GILLIAN MIKAYLA

New Visions of Isaiah Simon and Schuster

In an awesome meeting of minds, cultural theorists Stuart Hall and bell hooks met for a series of wide-ranging conversations on what Hall sums up as "life, love, death, sex." From the trivial to the profound, across boundaries of age, sexualities and genders, hooks and Hall dissect topics and themes of continual contemporary relevance, including feminism, home and homecoming, class, black masculinity, family, politics, relationships, and teaching. In their fluid and honest dialogue they push and pull each other as well as the reader, and the result is a book that speaks to the power of conversation as a

place of critical pedagogy.

Bone Black Women's Press (UK)

What is feminism? In this short, accessible primer, bell hooks explores the nature of feminism and its positive promise to eliminate sexism, sexist exploitation, and oppression. With her characteristic clarity and directness, hooks encourages readers to see how feminism can touch and change their lives—to see that feminism is for everybody.

Lost in the Valley of Death Routledge

Drawing on both her roots in Kentucky and her adventures with Manhattan Coop boards, *Where We Stand* is a successful black woman's reflection--personal, straight forward, and rigorously honest--on how our dilemmas of class and race are intertwined, and how we can find ways to think beyond them.

Critical Race English Education All About Love

For a nation that often optimistically claims to be post-racial, we are still mired in the practices of racial inequality that plays out in law, policy, and in our local communities. One of two explanations is often given for this persistent phenomenon: On the one hand, we might be hypocritical—saying one thing, and doing or believing another; on the other, it might have little to do with us individually but rather be inherent to the structure of American society. *More Beautiful and More Terrible* compels us to think beyond this insufficient dichotomy in order to see how racial inequality is perpetuated. Imani Perry asserts that the U.S. is in a new and distinct phase of racism that is “post-intentional”: neither based on the intentional discrimination of the past, nor drawing upon biological concepts of race. Drawing upon the insights and tools of critical race theory, social policy, law, sociology and cultural studies, she demonstrates how post-intentional racism works and maintains that it cannot be addressed solely through the kinds of structural solutions of the Left or the values arguments of the Right. Rather, the author identifies a place in the middle—a space of “righteous hope”—and articulates a notion of ethics and human agency that will allow us to expand and amplify that hope. To paraphrase James Baldwin, when talking about race, it is both more terrible than most think, but also more beautiful than most can imagine, with limitless and open-ended possibility. Perry leads readers down the path of imagining the possible and points to the way forward.

“One of my favorite authors.”—Colleen Hoover An insightful, delightful, instant #1 New York Times bestseller from the author

of *Beach Read* and *People We Meet on Vacation*. Named a Most Anticipated Book of 2022 by Oprah Daily • Today • Parade • Marie Claire • Bustle • PopSugar • Katie Couric Media • Book Bub • SheReads • Medium • The Washington Post • and more! One summer. Two rivals. A plot twist they didn't see coming... Nora Stephens' life is books—she's read them all—and she is not that type of heroine. Not the plucky one, not the laidback dream girl, and especially not the sweetheart. In fact, the only people Nora is a heroine for are her clients, for whom she lands enormous deals as a cutthroat literary agent, and her beloved little sister Libby. Which is why she agrees to go to Sunshine Falls, North Carolina for the month of August when Libby begs her for a sisters' trip away—with visions of a small town transformation for Nora, who she's convinced needs to become the heroine in her own story. But instead of picnics in meadows, or run-ins with a handsome country doctor or bulging-forearmed bartender, Nora keeps bumping into Charlie Lastra, a bookish brooding editor from back in the city. It would be a meet-cute if not for the fact that they've met many times and it's never been cute. If Nora knows she's not an ideal heroine, Charlie knows he's nobody's hero, but as they are thrown together again and again—in a series of coincidences no editor worth their salt would allow—what they discover might just unravel the carefully crafted stories they've written about themselves.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Teaching Critical Thinking Canongate Books

For bell hooks, the best cultural criticism sees no need to separate politics from the pleasure of reading. *Yearning* collects together some of hooks's classic and early pieces of cultural criticism from the '80s. Addressing topics like pedagogy, postmodernism, and politics, hooks examines a variety of cultural artifacts, from Spike Lee's film *Do the Right Thing* and Wim Wenders's film *Wings of Desire* to the writings of Zora Neale Hurston and Toni Morrison. The result is a poignant collection of essays which, like all of hooks's work, is above all else concerned with transforming oppressive structures of domination.

In the critical essays collected in *Black Looks*, bell hooks interrogates old narratives and argues for alternative ways to look at blackness, black subjectivity, and whiteness. Her focus is on spectatorship—in particular, the way blackness and black people are experienced in literature, music, television, and especially film—and her aim is to create a radical intervention into the way we talk about race and representation. As she describes: "the essays in *Black Looks* are meant to challenge and unsettle, to disrupt and subvert." As students, scholars, activists,

intellectuals, and any other readers who have engaged with the book since its original release in 1992 can attest, that's exactly what these pieces do.

Confidence Man Psychology Press

These words are meant to be read aloud and learned by heart. This ecstatic collection affirms hooks's position as the high priestess of love.

Communion HarperCollins

Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard

for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women. A brave and astonishing work, *The Will to Change* is designed to help men reclaim the best part of themselves.

Revelation Penguin

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that

is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

Feminism Is for Everybody HarperCollins

What does it mean to call a place home? Who is allowed to become a member of a community? When can we say that we truly belong? These are some of the questions of place and belonging that renowned cultural critic bell hooks examines in her new book, *Belonging: A Culture of Place*. Traversing past and present, *Belonging* charts a cyclical journey in which hooks moves from place to place, from country to city and back again, only to end where she began--her old Kentucky home. hooks has written provocatively about race, gender, and class; and in this book she turns her attention to focus on issues of land and land ownership. Reflecting on the fact that 90% of all black people lived in the agrarian South before mass migration to northern cities in the early 1900s, she writes about black farmers, about black folks who have been committed both in the past and in the present to local food production, to being organic, and to finding solace in nature. Naturally, it would be impossible to contemplate these issues without thinking about the politics of race and class. Reflecting on the racism that continues to find expression in the world of real estate, she writes about segregation in housing and economic racialized zoning. In these critical essays, hooks finds surprising connections that link of the environment and sustainability to the politics of race and class that reach far beyond Kentucky. With characteristic insight and honesty,

Belonging offers a remarkable vision of a world where all people--wherever they may call home--can live fully and well, where everyone can belong.

All About Love Harper Collins

"By patient accumulation of anecdote and detail, Rustad evolves Shetler's story into something much more human, and humanly tragic, into a layered inquisition and a reportorial force....suffice it to say Rustad has done what the best storytellers do: tried to track the story to its last twig and then stepped aside." —New York Times Book Review In the vein of Jon Krakauer's *Into the Wild*, a riveting work of narrative nonfiction centering on the unsolved disappearance of an American backpacker in India—one of at least two dozen tourists who have met a similar fate in the remote and storied Parvati Valley. For centuries, India has enthralled westerners looking for an exotic getaway, a brief immersion in yoga and meditation, or in rare cases, a true pilgrimage to find spiritual revelation. Justin Alexander Shetler, an inveterate traveler trained in wilderness survival, was one such seeker. In his early thirties Justin Alexander Shetler, quit his job at a tech startup and set out on a global journey: across the United States by motorcycle, then down to South America, and on to the Philippines, Thailand, and Nepal, in search of authentic experiences and meaningful encounters, while also documenting his travels on Instagram. His enigmatic character and magnetic personality gained him a devoted following who lived vicariously through his adventures. But the ever restless explorer was driven to pursue ever greater challenges, and greater risks, in what had become a personal quest—his own hero's journey. In 2016, he made his way to the Parvati Valley, a remote and rugged corner

of the Indian Himalayas steeped in mystical tradition yet shrouded in darkness and danger. There, he spent weeks studying under the guidance of a sadhu, an Indian holy man, living and meditating in a cave. At the end of August, accompanied by the sadhu, he set off on a "spiritual journey" to a holy lake—a journey from which he would never return. Lost in the Valley of Death is about one man's search to find himself, in a country where for many westerners the path to spiritual enlightenment can prove fraught, even treacherous. But it is also a story about all of us and the ways, sometimes extreme, we seek fulfillment in life. Lost in the Valley of Death includes 16 pages of color photographs.
