Oxford Dictionary of Word Origins Oxford University Press, USA

Little Oxford Dictionary of Proverbs features over 2,000 proverbs and sayings from around the world, arranged across 250 subjects - from 'Books' and 'Borrowing' to 'Dreams' and 'Drink'. Each theme has a short introduction giving an overview of the proverbial treatment of the topic and each proverb is accompanied by information on its date, source, and meaning. Not only is this book a pleasure to browse but it is ideal for quick reference with its comprehensive index that makes it easy to find the exact phrase you're looking for. Beautifully produced and designed, it is the perfect gift for anyone who loves language. Drawing on Oxford's ongoing dictionary research and language monitoring, the second edition of this delightful book adds phrases that have come to prominence, or increased in popularity, since publication of the first edition, such as 'Never waste a good crisis' and 'Dress for the job you want, not for the job you have', which add a contemporary flavour to the selection of more traditional English proverbs, and the popular sayings used in the English-speaking world from Asia, Africa, Middle East, and many other cultures. Find phrases on all aspects of life in this fascinating little book.

The Shorter Oxford English Dictionary on Historical Principles OXFORD

"We visit the ugly corrugated iron structure that Murray grandly dubbed the Scriptorium -- the Scrippy or the Shed, as locals called it -- and meet some of the legion of volunteers, from Fitzedward Hall, a bitter hermit obsessively devoted to the OED, to W.C. Minor, whose story is one of dangerous madness, ineluctable sadness, and ultimate redemption. The Meaning of Everything is a scintillating account of the creation of the greatest monument ever erected to a living language. Simon Winchester's supple, vigorous prose illuminates this dauntingly ambitious project -- a seventy-year odyssey to create the grandfather of all word-books, the world's unrivaled uber-dictionary. Book jacket."--Jacket.

OXFORD DIC ENGLISH GRAMMAR(P) Oxford University Press

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has

arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

The Little Oxford Dictionary of Current English ... Third Edition, Revised and Supplemented by J. Coulson OXFORD

Little Oxford English Dictionary OXFORD

Oxford University Press

Can you drink a glass of balderdash? What do you call the part of a dog's back it can't scratch? And if, serendipitously, you find yourself in Serendip, then where exactly are you? The answers to all of these questions -- and a great many more -- can be found in the pages of the Oxford English Dictionary, the definitive record of the English language. And there is no better guide to the dictionary's many wonderments than the former chief editor of the OED, John Simpson. Simpson spent almost four decades of his life immersed in the intricacies of our language, and guides us through its history with charmingly laconic wit. In *The Word Detective*, an intensely personal memoir and a joyful celebration of English, he weaves a story of how words come into being (and sometimes disappear), how culture shapes the language we use, and how technology has transformed not only the way we speak and write but also how words are made. Throughout, he enlivens his narrative with lively excavations and investigations of individual words -- from deadline to online and back to 101 (yes, it's a word) -- all the while reminding us that the seemingly mundane words (can you name the four different meanings of ma?) are often the most interesting ones. But Simpson also reminds us of the limitations of language: spending his days in the OED's house of words, his family at home is forced to confront the challenges of wordlessness. A brilliant and deeply humane expedition through the world of words, *The Word Detective* will delight and inspire any lover of language.

Based on the highly successful Oxford Guide to English Usage, *The Little Oxford Guide* is a handy subject-by-subject guide to good English, pointing out pitfalls and how to avoid them. Clear advice is given on spelling, punctuation, grammar, pronunciation, and difficult and misused words. Quotations from authors ranging from Shakespeare to Martin Amis illustrate points of usage. Including all the key advice to help you speak and write better English, this practical reference provides the ideal companion to *The Little Oxford Dictionary* and *The Little Oxford Thesaurus*.

A Novel Oxford University Press

"Based on the New Oxford dictionary of English"--Preface.

The Word Detective Oxford University

"Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded."—The New York Times Book Review WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD • "A marvelous fiction about the power of language to elevate or repress."—Geraldine Brooks, New York Times bestselling author of *People of the Book* Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word *bondmaid* flutters beneath the table. She rescues the slip and, learning that the word means "slave girl," begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women's and common folks' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the *Dictionary of Lost Words*. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women's suffrage movement and with the Great War looming, *The Dictionary of Lost Words* reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. *The Dictionary of Lost Words* is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world.

The Little Oxford English Dictionary, Eighth Edition + the Little Oxford Thesaurus, Second Edition + the Little Oxford Dictionary of Quotations, Third Edition Oxford University Press
