Theoretical Framework for Interactive Visual Narratives ...A visual narrative is a story told primarily through the use of visual media. The story may be told using still photography, illustration, or video, and can be enhanced with graphics, music, voice and other audio. Visual narrative - Wikipedia A visual narrative is a type of story that is told primarily or entirely through visual media, such as photographs, illustrations, or video. There are no restrictions on the types of narratives that can be made in a visual manner — a visual narrative can be fiction or nonfiction of any genre. Some such narratives are even used primarily for practical purposes in order to communicate
