Bert Weedon's Play In A Day Learning Express (NY)

THE SUNDAY TIMES BESTSELLER The brand new memoir from the Sunday Times bestselling author of *The Road Beneath My Feet*. Taking 36 songs from his back catalogue, folk-punk icon Frank Turner explores his songwriting process. Find out the stories behind the songs forged in the hedonistic years of the mid-2000s North London scene, the ones perfected in Nashville studios, and everything in between. Some of these songs arrive fully-formed, as if they've always been there, some take graft and endless reworking to find 'the one'. In exploring them all, Turner reflects with eloquence, insight and self-deprecating wit on exactly what it is to be a songwriter. From love songs and break-up songs to political calls-to-arms; songs composed alone in a hotel room or in soundcheck with the Sleeping Souls, this brilliantly written memoir - featuring exclusive photos of handwritten lyrics and more - is a must-have book for FT fans and anyone curious about how to write music.

(Music Sales America). This book has been specially created for any guitarist who wants to learn note reading, be they beginners or more advanced players who have neglected this part of their musicianship. It starts with the very basics of written music and progressively introduces notes on each string one at a time until all notes in the "open position" (first five frets) of the guitar have been mastered, and up to 8th note rhythm subdivisions have been learned and applied. Also covered are sharps, flats, key signatures, accidentals, repeats and more. Each step includes practical exercises, handy tips and tricks and a simple repertoire for students to put their reading skills into practice. Spiral open so it lays flat no matter what page you're on.

Neil Young - Decade Music Sales
Neil Young is one of rock and roll's most important, influential and enigmatic figures, an intensely reticent artist who has granted no writer access to his inner sanctum - until now. Shakey is the whole story of Young's incredible life and career: from his childhood in Canada to

the founding of folk-rock pioneers Buffalo Springfield; the bleary conglomeration of Crazy Horse and the monstrous success of Crosby, Stills, Nash and Young; to the depths of the Tonight's the Night depravity and the Geffen years; and Young's unprecedented nineties 'comeback'. Shakey (the title refers to one of Young's many aliases) is also the compelling human story of a lonely kid for whom music was the only outlet, a driven yet tortured figure who controlled his epilepsy via 'mind over matter', an oddly passionate model train mogul who, inspired by his own son's struggle with cerebral palsy, became a major activist in the quest to help those with the condition. This long-awaited, unprecedented story of a rock 'n' roll legend is uniquely told through the interwoven voices of McDonough - biographer, critic, historian, obsessive fan - and the ever-cantankerous (but slyly funny) Young himself.
