Metro 2034 Del Rey

A new hero emerges in a divided world as one of sci-fi's most beloved series—Anne McCaffrey's *Dragonriders of Pern*—relaunches with this original adventure from Anne's daughter, Gigi McCaffrey. In honor of the fiftieth anniversary of the *Dragonriders of Pern* series, Gigi does her mother proud, adding to the family tradition of spinning

unputdownable tales that recount the adventures of the brave inhabitants of a distant planet who battle the pitiless adversary known as Thread. The last time Thread attacked Pern, the world was unprepared for the fight—until the Oldtimers appeared. These courageous dragonriders arrived from the past, traveling four hundred years to help their descendants survive. But the collision of past and present took its toll. While most of the displaced rescuers adapted to their new reality, others could not abide the jarring change and

found themselves in soul-crushing exile, where unhappiness and resentment seethed. Piemur, a journeyman harper, also feels displaced, cast adrift by the loss of his spectacular boyhood voice and uncertain of his future. But when the Masterharper of Pern sees promise in the young man and sends him undercover among the exiled Oldtimers, Piemur senses the looming catastrophe that threatens the balance of power between the Weyrs and Holds of Pern. When the unthinkable happens, Piemur must rise to the challenge to avert disaster and restore honor to the dragons and dragonriders of Pern. Because now, in a world already beset by Thread, another, more insidious danger looms: For the first time in living memory, dragons may be on the verge of fighting dragons.

Dragonflight Random House Digital, Inc. “Few are better at mixing elements of high fantasy and hard science fiction.”—The New York Times Book Review The crew of shipbred technicians sent to the planet Ireta were prepared for a routine mission to catalog flora and fauna and search for new energy sources. Kai and his beautiful co-leader, Varian, the best xenob-vet in the business, followed all the standard procedures, but the result of their investigations was totally unexpected. When their rescue ship mysteriously disappears, they suddenly find themselves surrounded by giant swamp creatures, deadly predators, and terrifying dinosaurs. And a curious change begins to come over many of the crew members—a mutinous change that

will lead all of them, in one way or another, into the primitive darkness of a future world that holds many mysteries yet to be revealed. . . .

The Harper Hall of Pern HarperCollins
 Let Anne McCaffrey, storyteller extraordinaire and New York Times and Sunday Times bestselling author, introduce you to a whole new world: Pern. A world of dragons and other worldly forces; a world of mighty power and ominous threat. If you like David Eddings, David Gemmell and Douglas Adams, you will love this. "Anne McCaffrey, one of the queens of science fiction, knows exactly how to give her public what it wants" - THE TIMES "Read Dragonflight and you're confronted with McCaffrey the storyteller in her prime..." - SFX "Wonderful descriptive writing, the

dragons are totally believable and their riders are very human." -- ***** Reader review "Pure genius." -- ***** Reader review "One of the all time classics of science fiction." -- ***** Reader review "Well written, extraordinary world building whose influence can be seen even today." ***** Reader review

 ***** HOW CAN ONE GIRL SAVE AN ENTIRE WORLD? To the nobles who live in Benden Weyr, Lessa is nothing but a ragged kitchen girl. For most of her life she has survived by serving those who betrayed her father and took over his lands. Now the time has come for Lessa to shed her disguise- and take back her stolen birthright. But everything changes when she meets a Queen dragon. The bond they share will

be deep and last forever. It will protect them when, for the first time in centuries, Lessa's world is threatened by Thread, an evil substance that falls like rain and destroys everything it touches. Dragons and their Riders once protected the planet from Thread and the blood-red star, but there are very few of them left these days. Only the gigantic, golden Queen can breed new dragons. And the Queen is fading . . . dying . . . Now brave Lessa must risk her life, and the life of her beloved dragon, to save her beautiful world. . . . The Dragonriders of Pern series continues in Dragonquest.

BONUS: This edition contains an excerpt from Elizabeth Moon's Kings of the North. For the first time in nearly twenty years, Elizabeth Moon returns to the thrilling realm of her superb Deed of Paksenarrion trilogy. Thanks to Paks's courage, the long-vanished heir to the half-elven kingdom of Lyonya has been revealed as Kieri Phelan, a formidable mercenary who earned a title—and enemies—in the neighboring kingdom of Tsaia, where Prince Mikeli suddenly faces the threat of a coup. Acting swiftly, Mikeli strikes at the powerful family behind the attack: the Verrakaien,

magelords steeped in death and evil. Mikeli's survival—and that of Tsaia—depend on the only Verrakai whose magery is not tainted with innocent blood. Two kings stand at a pivotal point in the history of their worlds. For dark forces are gathering against them, knit in a secret conspiracy more sinister and far more ancient than they can imagine.

Volume III of The Dragonriders of Pern®, the influential series by sci-fi/fantasy titan Anne McCaffrey Never in the history of Pern has there been a dragon like Ruth. Mocked by other dragons for his small size and pure white color, Ruth is smart, brave, and loyal—qualities that he shares with his rider, the young Lord Jaxom. Unfortunately, Jaxom is also

looked down upon by his fellow lords, and by other riders as well. His dreams of joining the dragonriders in defending Pern are dismissed. What else can Jaxom and Ruth do but strike out on their own, pursuing in secret all they are denied? But in doing so, the two friends will find themselves facing a desperate choice—one that will push their bond to the breaking point . . . and threaten the future of Pern itself.

With the Dragon Wars over, Creel finds herself bored with life as a seamstress. Then word comes that a bordering country has been breeding dragons in preparation for an invasion. Never one to miss out on the action, Creel throws herself headlong into an adventure that will reunite her with Shardas, the king of

the dragons, pit her against a vicious new dragon, and perhaps rekindle a friendship with Prince Luka. Funny, heart-felt, and action packed, new readers and returning fans alike will dive headlong into this highly anticipated follow up to *Dragonskin Slippers*.

Excerpt: Dragonflight is a science fiction novel by the American-Irish author Anne McCaffrey. It is the first book in the Dragonriders of Pern series. Dragonflight was first published by Ballantine Books in July 1968. It is a fix-up of novellas, including two which made McCaffrey the first woman to win a Hugo or Nebula Award. In 1987, Locus: The magazine of the science fiction & fantasy field ranked Dragonflight number nine among the 33 "All-Time Best Fantasy Novels," based on

a poll of subscribers. Two components of Dragonflight were award-winning novellas published by Analog science fiction magazine. The first segment, "Weyr Search," had been the cover story for the October 1967 issue, illustrated by John Schoenherr. The second segment, "Dragonrider," appeared in two parts beginning December 1967. "Weyr Search" features the recruitment of a young woman Lessa to establish a telepathic bond with a queen dragon at its hatching, and thus to become a dragonrider and the leader of a Weyr community on the fictional planet Pern. "Dragonrider" features the growth of queen dragon Ramoth and the training of Lessa and Ramoth. Analog editor John W. Campbell requested "to see dragons fighting Thread," Pern's menace from

space, and he also suggested time travel. McCaffrey put it all together. A third story...

In this struggle for influence and power, for the keys to magical knowledge, everything you knew about novels based on Magic: The Gathering® is changing . . . Jace Beleren is a planeswalker who has taken the path of least resistance. He is gifted and powerful, but chooses not to push himself. Part of an inter-planar consortium that deals in magical artifacts, Jace has some power and influence. He also has a certain amount of security. That's all about to change. When Liliana, a dark temptress with demons of her own (quite literally), comes into his life, she brings with her

more possibilities, but also more problems. Under attack from external interests, a friend dies because of decisions Jace made. Upset with himself and fearing for his life, Jace sets out to find who is behind this new threat. What he uncovers along the way, an inter-planar chase filled with peril, will alter everything he knows.
