[The Alchemy of Stones](#) New York Review of Books
 A brilliant and provocative exploration of the interconnection of private life and the large-scale horrors of war and devastation. A Pulitzer Prize and National Book Critics Circle Award finalist, and a winner of the Bay Area Book Reviewers Association Award, Susan Griffin's *A Chorus of Stones* is an extraordinary reevaluation of history that explores the links between individual lives and catastrophic, world-altering violence. One of the most acclaimed and poetic voices of contemporary American feminism, Griffin delves into the perspective of those whose personal relationships and family histories were profoundly influenced by war and its often secret mechanisms: the bomb-maker and the bombing victim, the soldier and the pacifist, the grand architects who were shaped by personal experience and in turn reshaped the world. Declaring that "each solitary story belongs to a larger story"—and beginning with the brutal and heartbreaking

circumstances of her own childhood—Griffin examines how the subtle dynamics of parenthood, childhood, and marriage interweave with the monumental violence of global conflict. She proffers a bold and powerful new understanding of the psychology of war through illuminating glimpses into the personal lives of Ernest Hemingway, Mahatma Gandhi, Heinrich Himmler, British officer Sir Hugh Trenchard, and other historic figures—as well as the munitions workers at Oak Ridge, a survivor of the Hiroshima bombing, and other humbler yet indispensable witnesses to history.

The Private Life of War Hachette Children's
 Unlock the Secret Power of Stones for Self-Care Harness the time-honored tradition of crystals and healing stones: The use of gemstones is one of many energy-centered practices that can help you find the calm and peace you need to stay grounded every day. Authors Lune Innate and Araminta Star Matthews are dedicated practitioners of the art of healing with gems, and they'll teach you everything you need to know to develop a personal practice that works for your own spiritual development.

You already possess the power for harmony and inner balance: Healing crystals are instruments you can use to channel the flow of positive and negative energy within yourself. As part of an intentional meditative practice, gems can be used to find inner peace and wellness, and to ease anxiety and depression. Transform obstacles into opportunities for growth: A renewed sense of focus and alignment with the universe will support your relationships with yourself and with others. This book is both an introduction to the power of gemstones and crystals, and an opportunity to expand your knowledge of healing arts. If you have found guidance in *Crystals for Beginners*, *Crystals for Healing*, and *The Crystal Bible*, then *Crystal Intentions: Practices for Manifesting Wellness* is the perfect addition to your collection of resources. In this this guide, you'll learn how to:

- Understand the chakra system and other essential healing and balance methods
- Sense and read the flow of your own energy
- And use stones to define your path of personal and spiritual development

Travel Guide for the New Shaman Simon and Schuster

Discover how to use crystal grids, which harness the powerful energy of crystals, to improve well-being and manifest your desires. Crystals are renowned throughout the world as natural healers, but they not only heal, they also affect how we feel and our responses to the world around us. They are energy-boosters which help enhance our experience of living at every level, and can protect us by detoxifying our physical, emotional, and spiritual systems from the stresses and strains of life. Within a crystal grid, their potential is enhanced, magnified, and directed. *The Book of Crystal Grids* presents all these amazing benefits in a format that's direct and easy to use. First, discover what crystal grids are and how and why they work, including the principles behind the power of crystal healing, how crystal grids create energy fields, and the theory of sacred geometry. Learn how to create a crystal grid, empowering it through the selection, color, and shape of the crystals in the grid, and how to give the grid a focus by setting an intention and meditating. Then, explore 50 different crystal grids, each photographed with clear instructions, for a range of specific purposes, from love and romance to travel, and from promoting health to self-esteem and confidence. A color-coded directory of over 100 common crystals and their energy benefits when used inside a crystal grid is also provided. Illustrated throughout with color photographs, and supplemented with practical exercises and case studies, *The Book of Crystal Grids* is the ultimate practical reference from a highly respected crystal author, healer, and teacher.

From the author of the acclaimed *Insectopedia*, a powerful exploration of loss, endurance, and the absences that permeate the present When Hugh Raffles's two sisters died suddenly within a few weeks of each other, he reached for rocks, stones, and other seemingly solid objects as anchors in a world unmoored, as ways to make sense of these events through stories far larger than his own. A moving, profound, and affirming meditation, *The Book of Unconformities* is grounded in stories of stones: Neolithic stone circles, Icelandic lava, mica from a Nazi concentration camp, petrified whale blubber in Svalbard, the marble prized by Manhattan's Lenape, and a huge Greenlandic meteorite that arrived with six Inuit adventurers in the exuberant but fractious New York City of 1897. As Raffles follows these fundamental objects, unearthing the events they've engendered, he finds them losing their solidity and becoming as capricious, indifferent, and willful as time itself.

The Book of Crystal Grids North Atlantic Books

The classic work that shaped the thought of a generation with its powerful insights into the true nature of mind and reality.

- Defines culture as a "cosmic egg" structured by the mind's drive for logical ordering of its universe.
- Provides techniques allowing individuals to break through the vicious circle of logic-based systems to attain expanded ways of creative living and learning. The sum total of our notions of what the world is--and what we perceive its full potential to be--form a shell of rational thought in which we reside. This logical universe creates a vicious circle of reasoning that robs our minds of power and prevents us from reaching our true potential. To step beyond that circle requires a centering and focus that today's society assaults on every level. Through the insights of Teilhard, Tillich, Jung, Jesus, Carlos Castaneda, and others, Joseph Chilton Pearce provides a mode of thinking through which imagination can escape the mundane shell of current construct reality and leap into a new phase of human evolution. This enormously popular New Age classic is finally available again to challenge the assumptions of a new generation of readers and help them develop their potential through new creative modes of thinking. With a masterful synthesis of recent discoveries in physics, biology, and psychology, Pearce reveals the extraordinary relationship of mind and reality and nature's blueprint for a self-transcending humanity.

Stones North Atlantic Books

Often dubbed the "crystals bible," this comprehensive reference guide to the spiritual and healing qualities of 455 sacred stones has become the go-to book for looking up the properties of gems and minerals. Each entry includes vivid color photographs for each stone to aid identification and to showcase its beauty, as well as listing its scientific information, its element and chakra correspondences, and the physical, emotional, and spiritual benefits of each stone. Illustrated by gorgeously lit, clear color photos to aid quick identification, the book offers an illuminating alphabetical journey through the mineral kingdom, stone by stone. This new edition of *The Book of Stones*, the best-selling guide to some of Earth's most beautiful natural objects, is revised

to include 76 new entries. The book begins with two introductory chapters detailing advice by authors Naisha Ahsian and Robert Simmons on how to work with crystals and stones—including the concept of crystal resonance and the scientific observation that living organisms (such as ourselves) are liquid crystalline structures. Each entry begins with the stone name and photo, plus its elemental and chakra correspondences, as well as keywords that indicate its properties. Next comes a description of the crystal structure, hardness, history, and known locations of each mineral, plus any relevant legend or lore from the past. Each author then offers their own take and personal insights on the subtle energy properties and spiritual applications of the stone. The entries conclude with summaries of the spiritual, emotional, and physical healing qualities of the stone, and an affirmation for evoking its potential benefits. The book's presentation is straightforward enough to make it an excellent introduction for beginners, yet the level of detail and the depth of research make it an invaluable resource for the most experienced stone practitioners.

Weiser Books

- Details the spiritual, healing, and energetic qualities of stones such as Moldavite, Nuummite, Circle Stones, Nirvana Quartz from the Himalayas, and high-vibrational Natrolite from the emerald mines of Russia
- Features color photos of exceptional examples of each of the stones
- Includes practices for deepening one's awareness of the stones' gifts—from expanding consciousness, to healing, to awakening the Light Body, to fulfilling one's personal and collective destiny

In *Stones of the New Consciousness* Robert Simmons examines the 62 most important stones to help accelerate and enhance conscious evolution and spiritual awakening. Each entry is illustrated with color photos of exceptional examples. The stones include Moldavite, the extraterrestrial amorphous crystal; Nuummite, the oldest gemstone on Earth; and Circle Stones, the highly energetic Flint found in crop circle formations. Other featured rarities include Nirvana Quartz from the Himalayas and high-vibrational Natrolite from the emerald mines of Russia. Simmons begins with a new approach to meditation with stones and to the possibility of conscious relationship with the spiritual beings who express themselves in our world as crystals and minerals. He includes historical and mythological references for each stone, positing that the fabled Stone of the Holy Grail and the Philosopher's Stone of the alchemists may have physical counterparts among the minerals discussed. Simmons presents practices for deepening one's awareness of the stones' gifts—from expanding one's consciousness, to healing, to awakening the Light Body, to fulfilling one's personal and collective destiny. While emphasizing direct contact with stones, the book also explores crystal energy tools, energy environments, and applications such as stone elixirs and essences that can aid anyone on a spiritual path.

The Love of Stones Mango Media Inc.

With economies in peril, war in the Middle East, genocides, global warming, and a host of other grim phenomena, the world has never seemed so besieged. The solution, says Robert Sardello, lies with the individual. In this timely, thoughtful book, he explains how the soul can engage with the outer world to produce radical change. Because we think of the world as a vast mechanism and behave as mechanical objects in it, the results are devastation and dysfunction. The key is to learn to identify with the plight of the Earth by developing a true sense of individual imagination and conscious awareness of inner purpose and beauty in conjunction with the soul of the world. Sardello shows how to achieve this awareness and bring what is inside out

into the world, inspiring balance and stability. Using the Grail legend and the myth of Sophia—known as the Soul of the World—as well as writings by Jung, James Hillman, and Rudolf Steiner, *Love and the Soul* helps readers imagine a revitalized Earth by exploring the significance of grieving, the transformative power of radical receptivity, the creative power of dreaming, and a new basis for community.

"The" Occult and Curative Powers of Precious Stones Simon and Schuster

Through myths and legends, the knowledge of the power of certain gems and crystals has been preserved over generations. However, the practical aspects of how to use these precious stones to promote spiritual development have been lost to all but a few initiates. In *Steps on the Stone Path*, Robert Sardello offers strategies and rituals for recapturing that lost power. Sardello starts with guided meditations and rituals for developing awareness of, and the ability to experience, stone qualities such as deep silence, form, transparency, and color as modes of spiritual consciousness. Entering these modes of silent, creative consciousness requires befriending the elemental angelic beings embodied in stones. Sardello develops these initial practices into a sensory yoga of stones, in which the connection between the self and the Divine Self manifests through the medium of stone-awareness. He encourages readers to wear certain gems or to keep specific crystals close to their body, allowing them to enter the world of spirit. *Steps on the Stone Path* explores the possibility of uniting our soul being with the soul of specific stones, reveals unknown inner qualities and dimensions of humankind, and presents a dazzling theory of stones as critical tools in the making of a New Heaven and a New Earth.

Of the Virtues of Herbs, Stones, and Certain Beasts, Also a Book of the Marvels of the World Llewellyn Worldwide

Garnet Havelock was always a bit different from other guys. He never quite fit in and he was okay with that. Now, in his final year of high school, he's just marking time, waiting to get out into the real world. When a mysterious girl transfers to his school Garnet thinks he might have found the girl of his dreams, if only he could get her to talk to him. As Garnet struggles to win over one girl, another girl is trying to get his attention – unfortunately she lived over 150 years ago. Garnet becomes fascinated by her history and that of the black community she belonged to. As he draws closer to the truth, he uncovers a horrifying chapter in his town's history, and discovers the ways in which deep-seated prejudices and persecution from the past can still reverberate in the present.

The Second Book of Crystal Spells CICO Books

Details the powerful effects of gems as an alternative therapy for physical, psychological, and spiritual healing • Reveals the physical, healing, and astrological properties of over 70 minerals, along with instructions for maintaining and recharging their powers • Examines the “life” energy of stones, their basic vibratory patterns, and how this energy is used therapeutically to treat various disorders • Shows how to use gems in color therapy and to harmonize the chakras Gemstones have been used for both therapeutic and spiritual purposes since the beginning of time and in all traditions. Used properly, they can contribute to and accelerate healing through the practice of lithotherapy, which uses gems and minerals to restore enzymatic functions, and they can energize spiritual development. Alternative medicines such as homeopathy have given prominence to the therapeutic character of certain minerals, but the use of gemstones in expanding awareness or establishing a holistic, energetic connection with the stone itself have scarcely been brought forward. In this reclaiming of ancient wisdom, Florence Mégemont explores the many potent and beneficial dimensions of the mineral world. Over 70 precious and semiprecious stones are inventoried as to their principal deposits, therapeutic applications, and zodiac correspondences. Readers will discover which physical and emotional disorders can be relieved by using which minerals and—with the application of chakra therapy—which gemstones are indispensable to their spiritual health. While not proposing that lithotherapy is a substitute for traditional allopathic treatment, Mégemont shows that it can be a powerful complement to it. Additionally, stones can act preventively,

energizing both our health and spiritual resources to a state of balance and attunement.

Crace's second novel confirmed his status as a writer of great imagination and skill. Set at the twilight of the Stone Age, a young man elects himself the village storyteller, and hunts restlessly, far and wide, for inspiration. But the information he finds and the people he meets warn of the advent of a new age and the coming of a metal that will change their community's life irrevocably.

The Book of Stones, Revised Edition Picador

Burrowing through the goldsmiths' quarters and hidden archives of London, Tokyo, and Istanbul, Katharine Sterne is on the trail of a ruby, diamond, and pearl brooch once worn by Queen Elizabeth I. Interwoven with the tale of her hunt is that of a pair of Iraqi Jewish brothers who traveled to London two hundred years earlier with fortunes made from an unearthed jar of priceless stones. Spanning two continents and six centuries, *The Love of Stones* follows three very different people, each consumed by the same

desire-possession of the legendary jewel-which binds their stories together in an irresistible quest.
