A Paradise Built in Hell Chronicle Books

The author of *Men Explain Things to Me* explores the moments of altruism and generosity that arise in the aftermath of disaster. Why is it that in the aftermath of a disaster? whether manmade or natural? people suddenly become altruistic, resourceful, and brave? What makes the newfound communities and purpose many find in the ruins and crises after disaster so joyous? And what does this joy reveal about ordinarily unmet social desires and possibilities? In *A Paradise Built in Hell*, award-winning author Rebecca Solnit explores these phenomena, looking at major calamities from the 1906 earthquake in San Francisco through the 1917 explosion that tore up Halifax, Nova Scotia, the 1985 Mexico City earthquake, 9/11, and Hurricane Katrina in New Orleans. She examines how disaster throws people into a temporary utopia of changed states of mind and social possibilities, as well as looking at the cost of the widespread myths and rarer real cases of social deterioration during crisis. This is a timely and important book from an acclaimed author whose work consistently locates unseen patterns and meanings in broad cultural histories.

The Siege of San Francisco and the Crisis of American Urbanism Verso Books

Throughout history, personal liberty, free markets, and peaceable, voluntary exchanges have been roundly denounced by tyrants and often greeted with suspicion by the general public. Unfortunately, Americans have increasingly accepted the tyrannical ideas of reduced private property rights and reduced rights to profits, and have become enamored with restrictions on personal liberty and control by government. In this latest collection of essays selected from his syndicated newspaper columns, Walter E. Williams takes on a range of controversial issues surrounding race, education, the environment, the Constitution, health care, foreign policy, and more. Skewering the self-righteous and self-important forces throughout society, he makes the case for what he calls the "the moral superiority of personal liberty and its main ingredient—limited government." With his usual straightforward insights and honesty, Williams reveals the loss of liberty in nearly every important aspect of our lives, the massive decline in our values, and the moral tragedy that has befallen Americans today: our belief that it is acceptable for the government to forcibly use one American to serve the purposes of another.

American Crises (and Essays) Bloomsbury Publishing

"[A] call to arms that takes on a range of social and political problems in America—from racism and misogyny to climate change and Donald Trump" (Poets & Writers). National Book Award Longlist Winner of the Kirkus Prize for Nonfiction Winner of the Foreword INDIE Editor's Choice Prize for Nonfiction Rebecca Solnit is the author of more than twenty books, including the international

bestseller *Men Explain Things to Me*. Called "the voice of the resistance" by the New York Times, she has emerged as an essential guide to our times, through incisive commentary on feminism, violence, ecology, hope, and everything in between. In this powerful and wide-ranging collection of essays, Solnit turns her attention to the war at home. This is a war, she says, "with so many casualties that we should call it by its true name, this war with so many dead by police, by violent ex-husbands and partners and lovers, by people pursuing power and profit at the point of a gun or just shooting first and figuring out who they hit later." To get to the root of these American crises, she contends that "to acknowledge this state of war is to admit the need for peace," countering the despair of our age with a dose of solidarity, creativity, and hope. "Solnit's exquisite essays move between the political and the personal, the intellectual and the earthy." —Elle "Solnit is careful with her words (she always is) but never so much that she mutes the infuriated spirit that drives these essays." —Kirkus Reviews (starred review) "Solnit [is] a powerful cultural critic: as always, she opts for measured assessment and pragmatism over hype and hysteria." —Publishers Weekly "Essential reading for anyone living in America today." —The Brooklyn Rail

Why Today's Super-Connected Kids Are Growing Up Less Rebellious, More Tolerant, Less Happy--and Completely Unprepared for Adulthood--and What That Means for the Rest of Us Vintage

From the author of *Bunny*, which Margaret Atwood hails as "genius," comes a "wild, and exhilarating" (Lauren Groff) novel about a theater professor who is convinced staging Shakespeare's most maligned play will remedy all that ails her—but at what cost? Miranda Fitch's life is a waking nightmare. The accident that ended her burgeoning acting career left her with excruciating chronic back pain, a failed marriage, and a deepening dependence on painkillers. And now, she's on the verge of losing her job as a college theater director. Determined to put on Shakespeare's *All's Well That Ends Well*, the play that promised and cost her everything, she faces a mutinous cast hellbent on staging *Macbeth* instead. Miranda sees her chance at redemption slip through her fingers. That's when she meets three strange benefactors who have an eerie knowledge of Miranda's past and a tantalizing promise for her future: one where the show goes on, her rebellious students get what's coming to them, and the invisible doubted pain that's kept her from the spotlight is made known. With prose Margaret Atwood has described as "no punches pulled, no hilarities dodged...genius," Mona Awad has concocted her most potent, subversive novel yet. *All's Well* is a "fabulous novel" (Mary Karr) about a woman at her breaking point and a formidable, piercingly funny indictment of our collective refusal to witness and believe female pain.

The author of *How to Become a Scandal* presents a heavily researched collection of essays on the archetypes of wayward masculinity to offer intellectual insight into notorious public examples.

All's Well Melbourne Univ. Publishing

Journalist Rebecca Traister's New York Times bestselling exploration of the transformative power of female anger and its ability to transcend into a political movement is "a hopeful, maddening compendium of righteous feminine anger, and the good it can do when wielded efficiently—and collectively" (Vanity Fair). Long before *Pantsuit Nation*, before the Women's March, and before the #MeToo movement, women's anger was not only politically catalytic—but politically problematic. The story of female fury and its cultural significance demonstrates its crucial role in women's slow rise to political power in America, as well as the ways that anger is received when it comes from women as opposed to when it comes from men. "Urgent, enlightened...realistic and compelling...Traister eloquently highlights the challenge of blaming not just forces and systems, but individuals" (The Washington Post). In *Good and Mad*, Traister tracks the history of female anger as political fuel—from suffragettes marching on the White House to office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Traister explores women's anger at both men and other women; anger between ideological allies and foes; the varied ways

anger is received based on who's expressing it; and the way women's collective fury has become transformative political fuel. She deconstructs society's (and the media's) condemnation of female emotion (especially rage) and the impact of their resulting repercussions. Highlighting a double standard perpetuated against women by all sexes, and its disastrous, stultifying effect, *Good and Mad* is "perfectly timed and inspiring" (People, Book of the Week). This "admirably rousing narrative" (The Atlantic) offers a glimpse into the galvanizing force of women's collective anger, which, when harnessed, can change history.

Hollow City Penguin

A collection of feminist essays steeped in "Solnit's unapologetically observant and truth-speaking voice on toxic, violent masculinity" (The Los Angeles Review). In a timely and incisive follow-up to her national bestseller *Men Explain Things to Me*, Rebecca Solnit offers sharp commentary on women who refuse to be silenced, misogynistic violence, the fragile masculinity of the literary canon, the gender binary, the recent history of rape jokes, and much more. In characteristic style, "Solnit draw[s] anecdotes of female indignity or male aggression from history, social media, literature, popular culture, and the news . . . The main essay in the book is about the various ways that women are silenced, and Solnit focuses upon the power of storytelling—the way that who gets to speak, and about what, shapes how a society understands itself and what it expects from its members. The Mother of All Questions poses the thesis that telling women's stories to the world will change the way that the world treats women, and it sets out to tell as many of those stories as possible" (The New Yorker). "There's a new feminist revolution—open to people of all genders—brewing right now and Rebecca Solnit is one of its most powerful, not to mention beguiling, voices."—Barbara Ehrenreich, *New York Times*-bestselling author of *Natural Causes* "Short, incisive essays that pack a powerful punch."—Publishers Weekly "A keen and timely commentary on gender and feminism. Solnit's voice is calm, clear, and unapologetic; each essay balances a warm wit with confident, thoughtful analysis, resulting in a collection that is as enjoyable and accessible as it is incisive."—Booklist

Essays for Dissenting Adults Portobello Books

Feminist essays for the #MeToo era from "the voice of the resistance," the international bestselling author of *Men Explain Things to Me* (The New York Times Magazine). Who gets to shape the narrative of our times? The current moment is a battle royale over that foundational power, one in which women, people of color, non-straight people are telling other versions, and white people and men and particularly white men are trying to hang onto the old versions and their own centrality. In *Whose Story Is This?* Rebecca Solnit appraises what's emerging and why it matters and what the obstacles are. Praise for Rebecca Solnit and her essays "Rebecca Solnit is essential feminist reading."—The New Republic "In these times of political turbulence and an increasingly rabid and scrofulous commentariat, the sanity, wisdom and clarity of Rebecca Solnit's writing is a forceful corrective. *Whose Story Is This?* is a scorchingly intelligent collection about the struggle to control narratives in the internet age."—The Guardian "Solnit's passionate, shrewd, and hopeful critiques are a road map for positive change."—Kirkus Reviews "Solnit's exquisite essays move between the political and the personal, the intellectual and the earthy."—Elle "Rebecca Solnit reasserts herself here as one of the most astute cultural critics in progressive discourse."—Publishers Weekly "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium."—Bill McKibben, founder of 350.org

American Contempt for Liberty Penguin

"[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes" (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. "One of the best books of the 21st century."—The Guardian "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium."—Bill McKibben, *New York Times*-bestselling author of *Falter* "An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways."—The New Yorker

The Encyclopedia of Trouble and Spaciousness Haymarket Books

Feminist ideology has seeped into every aspect of our society. This book is a sobering true story of tragedy, suicide, and murder directly caused by feminism. It not only chronicles true stories that show feminism's discrimination against men, it's backed by peer-reviewed research. Additionally, it includes investigative journalism that proves feminism was never about equality. The reality is that feminism doesn't just victimize men. It also victimizes women, children, families, and communities.

Bitch Doctrine Haymarket Books

previously published pieces that address what it means to live in a world where women have to measure the harassment, violence, and aggression they face, and where they are "routinely second-guessed, blown off, discredited, denigrated, besmirched, belittled, patronized, mocked, shamed, gaslit, insulted, bullied" for speaking out. Contributions include essays from established and up-and-coming writers, performers, and critics, including actors Ally Sheedy and Gabrielle Union and writers Amy Jo Burns, Lyz Lenz, Claire Schwartz, and Bob Shacochis. Covering a wide range of topics and experiences, from an exploration of the rape epidemic embedded in the refugee crisis to first-person accounts of child molestation, this collection is often deeply personal and is always unflinchingly honest. Like Rebecca Solnit's *Men Explain Things to Me*, *Not That Bad* will resonate with every reader, saying "something in totality that we cannot say alone." Searing and heartbreakingly candid, this provocative collection both reflects the world we live in and offers a call to arms insisting that "not that bad" must no longer be good enough.

A landmark essay that went viral, inspired the word "mansplaining," and prompted fierce arguments.

The Feminist Lie HarperCollins

From the author of *Orwell's Roses*, a personal, lyrical narrative about storytelling and empathy—a fitting companion to Solnit's *A Field Guide to Getting Lost* Finalist for the National Book Critics Circle Award In this exquisitely written book by the author of *A Paradise Built in Hell*, Rebecca Solnit explores the ways we make our lives out of stories, and how we are connected by empathy, by narrative, by imagination. In the course of unpacking some of her own stories—of her mother and her decline from memory loss, of a trip to Iceland, of an illness—Solnit revisits fairytales and entertains other stories: about arctic explorers, Che Guevara among the leper colonies, and Mary Shelley's *Dr. Frankenstein*, about warmth and coldness, pain and kindness, decay and transformation, making art and making self. Woven together, these stories create a map which charts the boundaries and territories of storytelling, reframing who each of us is and how we might tell our story.

Wanderlust Hoover Institution Press

The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect "antidote to mansplaining" (The Stranger). In her comic, scathing essay "Men Explain Things to Me," Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note—because the ultimate problem is the silencing of women who have something to say, including those saying things like, "He's trying to kill me!" This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf's embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. "In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized."—The New York Times "Essential feminist reading."—The New Republic "This slim book hums with power and wit."—Boston Globe "Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society."—San Francisco Chronicle "Essential."—Marketplace "Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions."—Salon

Greener Living Today, and in the Future Simon & Schuster

The incomparable Rebecca Solnit, author of more than a dozen acclaimed, prizewinning books of nonfiction, brings the same dazzling writing to the essays in *Encyclopedia of Trouble and Spaciousness*. As the title suggests, the territory of Solnit's concerns is vast, and in her signature alchemical style she combines commentary on history, justice, war and peace, and explorations of place, art, and community, all while writing with the lyricism of a poet to achieve incandescence and wisdom. Gathered here are celebrated iconic essays along with little-known pieces that create a powerful survey of the world we live in, from the jungles of the Zapatistas in Mexico to the splendors of the Arctic. This rich collection tours places as diverse as Haiti and Iceland; movements like Occupy Wall Street and the Arab Spring; an original take on the question of who did Henry David Thoreau's laundry; and a searching look at what the hatred of country music really means. Solnit moves nimbly from Orwell to Elvis, to contemporary urban gardening to 1970s California macramé and punk rock, and on to searing questions about the environment, freedom, family, class, work, and friendship. It's no wonder she's been compared in *Bookforum* to Susan Sontag and Annie Dillard and in the *San Francisco Chronicle* to Joan Didion. The *Encyclopedia of Trouble and Spaciousness* proves Rebecca Solnit worthy of the accolades and honors she's received. Rarely can a reader find such penetrating critiques of our time and its failures leavened with such generous heapings of hope. Solnit looks back to history and the progress of political movements to find an antidote to despair in what many feel as lost causes. In its encyclopedic reach and its generous compassion, Solnit's collection charts a way through the thickets of our complex social and political worlds. Her essays are a beacon for readers looking for alternative ideas in these imperiled times.
