She's beauty, brains, and trouble. With Daddy's money, life could have been one continuous party for Seattle socialite Jordan Dean. Instead she chose college and a career. She doesn't have time for love or men--not with work and the responsibilities of raising her younger sister. But when her sister is kidnapped

and a sexy Special Ops bodyguard is suddenly thrust into her life, Jordan must let go of her tightly controlled world and accept help from the one man who poses a huge risk to her well-guarded heart. He's in the wrong place at the right time. Delta Operator Aiden Foster was more than willing to do a favor for his buddy, but why did it have to be guarding a spoiled debutante? Aiden has zero interest in babysitting a rich girl for a week, but when he meets the reserved scientist, his opinion does an about-face. When Chinese terrorists kidnap Jordan's

sister, it's assumed the girls' billionaire father will be asked for ransom. Instead, the kidnapers want something that could lead to an international disaster. Once Jordan and Aiden discover she's been betrayed by someone close to her, there's no one to trust but each other. Time is already running out, but when Jordan is taken hostage too, Aiden is faced with near impossible odds. Can his beautiful woman use her brains to keep herself and her sister alive long enough for him find them?

The SMASH HIT SERIES now being developed at SYFY channel -- coming soon from NBC/Universal! This collection contains ALL SIX BOOKS in the Fat Vampire series: \* Fat Vampire \* Fat Vampire 2: Tastes Like Chicken \* Fat Vampire 3: All You Can Eat \* Fat Vampire 4: Harder Better Fatter Stronger \* Fat Vampire 5: Fatpocalypse \* Fat Vampire 6: Survival of the Fattest DESCRIPTION FOR FAT VAMPIRE (BOOK 1 IN THIS 6-BOOK COLLECTION): When overweight treadmill salesman Reginald Baskin finally meets a co-worker who doesn't make fun of him, it's just his own bad luck that tech guy Maurice turns out to be a two thousand-year-old vampire. And when Maurice turns Reginald to save his life, it's just Reginald's own

further bad luck that he wakes up to discover he's become the slowest, weakest, most out-of-shape vampire ever born, doomed to "heal" to his corpulent self for all of eternity. As Reginald struggles with the downsides of being a fat vampire -- too slow to catch people to feed on, mocked by those he tries to glamour, assaulted by his intended prey and left for undead -- he discovers in himself rare powers that few vampires have... and just in time too, because the Vampire Council might just want his head for being an inferior representative of their race. Fat Vampire is the story of an unlikely hero who, after having an imperfect eternity shoved into his grease-stained hands, must learn to turn the afterlife's lemons into tasty lemon danishes. ★★★★★ "We need

more Vampires like Reginald. Not the cliché, pretty tripe trope that they've fallen into. But Vampires "made from" real people." -- Amanda ★★★★★ "I've never read a series where in the middle of an extremely violent sequence, I'd find myself laughing out loud at something Reginald would say or do. It's this kind of juxtaposition of sci-fi/paranormal and humor that had me hooked from the very first page. Definitely a series worth diving into as it's not your run of the mill vampire scenario. I enjoyed it thoroughly." -- Avid Book Lover ★★★★★ "I absolutely, positively, delightfully drank these books dry from start to finish. If you're sick of vampires that sparkle and don't exhibit real-world problems, Reginald and his story are the antidote for you." -- The

Rev Ari ★★★★★ "Working my way through this series I kept dreading the fact that sooner or later (much too "sooner") I'd reach the end of the story. It's an amazingly well-told, often hilarious, very mind-bending saga about humans and vamps - from the vamp viewpoint - without the need to lean on a love interest to get the point across. I LOVE this series and I do wish it could go on forever, but hey..." -- Theresa

★★★★★ "This is an unusual take on vampires, while leaving most of the normal stuff alone. Vampires still drink blood, still glamour humans, still fry in the sunshine. But it includes humor, witticisms, sex, the creation story, an apocalypse and lots of Cheetos, Pizza, and Coca Cola. It's a bit of horror, and romance, and scifi, and horror, and

comedy." -- Rolanda Grant Fat Vampire is a fresh twist on the tired old undead myth by Johnny B. Truant — author of many bestselling series including *Invasion*, *The Beam*, *Unicorn Western*, *The Dream Engine*, *Robot Proletariat*, and more.

 WATERSPELL: The Complete Series  
 Making a place for yourself in a world where you don't belong takes courage. So does moving in with a warlock. Especially one who is a cauldron of seething anger on his worst days ... half mad on his best ... who is thinking, perhaps, of killing you. And you can almost understand why he would do it. But you'll fight to stay alive. Because maybe ... just maybe ... you've found the place where you belong: On his world, in his magic, saving the warlock from himself. WATERSPELL: The Complete Series (all four books) tells the story of the lost traveler, Carin, who is drawn into the schemes of a hot-

tempered, emotionally damaged wizard. Does he view her as nothing more than an expendable weapon in his fight to save his world from lethal alien plagues? Or will Lord Verek find himself wavering, when it comes time to dispose of his fiery water-sylph? Praise for the Books of Waterspell: “An impressively immersive quality in Deborah J. Lightfoot’s writing draws you in and keeps you there as the pages turn ... engaging the enduring interest and sympathy of the reader as they follow the twists and turns of the plot. Lightfoot creates a detailed and convincing world in which to set her story.” —Martin Dukes “First off there’s the writing itself, the quality of the prose, the effortless way that Lightfoot sets the stage and calls the shots, with none of the ponderous, overblown

verbiage that weighs down so much high fantasy. Then there are the characters, each determined to leap off the page. But what most sets this book apart is its wild premise, an inspired bit of imagination.” —Brian T. Marshall “An extremely well written fantasy story ... flows well with a very readable style that holds your interest throughout. The world building is solid and intriguing, the magical aspects well drawn and versatile and characterisation is energetic so that you are immediately invested in their future. All in all a marvellous addition to the fantasy genre and I would recommend it for lovers of magical mystical tales.” —Liz Wilkins “Waterspell blew my expectations out of the ballpark. What a brilliant and unforgettable story! I devoured it ...

literally consumed by the originality and depth Deborah brings to her characters. She provides a strong balance between action, adventure, fantasy, and romance and Carin's combination of pride and vulnerability make her a fabulous character! Quite frankly, I am just astounded by the emotions this book stirred in me. It is simply extraordinary." —Lady Vigilante "If you like epic fantasy that sweeps you to amazing, immersive worlds and while following intriguing characters, be sure to add this series to your to-read list." —Once Upon a YA Book "The story just keeps getting bigger and bigger." —Book Briefs Book 1: The Warlock Book 2: The Wysard Book 3: The Wisewoman Book 4: The Witch *Dragonfire: The Complete Series* Sterling & Stone LLC

Be thrown into another galaxy with this riveting YA Sci-Fi Trilogy! Includes the complete trilogy: Sanshlian Series Book 1: The Quest Book 2: The Journey Book 3: The Return There is only one way to bring back order to the galaxy, and that is by finding the legendary planet Sanshli. Eleven Years ago, my life was ripped away from me. My father, my brother, my humanity. Everything. I was thrown into the Kamps, created to become a mindless machine. But I

fought against it, not letting them take away my memories of the past. And I succeeded. It has been seven years since I was taken out of the Kamps and made into the Emperor's Shadow. Now I only take orders from him, and him alone, without question. That is, until my brother, whom I thought was dead, shows up and kidnaps me in order to help him find some long lost planet that our father used to tell stories about. According to the legend, any who find the planet Sanshli can rewrite the past, and my brother wants to use it to destroy the Empire. My loyalty will always be to the Emperor, but what if this planet is real? And the longer I stay with my brother, the more I begin to find that the Emperor has been keeping secrets from me. But I can't turn my

back on him... Or can I? Fans of Star Wars, The Hunger Games, and Ender's Game will love this series! "It starts out like most sci fi books and you think it is going to be another same old, same old and then it twists and turns into something completely different! I found the story world to be very believable and the characters well developed - two criteria that are absolutely essential for me in any book. If you like sci fi and want something a little different, I highly recommend this story!" CarlynnE, Barnes and Noble Reviewer ★★★★★  
"Wow, what a complete surprise this book is! I thought it was going to be the same old, same old sci-fi book that everyone writes. NOT SO!! This will take you places you never expected and then some!"Holly, Amazon Reviewer ★★★★★

"Holy Hangover!!! I CANNOT wait for the next book in the series. Wow! This book had me riveted to the pages so much I couldn't even set it down at work (don't tell the boss lol). I loved this book and will read it again just to make sure I didn't miss anything. There were hints along the way for some of the twists and turns but not all of them. Dani has to have a lot of talent to go into this much detail and keep the story flowing along with all the unexpected happenings. I would definitely give this book at least 6 stars if I could." Swtmamarains, Amazon Reviewer "I've always been fond of the "syfy family drama" genre. But this one went beyond that. Does that sound gushy? Well, it's true!! 'The Quest' by Dani Hoots is the story of a girl named Arcadia, who is torn between family and

loyalty to the Emperor. It was interesting to see how a innocent but brave girl came to be in a strong position. I was rooting for her from the beginning, especially since everyone wanted rid of her. When her brother shows up they both go in search of a lost planet named "Sanshli". There he hopes to destroy the Pandronan Empire and usher in a new age, but will Arcadia help! This book I'd recommend to readers who enjoy female lead characters as well as YA science fiction" Keith, Amazon Reviewer
