Based on a true story, Planetary Intervention tells Daniel's story: a military veteran who joins a world military command, which officially should not exist, and embarks on various missions around the world. Daniel goes through the best elite training there

is and uses technology far ahead of his time, traveling all over the planet without knowing what his next mission will be. In Planetary Intervention you will learn how this multinational elite troop, obeying a hidden command and unknown by the combatants, interferes in wars all over the globe, attends underground bases and participates in encounters between humans and

extraterrestrials, sometimes even in combat. Learn more about the backstage of terrestrial reality, the manipulation of several conflicts and the confrontations and details of human and non-human interaction, including the recovery of ancient technological artifacts. Planetary intervention is the outburst of an ex-combatant who has decided to reveal his story to the world.

 Le continent antarctique est sur le point de révéler ses secrets les mieux gardés et ses mystères les plus anciens...
 En 1955, à la suite d'un accord secret conclu entre

l'administration Eisenhower et un groupe dissident allemand, basé en Antarctique, un programme spatial transnational commença à voir le jour. Grâce à l'apport de personnel et de ressources originaires d'entreprises américaines œuvrant dans le domaine de la défense, ce programme spatial transnational se développa rapidement en Antarctique pour donner naissance à une puissance

spatiale majeure, qui, ultimement, parvint à éclipser les programmes spatiaux secrets développés par la Marine et les Forces aériennes des États-Unis ainsi que par d'autres nations. Selon de nombreux lanceurs d'alerte, la plupart de ces programmes classifiés, développés en Antarctique, violent l'esprit et la lettre du traité sur l'Antarctique, entré en vigueur le 23 juin 1961, et constituent un véritable « crime contre l'humanité ». Michael Salla, Ph. D., qui a eu le courage de révéler l'identité des principales entreprises impliquées dans le développement de ces programmes illégaux, a également expliqué comment la vérité était sciemment dissimulée aux actionnaires de ces entreprises et au grand public. Aujourd'hui, en raison de l'activité volcanique croissante qui entraîne la fonte de la calotte glaciaire, les secrets mieux gardés de l'Antarctique sont peu à peu révélés, exposant ainsi d'anciens artefacts et des vestiges d'engins spatiaux d'origine extraterrestre qui se sont écrasés au sol. Sachant que la fonte de la calotte glaciaire révélera bientôt ce qui était jusqu'alors caché, une divulgation complète de

David Wilcock's previous New York Times bestsellers, *The Source Field Investigations* and *The Synchronicity Key*, used cutting-edge alternative science to reveal oft-hidden truths about our universe. In *The Ascension Mysteries*, David takes us on a gripping personal journey that describes the secret cosmic battle between positive and negative happening

every day, hidden in both the traumas of our own lives and the world's headlines. Through his contact with a positive higher intelligence behind the UFO phenomenon, groundbreaking scientific information, and data from high-ranking government whistleblowers, David reveals that the earth is now on the front lines of a battle that has been raging between positive and negative extraterrestria

Is for hundreds of thousands of years. *The Ascension Mysteries* explores the towering personal obstacles David overcame to unlock the great secrets of our universe and looks ahead to what this battle means for each of us personally. Inside the Secret Space Programs Carlton Books Limited Historically Canadians have considered themselves to be more or less free of

racial prejudice. Although this conception has been challenged in recent years, it has not been completely dispelled. In *Colour-Coded*, Constance Backhouse illustrates the tenacious hold that white supremacy had on our legal system in the first half of this century, and underscores the damaging legacy of inequality that continues today. Backhouse presents detailed

narratives of six court cases, each giving evidence of blatant racism created and enforced through law. The cases focus on Aboriginal, Inuit, Chinese-Canadian, and African-Canadian individuals, taking us from the criminal prosecution of traditional Aboriginal dance to the trial of members of the 'Ku Klux Klan of Kanada.' From thousands of possibilities, Backhouse has selected

studies that constitute central moments in the legal history of race in Canada. Her selection also considers a wide range of legal forums, including administrative rulings by municipal councils, criminal trials before police magistrates, and criminal and civil cases heard by the highest courts in the provinces and by the Supreme Court of Canada. The extensive and detailed

documentation presented here leaves no doubt that the Canadian legal system played a dominant role in creating and preserving racial discrimination. A central message of this book is that racism is deeply embedded in Canadian history despite Canada's reputation as a raceless society. Winner of the Joseph Brant Award, presented by the Ontario Historical

Society E.T. Culture Disinformation Books On September 5, 2019, a Space Futures conference was hosted by the US Air Force Space Command which analyzed evolving conditions in space up to 2060. Eight possible negative and positive futures were identified, the optimal being a "Star Trek Future" which would involve countries with space programs forming a multinational

alliance collaborating in civil, military and commercial affairs in space. Today, the emergence of Space Force, signing of the Artemis Accords, and creation of NATO's Space Center promise to be the fulcrum for ushering in this Star Trek scenario. Such a future is not assured however due to the existence of uncooperative rival space programs of China and Russia. Could one or both

launch a Space Pearl Harbor that could devastate the entire US GPS system, as predicted 20 years ago by a blue-ribbon Space Commission? Also, there is the wildcard of numerous secret space programs possessing reverse-engineered antigravity craft. Their existence is not officially acknowledged by major nations, but their space activities pose major challenges to a Star Trek

future. Will Space Force be able to integrate the US based secret space programs or will these and their foreign counterparts be obstacles to its future operations? The ultimate question is how the existence of extraterrestrial life will factor into the activities of Space Force and its allies space forces. Will extraterrestrial visitors respond in a benign or a belligerent way to Space Force setting

up a multinational space coalition to militarily project humanity's presence far into our solar system and beyond? How will a future "Starfleet" with Space Force and NATO at its core have to deal with rogue secret space programs and alien life operating throughout our solar system? The US Navy secret space program reportedly has space battle groups built

with the assistance of friendly human looking 'Nordic' extraterrestrials. Under what conditions will the Navy surrender authority over them to combine with Space Force? Space Force Our Star Trek Future provides answers to these and many other critical questions about humanity's bold emergence as an interplanetary space power. **Dark Fleet** ☐☐ ☐☐

What explains the human fascination with UFOs? The first reported sighting of what was then called "flying saucers" was by private pilot Kenneth Arnold on June 24, 1947. Within a few weeks, an entire "wave" of saucer sightings swept across the U.S., and soon across the world. And within a few years this had expanded to give us UFO crashes, the Men In Black, UFO bases, military and intelligence

agency conspiracies, NASA conspiracies, alien abductions, crop circles, alien autopsies, alien-human hybrids, cattle mutilations, and the list just continues to grow. Do the "saucers" (later renamed "UFOs") represent visitors from some other planet, or possibly even something more bizarre? How have they evaded unambiguous detection for about seventy years? Is this

because the methods of science cannot capture them? Or do reports of UFOs have much in common with reports of ghosts, witches, Bigfoot, and other creatures that are widely discussed and widely believed, but exist only in the imaginations of those who pursue them? Bad UFOs discusses some of the most famous and controversial UFO cases of all time, from

a rational and scientific perspective: · the Betty and Barney Hill 'UFO abduction' account · the Phoenix Lights · the Roswell 'UFO crash,' and the recent 'Roswell Slides' · the supposed 'UFO landing' in Rendlesham Forest · Travis Walton's 'UFO abduction' claim · UFOs seen using Night Vision equipment · Steven Greer's Disclosure Project, and ET Contact Protocols

us activate our full potential on the eve of Ascension. A New York Times bestselling author, TV personality, filmmaker, lecturer, and consciousness expert, David is the perfect person to guide us through the hidden realities of our world. With its myriad information, anecdotes, "big picture" comparative analysis with over six hundred references, and trustworthy

messages channeled directly from the highest-level angelic sources, including a remarkable set of future prophecies built into the Great Pyramid itself, *Awakening in the Dream* promises to be his most astounding book yet. [Exposing U.S. Government Policies on Extraterrestria](#) | [Life](#) University of Toronto Press How did China undergo its meteoric rise from a technological backwater

into a military superpower in outer space? This amazing transition began in top secret US Air Force programs over 75 years ago! While living in America, a brilliant Chinese scientist is chosen to work on the US military's most classified technologies for over a decade. Suddenly, he is outlandishly targeted by the FBI, traded in a prisoner exchange by President

Eisenhower and must return to China. This episode ultimately led to China's development of a military-run secret space program (SSP) using exotic electromagnetic propulsion systems now challenging US military dominance on Earth and in outer space. By 2030, China's economy will outgrow the US, and China plans to use its vast economic resources to project its presence deep

into space in ways that will lead to increasing military confrontations with the newly created US Space Force. In this book, you will learn about: - The origins of China's SSP through the pioneering work of Dr. Tsien Hsue-shen who brought his advanced knowledge of SSPs in Nazi Germany and the US to China;- How ancient aviation technologies buried in China's mysterious

pyramids are being secretly studied and reverse engineered;- Ancient artifacts from extraterrestrial contacts in remote regions of Tibet, the Gobi Desert, and the truth behind legends of Shamballa and Agartha;- China's participation in a United Nations run SSP designed to foster greater international cooperation in responding to the existence of extraterrestrial life;- The

space weapons and electromagnetically propelled spacecraft secretly being developed and deployed by China;- The threat posed by Communist China's plan to use Artificial Intelligence to become the dominant superpower on Earth and in Space.The Rise of the Red Dragon represents both a global crisis and opportunity presented by China. Are the US and China destined to violently clash

in an inevitable cataclysmic space war or are they to become strategic partners in guiding humanity's peaceful transition into a space faring galactic civilization? First Contact Red Wheel/Weiser "This book tells the story of an unusual group of American soldiers in World War II, second-generation Japanese Americans (Nisei) who served as interpreters

and translators in the Military Intelligence Service."-- Preface. *The History of Residential Hotels in the United States* Verso Books Antarctica is a land about to be exposed over its well-guarded secrets and ancient hidden mysteries ... In 1955, as a result of a secret agreement reached between the Eisenhower Administration and a German breakaway group in Antarctica, a

transnational corporate space program began to emerge. The secret infusion of personnel and resources from US military contractors into Antarctica allowed this transnational corporate program to steadily grow into a major space power, which would eventually surpass and eclipse the secret space programs run by the US Navy, Air Force, and the classified space programs of other nations. Whistleblower claims substantiate that many of the classified programs conducted there violate the 1961 Antarctic Treaty, and constitute crimes against humanity due to the abuse of a captive slave labor force. Dr. Michael Salla daringly exposes the major corporations involved in these illegal programs, and how the truth is hidden from company shareholders and the public. Today, Antarctica's secrets are slowly being revealed by the increasing volcanic activity that is melting the massive ice shelves, exposing ancient artifacts and crashed extraterrestrial spacecraft. Full disclosure of Antarctica's history, and current events involving multiple space programs and transnational corporations, will vitally aid in transforming our planet, and prepare humanity for

the major geological events that lie ahead as the melting ice unveils all that has previously been hidden. *Scandinavian Blue Light Technology* Publishing Max Tegmark leads us on an astonishing journey through past, present and future, and through the physics, astronomy and mathematics that are the foundation of his work, most particularly his hypothesis that our physical reality is a

mathematical structure and his theory of the ultimate multiverse. In a dazzling combination of both popular and groundbreaking science, he not only helps us grasp his often mind-boggling theories, but he also shares with us some of the often surprising triumphs and disappointments that have shaped his life as a scientist. Fascinating from first to last—this is a book that has already prompted the attention and

admiration of some of the most prominent scientists and mathematicians.

The Political Implications of the Extraterrestrial Presence

Createspace Independent Publishing Platform Reveals the Nazi-Reptilian infiltration of the U.S. government, their secret space program, and their slave colonies throughout the solar system • Details "Operation Paperclip,"

which enabled Nazis and their Reptilian partners to infiltrate the U.S. military-industrial complex, including NASA and the CIA • Reveals their interstellar space ports in Antarctica and on Mars, their base on the Moon, and their alien technologies, including nano-technology, antigravity propulsion, mass mind control, and hyperdimensional teleportation capabilities • Shares

testimonies from American and British “supersoldiers” who participated in the “20 and Back” age-regression programs, revealing advanced human technology and our Space Armada that constitutes a counter-balance to the Nazi Dark Fleet The Nazis did not really lose World War II. They made it appear that way in order to divert attention from the alliance between the Fourth Reich

and the race of aliens known as the Reptilians--an ancient galactic civilization obsessed with conquest and domination. After the German surrender in 1945, the Nazi-Reptilian alliance infiltrated the U.S. military-industrial complex. Through “Operation Paperclip,” the Nazis and Reptilians removed their political opponents, such as the Kennedys, and moved into policy-making

positions in post-war America, infiltrating aerospace companies, banking, media, and the U.S. government, including NASA and the CIA. But their real target was not the United States--it was the solar system. As Len Kasten reveals in startling detail--including revelations of antigravity propulsion technology, alien techniques of mass mind control, and hyperdimensio

nal teleportation capabilities--the Nazi-Reptilian alliance used their newfound power, wealth, and influence to launch a Secret Space Program with interstellar spaceports in Antarctica and on Mars as well as an eleven-story base of operations on the Moon. They commenced mining and manufacturing operations on Mars and Ceres, forming colonies there and elsewhere in the solar

system. And, most shocking, they have used thousands of human slaves, easily transported in their spaceships, for both work and sexual exploitation. Sharing testimonies from American and British "supersoldiers" who participated in the "20 and Back" age-regression programs, Kasten reveals the various forces inside and outside government that are resisting the Nazis and

thwarting Reptilian attempts to achieve total dominance of the planet and the solar system. The U.S.-led Secret Space Program has its own fleet of spaceships, the Solar Warden Space Armada, which patrols the edges of the solar system and poses a growing threat to the Nazi Dark Fleet. <i>US Air Force Secret Space Program</i> McFarland Comment la Chine a-t-elle connu sa vertigineuse	ascension et rattrapé son retard technologique pour devenir une superpuissanc e militaire dans l'espace ?
