 , which
 calibrates the

levels of Truth from 1 to 1,000, Power versus Force calibrates at 850, The Eye of the I at 980, and the final volume of the trilogy, I, calibrates at a conclusive 999.8. The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates the reader's understanding and comprehension. As with the reading of Power versus Force or The Eye of the I, the reader's level of

consciousness increases measurably as a consequence of exposure to this material itself, which is presented from a catalytic, powerful field of context and exposition. Conflict is resolved within the mind of the student by means of recontextualization, which solves the dilemma. Argument and adversity are resolvable by identifying the positionalities of the ego which are the basis of

human suffering.

Join the millions of women who have been blessed by this life-changing look at the power

of a wife's prayers. *How to Mend a Broken Heart* Hay House, Inc The now widely known Map of calibrated levels of Consciousness was presented in Power vs. Force in 1995 and has been translated into all the world's major languages. This was followed by *The Eye of the I* (2001), *I: Reality and Subjectivity* (2003), and *Truth vs. Falsehood* (2005), which explored the levels of Truth

reflected throughout society. *Transcending the Levels of Consciousness* returns to the exploration of the ego's expressions and inherent limitations and gives detailed explanations and instructions on how to transcend them. As with the reading of Dr. Hawkins' previous books, the reader's level of consciousness is advanced as a consequence of exposure to the information

itself. This opens up avenues to the relief of suffering for oneself and others, which fulfills the purpose of the work and the intention to facilitate the reader's own Enlightenment .

Discovery of the Presence of God

Penguin
Is it possible to heal by thought alone—without drugs or surgery? The truth is that it happens more often than you might expect. In *You Are the Placebo*, Dr. Joe Dispenza

shares numerous documented cases of those who reversed cancer, heart disease, depression, crippling arthritis, and even the tremors of Parkinson's disease by believing in a placebo. Similarly, Dr. Joe tells of how others have gotten sick and even died the victims of a hex or voodoo curse—or after being misdiagnosed with a fatal illness. Belief can be so strong that pharmaceutical

companies use double- and triple-blind randomized studies to try to exclude the power of the mind over the body when evaluating new drugs. Dr. Joe does more than simply explore the history and the physiology of the placebo effect. He asks the question: "Is it possible to teach the principles of the placebo, and without relying on any external substance, produce the same internal changes in a person's

health and ultimately in his or her life?" Then he shares scientific evidence (including color brain scans) of amazing healings from his workshops, in which participants learn his model of personal transformation, based on practical applications of the so-called placebo effect. The book ends with a "how-to" meditation for changing beliefs and perceptions that hold us back—the first

step in healing. You Are the Placebo combines the latest research in neuroscience, biology, psychology, hypnosis, behavioral conditioning, and quantum physics to demystify the workings of the placebo effect . . . and show how the seemingly impossible can become possible.

The Business School

Rutgers University Press
You want to do the right thing—to take

care of your family, to be a good employee, to "be there" for your friends. And you're good at it. Everyone knows they can depend on you—so they do. But are you really doing what's best for them? And what about you—are you growing? Are you happy and relaxed? Are you excited about your gifts and your calling, or do you sometimes think, "I don't even know what I want anymore."

Find out why you have trouble saying no. Learn why you feel accepted only when you are producing. And finally experience the deep joy and peace that come with serving other people out of your abundance, not out of your need.

Widely appreciated for his unusual capacity to illumine the Real in everyday terms, Dr. Hawkins

lectured on such vital topics as The Nature of God, Nonduality, Self-Realization, Spirituality in the Modern World, Spiritual Community, Spiritual Teachers, The Way of Devotion, Qualities of the Spiritual Seeker, Love, Success, and Happiness. Transcending the Levels of Consciousness
Hay House, Inc
This, the eighth book in a progressive series based on the revelations of

consciousness research, resulted from a group of lectures given by the author at the request of the original publisher of A Course in Miracles, along with members of several self-help groups, including Alcoholics Anonymous, ACIM, Attitudinal Healing Centers, other recovery groups, and a number of clinicians. Our society lives with constant stress, anxiety, fear, pain, suffering,

depression, and worry. Alcoholism, drug addiction, obesity, sexual problems, and cancer are constantly in the news. Mankind in general has had very little information about how to address life's challenges without resorting to drugs, surgery, or counseling. In this book, you will learn why the body may not respond to traditional medical approaches. Specific instructions

and guidelines are provided that can result in complete healing from any disease. The importance of including spiritual practices in one's healing and recovery program is explained, along with how easy it is to incorporate them in the process. Healing and Recovery provides clinically proven self-healing methods that will enable you to take charge of your health and live a happy,

healthy, and fulfilling life. *Reality, Spirituality and Modern Man* Letting Go Charlie struggles to cope with complex world of high school as he deals with the confusions of sex and love, the temptations of drugs, and the pain of losing a close friend and a favorite aunt.

Healing and Recovery Harvest House Publishers The journey from stress to peace is not only possible, it is within

reach. Hawkins reminds us that the sunshine is always present, and becomes visible when the clouds disappear. Letting go accelerates our growth in all areas of our life. This is the bestseller of our company. Absolutely recommended .

Love Is Letting Go of Fear, Third Edition Hay House, Inc Imagine—what if you had access to a simple yes-or-no answer to

any question you wished to ask? A demonstrably true answer. Any question . . . think about it.— from the Foreword We think we live by forces we control, but in fact we are governed by power from unrevealed sources, power over which we have no control.— from the author's Preface The universe holds its breath as we choose, instant by instant, which pathway to follow; for the universe, the very essence

of life itself, is highly conscious. Every act, thought, and choice adds to a permanent mosaic; our decisions ripple through the universe of consciousness to affect the lives of all.—from Power vs. Force "[A] beautiful gift of writing . . . [You] spread joy, love, and compassion through what you write. The fruit of these three is peace, as you know . . ."—Mother Teresa ". . . particularly timely . . . a

significant contribution to understanding and dealing with the problems we face today."—Lee Iacocca "I especially appreciate [the] research and presentation on the attractor patterns of business . . ."—Sam Walton "Overwhelming! Xlibris Corporation A revelatory primer on what it means to be human, from "the perfect guide for a course correction in life" (Deepak Chopra)—and a mind-opening manual of initiation into the central mystery of existence. At the root of human conflict is our fundamental misunderstanding of who we are. The illusion that we are isolated beings, unconnected to the rest of

the universe, has led us to view the “outside” world with hostility, and has fueled our misuse of technology and our violent and hostile subjugation of the natural world. To help us understand that the self is in fact the root and ground of the universe, Watts has crafted a revelatory primer on what it means to be human—and a mind-opening manual of initiation into the central mystery of

existence. In *The Book*, Alan Watts provides us with a much-needed answer to the problem of personal identity, distilling and adapting the Hindu philosophy of Vedanta.

Along the Path to Enlightenment Hay House, Inc This newly reissued debut book in the Rutgers University Press Classics Imprint is the story of the search for a rocket propellant which could

be trusted to take man into space. This search was a hazardous enterprise carried out by rival labs who worked against the known laws of nature, with no guarantee of success or safety.

Acclaimed scientist and sci-fi author John Drury Clark writes with irreverent and eyewitness immediacy about the development of the explosive fuels strong enough to negate the relentless

restraints of gravity. The resulting volume is as much a memoir as a work of history, sharing a behind-the-scenes view of an enterprise which eventually took men to the moon, missiles to the planets, and satellites to outer space. A classic work in the history of science, and described as “a good book on rocket stuff...that’s a really fun one” by SpaceX founder Elon Musk, readers will want to

get their hands on this influential classic, available for the first time in decades.

The Knife of Never Letting Go

Veritas Pub
This is the seventh book in a progressive series based on the revelations of consciousness research. It describes in detail how to discern not only truth from falsehood but also the illusion of appearance from the actual core of reality. The

text explains how to differentiate perception from essence, and thereby enables the reader to resolve the ambiguities and classical riddles that have challenged mankind for centuries and baffled the best minds in history. While modern technologies have provided a phethora of new toys and conveniences, the basic problems of daily existence remain. This book provides the tools to

survive and regain fundamental autonomy and inner harmony while living with the complexities of the modern world.

Power Versus Force Hay House, Inc After more than thirty years, *Love Is Letting of Fear* continues to be among the most widely read and best-loved classics on personal transformation . Both helpful and hopeful, this little gem of a guide offers twelve lessons to help us let go of the past

and stay focused on the present as we step confidently toward the future.

Renowned all over the world as the founder of Attitudinal Healing, Dr. Gerald Jampolsky reminds us that the impediments to the life we long for are nothing more than the limitations imposed on us by our own minds.

Revealing our true selves, the essence of which is love, is ultimately a matter of releasing

those limited-- and limiting-- thoughts and setting our minds free.

Love Is Letting of Fear has guided millions of readers along the path of self-healing with its deeply powerful yet profoundly humble message.

Embrace it with an open mind and a willing heart and let it guide you to a life in which negativity, doubt, and fear are replaced with optimism, joy, and love.

Hay House, Inc

A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard – and the passage to manhood embodies a horrible secret. Todd Hewitt is the only boy in a town of men. Ever since the settlers were infected with the Noise germ, Todd can hear everything the men think, and they hear everything he thinks. Todd is just a month away from becoming a man, but in

the midst of the cacophony, he knows that the town is hiding something from him -- something so awful Todd is forced to flee with only his dog, whose simple, loyal voice he hears too. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on New World?

Propelled by Todd's gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order to figure out who he truly is.

negativity and embrace the power of positive thinking to live a happy, successful life. *Reinforcement Learning, second edition* Hay House, Inc. An accessible exploration of best-selling author's most famous work, *The Map of Consciousness*, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of

consciousness. And with *The Map of Consciousness*, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values-along

with a logarithmic scale of 1 to 1,000-became the *Map of Consciousness*, which Dr. Hawkins first wrote about in his best-selling book, *Power vs. Force*. With the *Map*, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love,

Ecstasy, Peace, and Enlightenment . These "higher" energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins's teachings on human consciousness and their associated energy fields, *The Map of Consciousness Explained* offers readers an introduction and deeper understanding of the Map, with visual charts and practical

applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life. [Dissolving the Ego, Realizing the Self](#) Grano de Mostaza Explains how to cope with the feelings of anger, sadness, and depression that often result from the end of a relationship and offers

suggestions to promote the healing process **The Eye of the I** Hay House, Inc What blocks spiritual progress? And how do we transcend these blocks? The spiritual teachings of David R. Hawkins on the nature of consciousness , spirit, and ego are known worldwide by students seeking to realize spiritual Truth. As a mystic, Dr. Hawkins has infused the truths found in the precepts of

Western religion with the core of Eastern philosophy, bridging the familiar, physical world to the nonlinear, spiritual domain. This collection of passages, carefully selected from Dr. Hawkins's extensive writings, offers readers a new contemplation for each day. Any one of these passages, fully understood, can elevate one's level of consciousness.

The Quest

for Artificial Intelligence

Veritas Publishing
This is the second volume of a trilogy that began with *Power vs. Force* and will be completed in the year 2002 by the publication of the third volume entitled I: *Reality and Subjectivity. The Eye of the I* (which calibrates at 950) is more advanced than *Power vs. Force* (which calibrates at 850) and brilliantly reveals the very core of

the spiritual process critical to the state of Enlightenment. The intrinsic power of the information provided in this startling classic is sufficient of itself to elevate the consciousness of the reader. This likelihood has been anticipated and provided for by preparatory recontextualizations. Included are verbatim dialogues with advanced students, instructions, and explanations

that illuminate the spiritual teachings. The Eye of the I is a brilliant work that dissolves the barriers between the known and the unknown, between science and spirituality, and between the Newtonian linear paradigm of the ego and the nonlinear reality of Enlightenment. With the resolution of the self, the Self shines forth and reveals one's true identity.
