The Gospel According to John Ampol Publishing

In *Liberalism and Social Action*, John Dewey (1859-1952), one of America's leading social philosophers, surveys the history of liberal thought from John Locke to John Stuart Mill, in his search to find the core of liberalism for today's world. While liberals of all stripes have held to some very basic values - liberty, individuality, and the critical use of intelligence - earlier forms of liberalism restricted the state function to protecting its citizens while allowing free rein to socioeconomic forces. But, as society matures, so must liberalism as it reaches out, to redefine itself in a world where government must play a role in creating an environment in which citizens can achieve their potential. Dewey's advocacy of a positive role for government - a new liberalism - nevertheless finds him rejecting radical Marxists and fascists who would use violence and revolution rather than democratic methods to achieve social

objectives.

Heaven Ride SIU Press

Those monsters that kept you up at night as a child, the ones that made you pull the covers up to your chin while you stared into the dark corners and saw shadows move. Or pulled the blankets over your head and imagined creatures inching across your bedroom. Well, they're real. The Organization, as it's called, is tasked with keeping the nightmares of myth and legend from invading the public eye. The group must be kept a secret along with the fact that the creatures exist. As civilization expands its boundaries, that undertaking becomes more difficult. A very few are selected to stand on the lines between humankind and the horrors lurking in the dark recesses of the world. Follow Jack Walker and Red Team as they're pulled into the shadows to combat creatures that once kept them awake at night.

The Later Works of John Dewey, Volume 13, 1925 - 1953 Read Books Ltd

First published in 1991. Routledge is an imprint of Taylor & Francis, an informa company.

The Gospels and Acts Book 2 SIU Press

The meticulously edited text published here as the first volume in the series *The Later Works of John Dewey, 1925-1953* spans that entire period in

Dewey's thought by including two important and previously unpublished documents from the book's history: Dewey's unfinished new introduction written between 1947 and 1949, edited by the late Joseph Ratner, and Dewey's unedited final draft of that introduction written the year before his death.

1925, Experience and Nature Great Books in Philosophy

HEAVEN RIDE is a techno-thriller about two loyal friends who unlock secrets of the human soul and invent a device that ejects the soul and long-term memory on its path to heaven, and then brings it back. The "Pod" enables them to build Heaven Ride into the most lucrative empire the world has ever known, until ruthless rivals embark on a campaign of deceit, treachery and betrayal to wrest it away for their own insidious plan. This quandary of science and morality may change the way you think about heaven and the afterlife ... FOREVER. * * * David Brownington, a brilliant entrepreneurial mastermind with a leading business incubator, comes in contact with a mysterious gadget that measures wavelengths never seen before. His close friend, JW Gomez, a third-year Ph.D. candidate, supercedes the boundaries of his doctoral studies using a bio-pod that creates out-of-body experiences. Driven by memories of his little brother who perished in a gruesome accident as a child, JW's extra-curricular studies of sudden traumatic death lead to the astonishing discovery of the human soul. When David and JW merge these devices, they stumble upon the highway to heaven. Each of them falls in love as their miraculous invention takes the world by storm. Millions make the trip. As Heaven Ride prospers, its repercussions ripple throughout society. Protests, bombs and kidnappings

threaten to shut it down, posing risks to David, JW, their friends and families. Long after Heaven Ride becomes a household word, startling revelations put David and JW in the crosshairs of dangerous men seeking ultimate power. With HEAVEN RIDE, John Eccleston and Kerry Gleason have woven an intense tale of ambition, success, friendship, betrayal, greed and corruption. It's an intricate and interesting tale of mankind's most startling invention, and technology gone awry.

America Franklin Classics Trade Press

John Dewey's Experience and Nature has been considered the fullest expression of his mature philosophy since its eagerly awaited publication in 1925. Irwin Edman wrote at that time that "with monumental care, detail and completeness, Professor Dewey has in this volume revealed the metaphysical heart that beats its unvarying alert tempo through all his writings, whatever their explicit themes." In his introduction to this volume, Sidney Hook points out that "Dewey's Experience and Nature is both the most suggestive and most difficult of his writings." The meticulously edited text published here as the first volume in the series The Later Works of John Dewey, 1925-1953 spans that entire period in Dewey's thought by including two important and previously unpublished documents from the book's history: Dewey's unfinished new introduction written between 1947 and 1949, edited by the late Joseph Ratner, and Dewey's unedited final draft of that introduction written the year before his death. In the intervening years Dewey realized the impossibility of making his use of the word 'experience' understood. He wrote in his 1951 draft for a new introduction: "Were I to write (or rewrite)

Experience and Nature today I would entitle the book Culture and Nature and the treatment of specific subject-matters would be correspondingly modified. I would abandon the term 'experience' because of my growing realization that the historical obstacles which prevented understanding of my use of 'experience' are, for all practical purposes, insurmountable. I would substitute the term 'culture' because with its meanings as now firmly established it can fully and freely carry my philosophy of experience."

What if you had just learned that your days are about to come to an end? Would you quietly accept your destiny, or would you fight this one final battle? And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could...", a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

How John Wrote the Book of Revelation:

From Concept to Publication The Later Works of John Dewey, Volume 10

This volume includes all Dewey's writings for 1938 except for Logic: The Theory of Inquiry (Volume 12 of The Later Works), as well as his 1939 Freedom and Culture, Theory of Valuation, and two items from Intelligence in the Modern World. Freedom and Culture presents, as Steven M. Cahn points out, the essence of his philosophical position: a commitment to a free society, critical intelligence, and the education required for their advance.

THREE KINGDOMS SIU Press

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Selections from the John Hejduk Archive at the Canadian Centre for Architecture, Montreal & The Menil Collection, Houston. Published in Association with the Harvard Design School in Conjunction with an

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Pomona Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

John Ashbery and You Lulu.com

The first and most terrifying monster in English literature, from the great early epic Beowulf, tells his own side of the story in this frequently banned book. This classic and much lauded retelling of Beowulf follows the monster Grendel as he learns about humans and fights the war at the center of the Anglo Saxon classic epic. This is the book William Gass called "one of the finest of our contemporary fictions."

Typescripts, essays, and an authoritative edition of Knowing and the known, Dewey's collaborative work with Arthur F. Bentley. In an illuminating Introduction T. Z. Lavine defines the collaboration's three goals-the construction of a new language for behavioral inquiry, a critique of formal logicians, in defense of Dewey's Logic, and a critique of logical positivism. In Dewey's words: Largely due to Bentley, I've finally got the nerve inside of me to do what I should have done years ago. What is it to be a linguistic sign or name? and Values, valuations, and social facts, ' both written in 1945, are published here for the first time

1942 - 1948, Essays, Reviews, and Miscellany Canongate U.S.

An intimate journey across and in search of America, as told by one of its most beloved writers, in a deluxe centennial

edition In September 1960, John Steinbeck embarked on a journey across America. He felt that he might have lost touch with the country, with its speech, the smell of its grass and trees, its color and quality of light, the pulse of its people. To reassure himself, he set out on a voyage of rediscovery of the American identity, accompanied by a distinguished French poodle named Charley; and riding in a three-quarter-ton pickup truck named Rocinante. His course took him through almost forty states: northward from Long Island to Maine; through the Midwest to Chicago; onward by way of Minnesota, North Dakota, Montana (with which he fell in love), and Idaho to Seattle, south to San Francisco and his birthplace, Salinas; eastward through the Mojave, New Mexico, Arizona, to the vast hospitality of Texas, to New Orleans and a shocking drama of desegregation; finally, on the last leg, through Alabama, Virginia, Pennsylvania, and New Jersey to New York. *Travels with Charley in Search of America* is an intimate look at one of America's most beloved writers in the later years of his life—a self-portrait of a man who never wrote an explicit autobiography. Written during a time of upheaval and racial tension in the South—which Steinbeck witnessed firsthand—*Travels with Charley* is a stunning evocation of America on the eve of a tumultuous decade. This Penguin Classics Deluxe Edition also features French flaps and deckle-edged paper. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series

to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. From the Trade Paperback edition.

The Later Works, 1925-1953: 1935-1937
Vintage

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance. *The Later Works of John Dewey, Volume 7, 1925 - 1953* Library of Alexandria This volume republishes sixty-two of Dewey's writings from the years 1942 to 1948; four other items are published here for the first time. A focal point of this volume is Dewey's introduction to his collective volume *Problems of Men*. Exchanges in the *Journal of Philosophy* with Donald C. Mackay, Philip Blair Rice, and with Alexander Meiklejohn in *Fortune* appear here, along with Dewey's letters to editors of various publications and his forewords to colleagues' books. Because 1942 was the centenary of the birth of William James, four articles about James are also included in this volume.

Book One: Sojourn of Souls SIU Press
John Ashbery and *You* approaches

Ashbery's critically neglected recent poetry with an ear to his use of the supremely elastic pronoun "you" and an eye toward his construction of his books as books. Together, these devices produce effects new to Ashbery's oeuvre and offer readers new ways "in" to his work. John Ashbery and You argues that starting with April Galleons (1987), and reaching an apex in Your Name Here (2000), the poet has been paying increasingly keen and affectionate attention to his readers. Vincent tracks these techniques but above all offers his readers tools to reapproach a dauntingly difficult body of work. Some critics have suggested that Ashbery is producing books too quickly for criticism to keep up or that the later books represent, as Vincent summarizes it, "a kind of logorrhea . . . and therefore don't really register as separate events as much as episodic eruptions of one big volcano which is the Later Ashbery." Vincent contends that critics are not keeping up with Ashbery not so much because it is all of a piece, but rather because his work varies so much from volume to volume. Each of the volumes from the latter part of Ashbery's career represents an individual and different poetic project, depending precisely on the unit of the book to produce its effects. By showing us that the entry point to Ashbery is not any given individual poem within a volume, but the entire volume, Vincent gives us a new and productive approach to reading the recent work of one of our most challenging poets.

The Collected Works of John Dewey, 1882-1953 (2nd Release). The Later Works of John Dewey, 1925-1953.

Volume 10 SIU Press

Having survived the worst effects of the Civil War, the city of Memphis, battered

but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

[The Later Works, 1925-1953](#)

Createspace Independent Publishing Platform

How John Wrote the Book of Revelation is the first of its kind, and introduces genetic literary reconstruction to Biblical studies. It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parallel. This provides the reader, for the first time, with the experience of observing how a Biblical book was written, and does this from an intimate perspective, as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first

book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning, and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the

pages of this book is the all-encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation, along with hundreds of charts and illustrations. How John Wrote the Book of Revelation is like no other book that has been written before, and sets a new paradigm for all Biblical works.
