The censored pieces from the first edition of 1857 are also included. "I should like to congratulate John Tidball on his most erudite translations of

Baudelaire's poetry." - Dan Kelly, Commandeur dans l'Ordre des Palmes Academiques. "The translations here come closer to the original feel of the texts than any other versions I have read." - Annie Burnside, M.A. (Classical French Literature), Officier dans l'Ordre des Palmes Academiques."

Highway 61 Revisited resonates because of its enduring emotional appeal. Few songwriters before Dylan or since have combined so effectively the intensely personal with the spectacularly universal. In "Like a Rolling Stone," his gleeful excoriation of Miss Lonely (Eddie Sedgwick? Joan Baez? a composite "type"?) fuses with the evocation of a hip new zeitgeist to produce a veritable anthem. In "Ballad of a Thin Man," the younger generation's confusion is thrown back in the Establishment's face, even as Dylan vents his disgust with the critics who labored to catalogue him. And in "Desolation Row," he reaches the zenith of his own brand of surrealist paranoia, that here attains the atmospheric intensity of a full-fledged

nightmare. Between its many flourishes of gallows humor, this is one of the most immaculately frightful songs ever recorded, with its relentless imagery of communal executions, its parade of fallen giants and triumphant local losers, its epic length and even the mournful sweetness of Bloomfield's flamenco-inspired fills. In this book, Mark Polizzotti examines just what makes the songs on *Highway 61 Revisited* so affecting, how they work together as a suite, and how lyrics, melody, and arrangements combine to create an unusually potent mix. He blends musical and literary analysis of the songs themselves, biography (where appropriate) and recording information (where helpful). And he focuses on Dylan's mythic presence in the mid-60s, when he emerged from his proletarian incarnation to become the American Rimbaud. The comparison has been made by others, including Dylan, and it illuminates much about his mid-sixties career, for in many respects *Highway 61* is rock 'n' roll's answer to *A Season in Hell*.

Flowers are the centerpiece in the majority of pictorial still-lives. By painting their colours and forms, artists from Brueghel to O'Keeffe have created symbols for both life and mortality. Van Gogh's sunflowers, Monet's water lilies and Matisse's bouquets are, of course, unforgotten. Most of the works contained in *Flowers* are true masterpieces, which have often marked whole epochs and styles.

Canaletto began his career as a theatrical scene painter, like his father, in the Baroque tradition. Influenced by Giovanni Panini, he is specialised in vedute (views) of Venice, his birth place. Strong contrast between light and shadow is typical of this artist. Furthermore, if some of those views are purely topographical, others include festivals or ceremonial subjects. He also published, thanks to John Smith, his agent, a series of etchings of Capricci. His main purchasers were British aristocracy because his views reminded them of their Grand Tour. In his paintings geometrical perspective and colours are structuring. Canaletto spent ten years in England. John Smith sold Canaletto's works to George III, creating the major part of the Royal Canaletto Collection. His greatest works influenced landscape painting in the nineteenth century.

Iris Grace is a beautiful little girl who, from

a very young age, barely communicated, avoided social interaction with other people, and rarely smiled. From both before her diagnosis of autism and after, she seemed trapped in her own world, unable to connect with those around her. One day, her mother brought home a Maine Coon kitten for Iris, even though cats aren't typically thought of as therapy pets. Thula, named after one of Iris's favorite African lullabies and meaning "peace" in Zulu, immediately bonded with Iris. Thula knew right away how to assuage Iris when she became overstimulated; when to intervene when Iris became overwhelmed; and how to provide distraction when Iris started heading toward a meltdown. Whether exploring, playing, sleeping, or taking a bath with Iris or accompanying the family on a bike ride, Thula became so much more than a therapy cat. With Thula's safe companionship, Iris began to talk and interact with her family. This heartwarming story is illustrated with sixty of Iris's gorgeous impressionistic paintings, works of art that have allowed her to express herself since the age of three. A gifted artist, Iris sees the natural world in a profoundly vivid and visceral way. With Thula by her side, she'll sit and paint for hours, and the results are stunning. Inspiring and touching, *Iris Grace* follows the struggles and triumphs of a family—and a miracle cat—as they learn to connect with an amazing child.

The struggle to capture Monte Cassino, the impregnable heights barring the Allied advance on Rome in 1944, was the longest land battle fought in Western Europe in World War II and among the most costly. In four separate assaults over the course of the grim six-month epic, more than 105,000 men from the Allied armies and at least 80,000 Germans became casualties, and, between the attacks, the armies of both sides endured conditions of appalling privation. In John Ellis' classic account of the battle, few of the Allied commanders, except for the Free French General Juin, emerge with credit. But the author has nothing but admiration and compassion for the courage and endurance of the common soldiers whose experiences he vividly recreates in the pages of this narrative.
