writing skills for a range of functional writing tasks; (4) to enable students to shape intensive and extensive reading skills in good manner in terms of being honest, discipline, confident and responsible.

An Intensive Course in English for Latin-American Students: English sentence structure Niaga Swadaya

This is the newly updated SECOND EDITION! This version has been fully re-checked for accuracy and re-formatted to make it even more user-friendly, following feedback after a full year of classroom use by thousands of teachers across the world. Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) A sentence builder modelling the target constructions; 2) A set of vocabulary building activities; 3) A set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; 4) A set of retrieval-practice translation tasks; 5) A set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

Sense and System in English Sentences Deepublish

An Introduction to English Sentence Structure puts the study of English sentences into the meaningful perspective provided by the broad essentials of functionalism. The book starts from the premise that the structure of language reflects the structure of events in everyday experience. By contrast, grammars that are

more structural in nature often begin with gross facts about language structure, such as the observation that clauses can be divided into subjects and predicates. The book's premise reflects the fundamental Hallidayan principle that language simultaneously codes for three dimensions of structure: clause as representation, clause as exchange, and clause as message. This approach has the effect of situating the study of language in the student's familiar world of ideas, relationships, and discourses. The book blends insights from three prominent modern schools of grammatical thought (functionalism, structuralism, and generativism) using functionalism as the philosophical and organizational motif. The book focuses on the representational function of language, encouraging students to use their knowledge of the way the world works in order to understand how language works. The approach taken is hybrid: It assumes that form matters, and in this sense it is structural. It also assumes that forms follows function, and in this sense it is functional. As its subtitle suggests, the book is concerned with the argument structure of clauses, the boundary markers of clause combinations, and the syntactic and experiential resources that permit language users to supply the content of empty categories, which are the missing elements.

Intensive Course Of English Student's Book 2 Cambridge University Press

This coursebook has been prepared for students at the intermediate level. The first part of the course deals with grammar and the second part deals with composition. The course in grammar aims to - familiarise learners with the rules of grammar and usage, and - give practice in using the grammatical structures accurately and appropriately. The course in composition aims to develop learners' ability to write cohesively and coherently using appropriate vocabulary on familiar topics. Minimal teacher guidance will be required to do the tasks. Some of the key features of the book: - Simple and clear explanations: Grammatical explanations are made in simple language with minimal use of jargon. - Focus on form and function: Each topic is dealt with in two parts. The first focuses on the form of the structure and the second on its function. Extensive practice: The practice section is divided into two. The first part aims to give learners a firm grounding in the form of the structure and the second part aims to enable the learners to use the structure in situations. - Writing for academic purposes: The composition section deals with writing skills that are useful for studying all subjects through English. - Writing for life: The composition section also aims to develop learners' skills for using English for written communication in everyday life.
