From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

Sexual Citizens John Wiley & Sons

This book explores the relationship between sex and belonging in law and popular culture, arguing that contemporary citizenship is sexed, privatized, and self-disciplined. Former sexual outlaws have challenged their exclusion and are being incorporated into citizenship. But as citizenship becomes more sexed, it also becomes privatized and self-disciplined. The author explores these contesting representations of sex and belonging in films, television, and legal decisions. She examines a broad range of subjects, from gay men and lesbians, pornographers and hip hop artists, to women selling vibrators, adulterers, and single mothers on welfare. She observes cultural representations ranging from *Queer Eye for the Straight Guy* to *Dr. Phil*, *Sex in the City* to *Desperate Housewives*. She reviews appellate court cases on sodomy and same-sex marriage, national welfare reform, and obscenity regulation. Finally, the author argues that these representations shape the terms of belonging and governance, producing good (and bad) sexual citizens, based on the degree to which they abide by the codes of privatized and self-disciplined sex.

Winner of the National Book Award for Young People's Literature, the Michael L. Printz Award, and the Pura Belpré Award! Fans of Jacqueline Woodson, Meg Medina, and Jason Reynolds will fall hard for this astonishing New York Times-bestselling novel-in-verse by an award-winning slam poet, about an Afro-Latina

heroine who tells her story with blazing words and powerful truth. Xiomara Batista feels unheard and unable to hide in her Harlem neighborhood. Ever since her body grew into curves, she has learned to let her fists and her fierceness do the talking. But Xiomara has plenty she wants to say, and she pours all her frustration and passion onto the pages of a leather notebook, reciting the words to herself like prayers—especially after she catches feelings for a boy in her bio class named Aman, who her family can never know about. With Mami’s determination to force her daughter to obey the laws of the church, Xiomara understands that her thoughts are best kept to herself. So when she is invited to join her school’s slam poetry club, she doesn’t know how she could ever attend without her mami finding out. But she still can’t stop thinking about performing her poems. Because in the face of a world that may not want to hear her, Xiomara refuses to be silent. “Crackles with energy and snaps with authenticity and voice.” —Justina Ireland, author of *Dread Nation* “An incredibly potent debut.” —Jason Reynolds, author of the National Book Award Finalist *Ghost* “Acevedo has amplified the voices of girls en el barrio who are equal parts goddess, saint, warrior, and hero.” —Ibi Zoboi, author of *American Street*

Trade in goods and services has historically resisted territorial confinement, but trademark protection remains territorial, albeit within an increasingly important framework of multilateral treaties. Trademark law therefore demands that practitioners, policy-makers and academics understand principles of international and comparative law. This handbook assists in that endeavour, with chapters describing and critically analyzing international and regional frameworks, and providing comparative perspectives on the substantive issues in trademark law and related fields, such as geographic indications, advertising law, and domain names. Chapters contrast common law and civil law approaches while focusing on the US and EU trademark systems in light of the role these systems have played in the development of trademark laws. Additionally, this handbook covers other jurisdictions, both common law and civil law, on the Asia-Pacific, African, and South American continents. This work should be read by anyone seeking a better understanding of trademark law around the world.

Argues that Victorian legal, linguistic, and cultural attitudes toward promises—especially promises to marry—had a formative effect on novels of the period. 1,523 ACT Practice Questions, 7th Edition Rowman & Littlefield The 171 extant plays of the Yuan period (1279-1368) are the oldest and most brilliant examples of Chinese dramatic literature. In this first comprehensive study, Chung-wen Shih systematically explores the riches of Yuan drama, from its unexcelled lyric poetry to its colorful characterization. After tracing the popular genres that contributed to the flowering of Yuan drama, the author describes conventional features of dramatic construction, methods of characterization, and recurring themes. The central focus is on the use of language: prose passages and lyrics are cited to show how innovative use of spoken language invests the prose with a remarkable strength and suppleness, and how imaginative use of figurative language endows the poetry with an incomparable richness of texture. Attention is also given to the use of music and physical aspects of staging. Originally published in 1976.
