Recent events have once again focused international attention on the volatile politics of the Gulf region. This new book, by three former British ambassadors demonstrates the importance of the Gulf for Britain from the days of Elizabeth I to the present. It tells the story in the four key regional states of Iran, Iraq, Kuwait and Oman.

With Lawrence in Arabia

eStar Books
Travels in Arabia Deserta, originally published in 1888, is a two-volume set which describes English poet Charles Doughty's extensive travels through the Arabian deserts and the discoveries he made there. The work became well-regarded for its beautiful prose as well as its extensiveness, which made it a benchmark of ambitious travel writing in the early 20th century. Written in the style of the King James Bible, the text is extravagant and creative. In the 1920's, it

was discovered by British Army Officer T.E. Lawrence, who spurred the book's republication, this time with an introduction from Lawrence. The book has been in and out of print since then, but the Cosimo edition is a rare 1921 reprint, and includes the Lawrence introduction. Volume II contains Doughty's travels to Ibn Rash d's town (and the people and culture there), life in Hay I, the journey to Kheybar and his discoveries and encounters there, the Shammar and Harb Deserts in Nejd, the Journey to El-Kas m, and more. CHARLES MONTAGU DOUGHTY (1843-1926) was an English poet and writer born in Theberton Hall, Saxmundham, Suffolk. He attended King's College London and graduated from Gonville and Caius College, Cambridge in 1864. Among this author's works are an epic poem in six volumes titled The Dawn in Britain, published in 1906, and his well-known Travels in Arabia Deserta, for which he received much praise. Gertrude Bell Courier Corporation
Georg August Wallin's life

and travels in Egypt, the Arabian Peninsula and Persia are presented in four articles by Patricia Berg, Sofia Häggman, Jaakko Hämeen-Anttila and Kaj Öhrnberg respectively. Wallin's impact as an ethnographic observer and linguistic scholar is also examined.

A Memoir Rodopi
Michael Korda's Hero is an epic biography of the mysterious, Englishman whose daring exploits made him an object of intense fascination, known the world over as 'Lawrence of Arabia. An Oxford Scholar and archaeologist, T.E. Lawrence was sent to Cairo as an intelligence officer in 1916 and vanished into the desert in 1917. He united and led the Arab tribes to defeat the Turks and eventually capture Damascus, an adventure he recorded in the classic Seven Pillars of Wisdom. A born leader, utterly fearless and seemingly impervious to pain and danger, he remained modest, and retiring. Farsighted diplomat, brilliant military strategist, the first media celebrity, and acclaimed writer, Lawrence was a visionary whose

achievements transcended his time: had his vision for the modern Middle East been carried through, the hatred and bloodshed that have since plagued the region might have prevented. The democratic reforms he would have implemented as British High Commissioner of Egypt, are those the Egyptians are now demanding, 91 years later. Ultimately, as this magisterial work demonstrates, Lawrence remains the paradigm of the hero in modern times.

A Woman in Arabia

Cosimo, Inc.

Lady Anne Blunt's biography comes at the end of a line of famous portraits including that of her grandfather, Lord Byron. She is the first European woman to make a recorded journey into Central Arabia. Her sketches and diaries of her journeys were transformed into books describing the people and experiences she encountered along the way.

Letters from Baghdad,

Gertrude Bell Good

Press

The Englishwoman Gertrude Bell lived an extraordinary life. Her adventures are the stuff of novels: she rode with bandits; braved desert

shamals; was captured by Bedouins; and sojourned in a harem. Called the most powerful woman in the British Empire, she counseled kings and prime ministers. Bell's colleagues included Lloyd George and Winston Churchill, who in 1921 invited Bell—the only woman whose advice was sought—to the Cairo Conference to “determine the future of Mesopotamia.” Bell numbered among her closest friends T.E. Lawrence, St. John Philby, and Arabian sheiks. In this volume of three of her notebooks, Rosemary O'Brien preserves Bell's elegant, vibrant prose, and presents Bell as a brilliant tactician fearlessly confronting her own vulnerability. The fundamental themes of her life—reckless behavior; a divided self which combined brilliance of intellect with a passionate nature; a sense of history; and the fatal gift of falling in love with a married man—are all here in remarkable detail. Her journey to northern Arabia in 1914 earned Bell professional recognition from the Royal Geographical Society, and solidified her reputation as a canny political analyst of Middle

Eastern affairs. In addition to Bell's own photographs, O'Brien has provided us an unprecedented first access to excerpts of the Bell/Richard Doughty-Wyllie love letters, the married British army officer with whom she was in love and for whom her diaries were written.

The Sheik Tauris Parke Paperbacks

What is it about Arabia and her people that has exercised such a powerful allure on generations of English travellers and explorers? "A land whose name could evoke haunting echoes of the unconscious ... a country of the mind more real than any place on a map" had, by the Victorian era, become a deep and lasting obsession for some of the greatest writers and explorers of the time. Here are the stories of some of those men, iconic figures like T.E. Lawrence and Richard Burton, whose extraordinary relationships with and explorations of Arabia changed the way we now perceive the Arab world and formed the basis of the West's understanding of the region. Riveting and beautifully-portrayed, *Heart Beguiling Araby* reveals how these ultimately lonely figures pushed themselves to the

limits of physical and mental endurance, surviving and prevailing in a land that had captivated them, thus binding their legends to its sweeping deserts and ancient tribes for generations to come.

Passenger to Teheran

Anchor

One of the Best Books of the Year: The Christian Science Monitor NPR The Seattle Times St. Louis Post-Dispatch Chicago Tribune A New York Times Notable Book Finalist for the National Book Critics Circle Award in Biography The Arab Revolt against the Turks in World War I was, in the words of T. E. Lawrence, "a sideshow of a sideshow." As a result, the conflict was shaped to a remarkable degree by a small handful of adventurers and low-level officers far removed from the corridors of power. At the center of it all was Lawrence himself. In early 1914 he was an archaeologist excavating ruins in Syria; by 1917 he was riding into legend at the head of an Arab army as he fought a rearguard action against his own government and its imperial ambitions. Based on four years of intensive primary document research, Lawrence in Arabia definitively overturns received

wisdom on how the modern Middle East was formed.

American Airpower Comes Of Age—General Henry H. "Hap" Arnold's World War II Diaries Vol. II [Illustrated Edition]

Aurum

In this groundbreaking book, Priya Satia tracks the intelligence community's tactical grappling with this problem and the myriad cultural, institutional, and political consequences of their methodological choices during and after the Great War.

The Letters of Gertrude Bell Fawcett Books

Includes the Aerial Warfare In Europe During World War II illustrations pack with over 180 maps, plans, and photos. Gen Henry H. "Hap." Arnold, US Army Air Forces (AAF) Chief of Staff during World War II, maintained diaries for his several journeys to various meetings and conferences throughout the conflict. Volume 1 introduces Hap Arnold, the setting for five of his journeys, the diaries he kept, and evaluations of those journeys and their consequences. General Arnold's travels brought him into strategy meetings and personal conversations with virtually all leaders of Allied forces as well as many AAF troops around the world. He recorded his impressions, feelings, and expectations in his diaries. Maj Gen John W. Huston, USAF, retired, has captured the essence of Henry H. Hap Arnold—the man, the officer, the AAF chief, and his mission. Volume 2 encompasses General Arnold's final seven journeys and the diaries he kept therein.

Tales from the Queen of the Desert Barzan Publishing

A fascinating look at the politics of the Arab world in the 1920's. These were originally Confidential Information Despatches for General Headquarters (in England) written by Gertrude Bell which were gathered and printed in the 1940's.

Queen of the Desert, Shaper of Nations

Random House

At the dawn of the twentieth century, British intelligence agents began to venture in increasing numbers to the Arab lands of the Ottoman Empire, a region of crucial geopolitical importance spanning present-day Iraq, Jordan, Syria, and Saudi Arabia. They were drawn by the twin objectives of securing the land route to India and finding adventure and spiritualism in a mysterious and ancient land. But these competing desires created a dilemma: how were they to discreetly and patriotically gather facts in a region they were drawn to for its legendary inscrutability and by the promise of fame and escape from Britain? In this groundbreaking book, Priya Satia tracks the intelligence community's

tactical grappling with this problem and the myriad cultural, institutional, and political consequences of their methodological choices during and after the Great War. She tells the story of how an imperial state in thrall to the cultural notions of equivocal agents and beset by an equally captivated and increasingly assertive mass democracy invented a wholly new style of "covert empire" centered on the world's first brutal aerial surveillance regime in Iraq. Drawing on a wealth of archival sources--from the fictional to the recently declassified--this book explains how Britons reconciled genuine ethical scruples with the actual violence of their Middle Eastern empire. As it vividly demonstrates how imperialism was made fit for an increasingly democratic and anti-imperial world, what emerges is a new interpretation of the military, cultural, and political legacies of the Great War and of the British Empire in the twentieth century. Unpacking the romantic fascination with "Arabia" as the land of espionage, *Spies in Arabia* presents a stark tale of poetic

ambition, war, terror, and failed redemption--and the prehistory of our present discontents.

The Southern Gates Of Arabia - A Journey In The Hadbramaut Global Oriental

David Attenborough invites you to witness the dramatic battles between predator and prey that are happening in the corner of your living room and in your larder - and get up close and personal with scorpions and centipedes, mites and mantids, spiders and dragonflies.

Dolce Far Niente in Arabia Read Books Ltd

In *Slavery, Agriculture, and Malaria in the Arabian Peninsula*, Benjamin Reilly illuminates a previously unstudied phenomenon: the large-scale employment of people of African ancestry as slaves in agricultural oases within the Arabian Peninsula. The key to understanding this unusual system, Reilly argues, is the prevalence of malaria within Arabian Peninsula oases and drainage basins, which rendered agricultural lands in Arabia extremely unhealthy for people without genetic or acquired resistance to malarial fevers. In this way, Arabian slave

agriculture had unexpected similarities to slavery as practiced in the Caribbean and Brazil. This book synthesizes for the first time a body of historical and ethnographic data about slave-based agriculture in the Arabian Peninsula. Reilly uses an innovative methodology to analyze the limited historical record and a multidisciplinary approach to complicate our understandings of the nature of work in an area that is popularly thought of solely as desert. This work makes significant contributions both to the global literature on slavery and to the environmental history of the Middle East—an area that has thus far received little attention from scholars.

The Life & Legend of Lawrence of Arabia

Oxford University Press

Ibn Saud grew to manhood living the harsh traditional life of the desert nomad, a life that had changed little since the days of Abraham. Equipped with immense physical courage, he fought and won, often with weapons and tactics not unlike those employed by the ancient Assyrians, a series of astonishing military victories over a

succession of enemies much more powerful than himself. Over the same period, he transformed himself from a minor sheikh into a revered king and elder statesman, courted by world leaders such as Churchill and Roosevelt. A passionate lover of women, Ibn Saud took many wives, had numerous concubines, and fathered almost one hundred children. Yet he remained an unswerving

and devout Muslim, described by one who knew him well at the time of his death in 1953 as "probably the greatest Arab since the Prophet Muhammad." Saudi Arabia, the country Ibn Saud created, is a staunch ally of the West, but it is also the birthplace of Osama bin Laden and fifteen of the nineteen 9/11 hijackers. Saud's kingdom, as it now stands, has survived the

vicissitudes of time and become an invaluable player on the world's political stage.

Spies in Arabia

Skyhorse

"The female Lawrence of Arabia," Gertrude Bell wrote captivating, perceptive accounts of her travels in the Middle East. This intriguing narrative, accompanied by 160 photos, traces her 1905 sojourn in Lebanon, Syria, and Palestine.
