GRANT BERRY

Real Grinders Cardoza

"Now, for the millions of poker players who know the basics, but do not fully understand the logic and principles of skillful play, here is a serious, comprehensive guide that shows how to think like a professional poker player"--Page 4 of cover.

Every Hand Revealed Barry Carter

Three top tournament winners walk readers through the key hands of actual tournaments, explaining what is required to win, how to play the final table, and how to dominate weak players and outthink strong players to maximize your advantage.

The Theory of Poker D & B Pub

Provides poker strategies for every phase of tournament play, covering the early phase where the stakes are small to later tactics such as bluffing, flops, scare cards, playing shorthanded, loose games, and endgame play.

Tournament-Poker Strategies for Today's Aggressive Game

Cardoza Publishing

Phil Gordon plays poker with the best players in the world. He has won -- and lost -- in tournaments and cash games around the globe, all the while studying the game and learning from every hand dealt. As the resident expert and cohost of *Celebrity Poker Showdown*, Phil has quickly become one of the most sought-after teachers of No Limit Texas Hold'em. It's a tough game. But anyone can become a winning player with the right amount of courage, patience, aggression, observation, and, perhaps most important, dedication to becoming a better player. After fifteen years of keeping notes on the things he's learned, the greats he's played with, and the celebrities he's taught, Phil Gordon has poured every single thing he knows about No Limit Texas Hold'em into this little green book. Taking a page from Harvey Penick's

bestselling book of golf wisdom, Phil plays the role of both teacher and student, offering up insightful tips on how to think about poker and how to develop a singular style of play. Through philosophy, psychology, strategy, math, and the knowledge gleaned from playing poker with everyone from T. J. Cloutier and Phil Ivey to Hank Azaria and Ben Affleck, Phil breaks down the game into enlightening instructional tidbits and illustrative anecdotes that inspire the kind of persistence and motivation necessary to improve your game. A book to rank with Doyle Brunson's *Super System* and David Sklansky's *The Theory of Poker*, Phil Gordon's *Little Green Book* deserves a spot on the shelf of every serious student of the game.

PKO Poker Strategy D&B Publishing

This new, expanded, fully updated and revised, edition of 'Secrets of Professional Tournament Poker' is a landmark in poker publishing. Originally published in two volumes in 2011 and 2012 this was both a critical and commercial success. Over the last decade, the understanding of poker has changed dramatically and this new edition fully reflects current thinking on the game. This book will give readers a thorough understanding of everything they need to know about playing tournaments and Jonathan Little is undoubtedly the person best qualified to impart this information. The book is split into seven sections: 1) How Tournaments Work -This explains why tournaments are a highly profitable form of poker and examines the basic concepts that need to be mastered. 2) Playing Deep Stacked -This deals with situations where (most) players have stacks of 50 big blinds or more. All situations are dealt with including pre-flop and all three post-flop streets. There is further information on general topics at this stack depth. 3) Playing Mid Stacked -This deals with situations where the basic stack depth is between 27 and 50 big blinds. These situations are tricky because with the shorter stack, players are often going all-in. This means that very clear adjustments are required compared to the deeper stack strategies. 4) Playing Short Stacked -This section focuses on play

below 27 big blinds. Now play is almost exclusively focused on the possibility of players going all-in. Knowing the correct ranges and plays here is vital to maximise your chances for tournament survival. 5) The Late Stages -As the prospect of serious prize money looms, huge adjustments need to be made. How to play on the bubble and concepts such as risk premium and the Independent Chip Model are fundamental to maximising your chance of landing a major prize and they are all thoroughly explained. 6) Hand Examples -This will test your understanding of everything you have learnt so far. 7) Other Considerations -You can improve your tournament results by also working on your general attitude and approach. This section encompasses all the non-technical aspects of playing, including learning, the mental approach, tells and practical tips. Jonathan Little has dedicated himself to educating players who are keen to improve their poker strategy, and in 2020, he was awarded the prestigious title of Global Poker Index "Poker Personality of the Year" - voted for by the poker-playing public. As well as being an immensely successful professional player with over \$7,000,000 in live tournament cashes, Jonathan runs the highly respected coaching site pokercoaching.com. By interacting regularly with his students, he has developed a clear understanding of how to explain important concepts in a language that can be easily understood by players of all skill levels. The result is *Secrets of Professional Tournament Poker* - the definitive guide to modern tournament play.

Building an unbeatable strategy based on GTO principles

Two Plus Two Publishing LLC

Tournament poker is a tough game to play but the rewards for success can be huge. Even regular online tournaments offer substantial prizes running to hundreds of thousands of dollars. Jonathan Little, a highly successful poker professional who has won over \$4 million in tournament play in just four years, explains exactly how to succeed in this highly competitive field. Playing technically sound poker is crucial but this is far from the only skill

necessary. "Secrets of Professional Tournament Poker, Volume 1" dealt with the fundamentals of play. Volume 2 builds on this base and examines the highly complex issue of how to handle the different stages of a tournament. At times the best strategy is to play loose, create problems for your opponent and thus keep accumulating chips. At other times an ultra-tight strategy will be the most profitable. Understanding when to "change gears" is a highly developed skill that requires a great deal of study and experience. Jonathan Little has that experience. Managing life as a professional poker player throws up a number of issues in itself and Jonathan calls upon his many years as a pro to address these. [How to adapt to Bounty and Progressive Knockout online poker tournaments](#) Simon and Schuster

A career advisor explains why many talented, hard-working people often miss out on their full career potential, revealing the tells, blind spots, secrets, and unspoken rules you need to know in order to play the game to win. While many careers have been impacted by economic downturns, failed projects, downsizing and restructuring, or just bad bosses or bad timing, we all know of colleagues who continue to rise through every tough situation. Most assume that they have an advantage that protects them—degrees from the right schools, great mentors, influential friends and family, or just better luck. But these hyper-successful professionals have faced setbacks, too. Instead of allowing challenges to derail their rise, they've learned how to manage them better. In *Workplace Poker*, Dan Rust gives you the strategies you need to accelerate your career, and prevent setbacks from stalling your progress or spiraling it downward. The trick, he reveals, is to "play the game under the game," to think more deeply and act more strategically. If you are talented, ambitious, and hardworking, but feel your career just isn't accelerating as rapidly as it should, or as fast as you would like it to, this book is for you. If you have been frustrated to see others (less talented, who don't work as hard as you do) achieve rapid professional progress while your career stalls out, this book is for you. If you've been annoyed by those who are successful primarily because of where they went to school, or family connections, or financial resources, this book is for you. Rust gives you the insight and skills you need to transform yourself and adapt and survive any hurdle—to turn every adversity into advantage, and every struggle into strength, including: •

Recognition of your own "blind spots" and what to do about them

- Mastering strategic and authentic self-promotion
- Enhancing your personal charm and likeability
- Achieving the high energy, both mental and physical, necessary to drive an exceptional career trajectory
- Developing an interest in "corporate anthropology" and the complex human dimensions of business
- Neutralizing the career-stalling impact of difficult or dysfunctional colleagues
- Deeply "owning" and learning from career missteps and failures

In his smart, funny, relatable voice, Rust shares stories of individuals who have applied these capabilities in real world situations, and provides short, focused exercises to help you think about yourself and your own career. With *Workplace Poker*, you'll learn how to get out of your own way, and find the success you deserve.

Why are the best poker players actually the best? Every serious poker player wants to be successful and many of them have the right technical skills. However, the truth is that there are key mental factors that separate the big winners from everyone else. Patricia Cardner is a psychology professor, licensed professional counselor and dedicated poker player. She interviewed a select group of professional poker players who share two key characteristics: ALL of them have been successful over many years and ALL of them have lifetime winnings of more than \$1,000,000. Patricia analyzed the results to determine exactly what psychological skills, techniques, and strategies they use. This book is the result of her studies. *Positive Poker* outlines the mental skills that you need to develop if you want raise your game. *Positive Poker* will help you to: Optimize your brain for efficient learning Increase motivation and stay positive Use psychological skills to increase your win rate Increase self-control and reduce tilt Patricia is aided in her investigations by the highly successful poker pro Jonathan Little, author of the critically acclaimed series, *Secrets of Professional Tournament Poker*.

The Complete Workout Anthony Curtis

Jonathan Little is a highly successful poker professional who has won over \$4 million in tournament play. His first book, *Secrets of Professional Tournament Poker, Volume 1*, dealt with the fundamentals of play. In this second book he builds on this base by examining the highly complex issue of how to handle the different stages of a tournament. As well as outlining a technically

accurate style of play, Jonathan also discusses a number of other topics that are crucial to success at poker. These include: How to spot tells (and avoid giving them) Correct etiquette Practical tips for tournament play Managing life as a professional poker player throws up a number of issues in itself and Jonathan calls upon his many years as a pro to address these. They include: Developing your poker skills Mental & physical approaches required for successful play. As well as being one of the world's best players, Jonathan has been a highly respected coach for many years. In the final section of the book he draws on his experience here to answer the most common FAQ's asked by students and also offers an in-depth analysis of 30 hands from tournament play which outline many of the concepts discussed in the book. In his professional career he has won the WPT twice. In 2010 he cashed 5 times in the WSOP, including a third place finish. *The Secrets of the Champions* Huntington Press Inc

Question and answer format allows players to test their understanding of the nuances of tournament play.

Listing more than 700 casinos in 36 states, this bestselling guide is jam-packed with detailed information and includes 150 coupons providing more than \$1,000 in savings. Consumable.

A Modern Psychological Approach to Mastering Your Mental Game D&B Publishing

Learning online cash game poker is traditionally done through trial and error and by reading a hodgepodge of poker books, articles, and forums. Your average person will burn through a sizable amount of money in their attempt to become a winning player. A few will succeed, but the vast majority will fail. *Automatic Poker* takes a different approach by allowing inquisitive players to avoid the pitfalls of complicated deep stacked poker while learning. Within these pages you will find all the information required to build a strong and repeatable poker game. Imagine a hobby that can one day make you more money per hour than your "real" job. The author has broken down the game into a few core fundamentals that, when mastered, make winning within any dedicated player's grasp. Through comprehensive explanations of theory and tactics, you will learn the essentials of: 1. Key fundamental poker concepts necessary for winning poker. 2. A chart-based core short-stacking strategy from which to grow. 3. A profitable and easily repeatable 3-bet shoving strategy. 4. Setting

up a Heads-Up-Display (HUD) and forming laser-like reads on the competition. 5. A sound pre-flop and post-flop strategy that seeks to maximize profit in every situation. 6. Managing your poker career through optimized sessions and sound bankroll management. 7. Dealing with downswings and variance. 8. Developing a strong mental game. Whatever your ultimate goal is as a player, Automatic Poker provides a springboard to rapid success in all forms of poker.

Secrets of Professional Poker Secrets of Professional Tournament Poker Stages of the Tournament FossilMan's Winning Tournament Strategies is the ultimate guide to practical tournament play. Greg "FossilMan" Raymer, winner of the WSOP Main Event in 2004, explains everything you need to know to become a successful tournament player. Raymer is not only a big winner at the tables, he also has a unique ability to explain difficult concepts in clear and simple language. Raymer simplifies the learning process by breaking down the complex subject of tournament strategy into the key areas. Chapters on strategy include: the Independent Chip Model (ICM), game theory, poker maths and pot odds, correct bet-sizing, playing the big stack and playing the short stack. However, Raymer does not focus merely on the correct technical aspects of standard NL tournament play. He also discusses many other important tournament formats that often confuse players. These include: * how strategy changes in satellite and rebuy tournaments- * how to play heads-up events and other uncommon formats and the one everyone wants to know about - * how to play the Main Event.

Winning Strategies for Single Table Poker Tournaments Barry Carter

Secrets of Professional Tournament Poker Stages of the Tournament D & B Pub

The Fast Track to Success in No-Limit Hold 'em Poker Tournaments Two Plus Two Publishing LLC

One of the most highly regarded poker books to come out in the last decade is now even better than before. The expanded and revised second edition of Kill Everyone, by Aussie Millions champ Lee Nelson (with Steve Heston and Tyson Streib), now includes hand illustrations throughout the book—and even more enticing for poker players—commentary throughout the book by internet-poker and European playing sensation Bertrand "Elky" Grospellier,

World Poker Tour's 2009 Poker Player of the Year. Kill Everyone begins where Kill Phil left off. Its perfect blend of real-time experience, poker math, and computational horsepower combine to create new concepts and advanced strategies never before seen in print for multi-table tournaments, Sit-n-Gos, and satellites. It also explains how to choose the right strategy for the right game, provides the proper tactics, and introduces new weapons into a tournament-poker-player's arsenal. This book is for anyone serious about playing tournament poker, both live and online. And for cash-game players, a bonus chapter, penned by online cash-game ace and 2007 WSOP bracelet winner Mark Vos, helps you develop your short-handed no-limit hold 'em cash game.

Secrets of Professional Tournament Poker, Volume 2 D&B Publishing

Poker is a game of table position, flop texture, players in a hand, personalities, and so much more. This book teaches you how to identify and analyze those variables, become a great strategist, and have confidence in any poker situation. Decide to Play Great Poker is written by Annie Duke, the world's most renowned woman poker player, with John Vorhaus, himself a winning poker player and prolific author.

Power Hold'em Strategy D&B Publishing

"This book closely examines the many techniques used by the world's most successful players, including 3- and 4-betting, floating and squeezing, smooth-calling and min-raising, thin value betting, and the evolution of the metagame, along with equilibrium strategies based on starting hands and heads-up play. Even the ages and nationalities of your opponents are considered. There's also an extensive bonus chapter on reading tells, contributed by body-language expert Steve Van Aperen."--P. [4] of cover.

Winning Poker Tournaments One Hand at a Time Huntington Press Inc

One of the ten greatest books written on poker, this must-have book should be in every player's library. If you're serious about winning, you'll realize that most of the profit comes from being able to read your opponents. Caro reveals the the secrets of interpreting tells-physical reactions that reveal information about a player's cards-such as shrugs, sighs, shaky hands, eye contact, and many more. Learn when opponents are bluffing, when they aren't and why-based solely on their mannerisms. Over 170

photos of players in action and play-by-play examples show the actual tells. These powerful ideas will give you the decisive edge.

Secrets of Professional Tournament Poker W. W. Norton & Company

Modern Poker Theory is a comprehensive, rigorous guide to the most important aspects of No-Limit Hold'em. It is based around an in-depth examination of what is meant by game theory optimal play (GTO) and how it can be applied at the table. Understanding GTO is fundamental to being able to make accurate poker decisions and being able to exploit players who don't. Modern Poker Theory uses modern poker tools to develop a systematic approach to the analysis of GTO. It organizes the ideas and concepts in an intuitive manner that is totally focused to practical applications. Next time you are at a table some of the players will have studied Modern Poker Theory and some won't. The players who have studied Modern Poker Theory will, without doubt, have a better theoretical and practical understanding of No-Limit Hold'em. They will be the favourites in the game. Make sure you are one of them. Michael Acevedo, one of the world's leading poker theorists, is a game theory expert who is renowned for creating cutting-edge content for the world's leading players. The production of Modern Poker Theory is the culmination of many thousands of hours of his research work with the most advanced poker software tools available. It is poker theory for the 21st century.

Secrets of Sit'n'gos D&B Publishing

Chris Moorman is the most successful online poker tournament player in history. * Leads the industry with more than \$11 million in online cashes * Excels on the tournament circuit with over \$4 million in live cashes * Placed in the top three in online tournaments 651 times to date Many strong poker players have written books explaining their thought processes. However, players at the low- to mid-stakes who want to advance to the highest levels find the leap a daunting one. Chris, through years of hard work, has achieved this advance and now wants to help you do the same. Moorman's Book of Poker has a unique approach. Chris analyzes 80 tournament hand histories played by co-author Byron Jacobs - a typical mid-stakes player. The adoption of a coaching format allows Chris to explain in clear detail exactly what is needed to progress to the next level of expertise.
