Richard Harrington offers the essential techniques needed to advance your career with a focus not

just on digital photography, but also the Web, graphic design, multimedia, and video. The full-color book includes a DVD with hand-on exercises and practice images as well as 72 new video training tutorials (more than 6+ hours) that expand on the lessons in the book and provide a rich multimedia experience for beginning and intermediate Photoshop users. Coverage of exciting new Photoshop CS5 features includes: Puppet Warp, Merge to HDR Pro, Content-Aware Fill/Scale/Heal, 3D Text, Mixer Brush, and Lens Corrections. You will also learn about: Repairing and retouching digital images Color corrections and enhancements Blending modes and maximizing filters Selection tools and techniques Photoshop actions and automations to speed up your workflow Camera Raw workflow About the author: Richard Harrington is the founder of RHED Pixel, a visual communications company based in Washington, D.C. A graphic design and new media expert, he has written several books including Photoshop for Video and Apple Pro Training Series: Aperture

2. He is an Adobe and Apple certified trainer and a National Association of Photoshop Professionals Dream Team Instructor. He produces the popular podcast Understanding Adobe Photoshop available on both iTunes and the Adobe TV. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear. *The Photoshop Workbook* CRC Press Each year, Scott Kelby, Editor-in-Chief of Photoshop User magazine

and the #1 best-selling Photoshop author, trains literally thousands of photographers on how to retouch portraits using Photoshop through his live seminars, online classes, DVDs, and standing-room only workshops at the Photoshop World Conference & Expo. Now you can learn the same techniques he uses in his own retouching workflow, in the only book of its kind—one written expressly for photographers who do their own retouching. As a pro photographer himself, Scott understands that photographers make their living shooting, not retouching. But, delivering fully retouched images is now expected by clients. That's why Scott put together this amazing resource for teaching photographers the quickest, easiest, and most effective ways to create professional-looking, retouched final images without spending hours grinding away at painstaking, detailed techniques. LEARN HOW THE PROS DO IT It's all here—the step-by-step methods for fixing, enhancing, and finishing your portraits in Photoshop. Using the techniques in this book, you'll create images that

will absolutely wow your clients. You'll learn:

- How to soften skin and still retain detail and texture
- The best tricks for beautifully enhancing eyes, eyebrows, and eyelashes
- How to selectively sharpen portraits without complicated masking
- How to create gorgeous-looking lips
- How to remove blemishes fast and keep the most detail
- The pros' tricks for body sculpting
- How to make your subject's hair look fabulous
- How to give your retouches that natural look that sets them apart
- Plus, you get Scott's complete 5-minute, 15-minute, and 30-minute start-to-finish workflows

If you're ready to learn the "tricks of the trade"—the same ones that today's leading pro photographers use to retouch, tuck, tighten, and tone their images for that pro-retouched look—you're holding the book that will do exactly that. It will radically change the way you retouch your portraits from here on out, and give you the best-looking, most natural retouches you've ever done.
