 Accounting: Tools for Business Decision Making, 7th

Edition is a two-semester financial and managerial accounting course designed to show students the importance of accounting in their everyday lives.
 Emphasizing decision-making, this new edition features relevant topics such as data analytics as well as the time-tested features that have proven to be of most help to students.
 Accounting: Tools for Business Decision Making, 7th

Financial Accounting gives readers a solid foundation in the fundamentals of accounting and the basics of financial statements, and then builds upon that foundation to offer more advanced and challenging concepts and problems. The concepts and procedures that form the accounting cycle are also described and illustrated early in the text (Chapters 2 and 3) and are then applied
