The Battle of Agincourt London : Blackie

Henry V became King of England in 1413. He was one of the great warrior kings of the country, cast in the same mould as Edward I and Edward III. He was just, pious, athletic, chivalrous, acquisitive, ruthless and eager to gain honour on the field of battle. Henry hoped that a successful campaign against the nation's traditional enemy would draw the people together and establish the popularity of the Lancastrian dynasty. This splendid addition to Osprey's Men-at-Arms series explores the background, organisation and equipment of the armies which fought in one of the most famous conflicts in England's history - the Battle of Agincourt.

A Guide to the Legendary Battle and Warfare in the Medieval World Hachette UK

Osprey's Campaign title for one of the most important campaigns of the Hundred Years' War (1337-1453). Agincourt is one of the most evocative names in English military history. Henry V's forces were tired, hungry, and faced a French army three to six times more numerous. However, they possessed several advantages, and English success resulted from the combination of heavily armoured men-at-arms with troops armed with the infamous longbow - the havoc this weapon wreaked was crucial. Using original fifteenth century evidence, including the surviving French battle plan and the accounts of men present in both armies, this title discusses the lead-up to the battle, the tactical dispositions of the two forces and the reasons for the ultimate English success.

Agincourt Osprey Publishing

Tells the story of the long and bloody feud between the houses of Orleans and Burgundy, from its commencement to the time when both factions laid aside their differences at the battle of Agincourt.

Agincourt 1415 Routledge

Agincourt Henry V and the Battle That Made England Back Bay Books

At Agincourt History Press Ltd

For many commentators then and now, it was the English archers who won the day for Henry V. This lavishly illustrated history retells the story of the battle and Henry V's Normandy campaign from the perspective of the commander of the English archers, Sir Thomas Erpingham. Sir Thomas, an experienced warrior with military experience dating back 40 years is known for his brief but pivotal appearances in Shakespeare's Henry V, where he is correctly portrayed as an elderly, white haired veteran. At 57 he was one of the oldest there and a close personal confidant of the King. But what was his background? How did he command his archers to such a place in history? And what role did the longbow and battlefield tactics play in the final analysis of victory?

Henry V and the Battle That Made England Robinson

The fascinating story of the Battle of Agincourt told by a distinguished historical novelist

Agincourt 1415 e-artnow

Agincourt took place on 25 October 1415 and was a turning-point not only in the Hundred Years War between England and France but also in the history of weaponry. Agincourt (as it is now) is in the Pas-de-Calais, and the French were famously defeated by an army led by Henry V. Henry V's stunning victory revived England's military prestige and greatly strengthened his territorial claims in France. The exhausted English army of about 9,000 men was engaged by 20,000 Frenchmen, but the limited space of battle favoured the more compact English forces. The undisciplined charges of the French combined with the exceptional skill of the English archers contributed to a pivotal moment in European warfare. Not more than 1,600 English soldiers died; the French probably lost more than 6,000 men. Juliet Barker's shimmeringly brilliant narrative commemorates and analyses a canonical battle in British history.

Battlefield Guide Osprey Publishing

Latest title, destined to be the Agincourt sourcebook for years to come, in the Warfare in History: Sources and Interpretations series.

Agincourt Hodder & Stoughton

Detailed account of the preparations for the Battle fought at Agincourt, France on October 14, 1415, and of the encounter, resulting in a decisive British victory over France.

Agincourt The History Press

On St Crispin's Day, 25 October 1415, Henry V's English army crushed the French in the most famous battle of the Hundred Years' War. His outnumbered force of men-at-arms and archers repelled the repeated charges of the French mounted men and killed or captured the leading members of the French nobility. The encounter changed the course of the war and made a mark on English and French history that endures to this day. In this compelling new study, medieval historian Michael K. Jones looks critically at the historical evidence and retells in graphic detail the story of this extraordinary campaign. He also provides a fascinating tour of the sites associated with it - Harfleur, Henry V's route across northern France and the Agincourt battlefield itself.

Agincourt Pen & Sword Books

Published in partnership with the Royal Armouries, this comprehensive, sumptuously illustrated volume provides a defining reassessment of England's legendary victory on the fields of Agincourt on October 25, 1415. Dramatized by William Shakespeare in Henry V, the Battle of Agincourt changed the course of the Hundred Years War and Britain's relationship with her longtime enemy, France. In a remarkable work commemorating the 600th anniversary of arguably the most iconic military engagement of the medieval era, a wide range of experts examine the battle in its political, cultural, and geographical contexts, detailing strategies, tactics, armor, weapons, and fighting techniques while exploring the battlefield experiences of commanders and ordinary soldiers alike. In addition, this all-encompassing study offers deep analyses of many artifacts and aspects of the battle and its aftermath that have rarely been covered in other histories, including medicine and hygiene, the roles of faith and chivalry, the music of the times, and the experiences of women.

The Battle of Agincourt Boydell & Brewer

On 25th October 1415, on a French hillside near the village of Agincourt, four men sheltered from the rain and prepared for battle. All four were English knights—ancestors of Sir Ranulph

Fiennes—and part of the army of England's King Henry V. Across the valley, four sons of the French arm of the Fiennes family were confident that the Dauphin's army would win the day . . . Sir Ranulph Fiennes explains how his own ancestors were key players through the centuries of turbulent Anglo-French history that led up to Agincourt, and he uses his experience as expedition leader and soldier to give us a fresh perspective on one of the bloodiest periods of medieval history. With fascinating detail on the battle plans, weaponry, and human drama of Agincourt, this is a gripping evocation of a historical event integral to English identity. Six hundred years after the Battle of Agincourt, Sir Ranulph Fiennes casts new light on this epic event that has resonated throughout British and French history.

Redcrest Publishing

The overwhelming victory of Henry V's English army at Agincourt in October 1415 has passed into myth—as one of the defining events of the Hundred Years War against France, as a feat of arms outshining the previous famous English victories at Crécy and Poitiers, and as a milestone in English medieval history. This epic story of how an exhausted, outnumbered army, commanded by an inspirational leader, crushed a huge French force on French soil has given rise to legends and misconceptions that make it difficult for us to reach a clear understanding of what really happened on the battlefield 600 years ago. But that is what Stephen Cooper attempts in this thoroughgoing, perceptive and fascinating reconstruction and reassessment of the battle and its

history. In graphic detail he describes the battle itself and the military expedition that led to it. He examines the causes of the conflict and the controversies associated with it, and traces how the story of the battle has been told over the centuries, by eyewitnesses and chroniclers and by the historians of the present day. As featured in the Yorkshire Post, The Star (Sheffield) and Rotherham Advertiser.

Agincourt Agincourt Henry V and the Battle That Made England First full investigation into the men of Agincourt - their service, backgrounds, lives and experiences.

Myth and Reality 1915-2015 Pen & Sword Books

All was bustle and activity throughout Flanders and Burgundy after the return of John the Bold from Paris. Night and day messengers were crossing the country from one town to another, and every castle in the land saw gatherings of men-at-arms and archers. The land is devastated by the war but the life cannot stop...

The Agincourt War Amberley Publishing Limited

The human story of Battle of Agincourt through the eyes of key participants.

A Novel Frontline Books

The Battle of Agincourt on October, 25, 1415, remains one of the most glorious victories in British history, with a legacy that endures today. A pivotal moment in the Hundred Years War between France and England, it reinvigorated the English campaign in France and bolstered the English crown's hereditary claims to French land. Published to mark the 600th anniversary of

this famous victory, The Agincourt Companion tells a wider story about warfare in the middle ages. Delving into the development and advances in weaponry, armor and tactics during this period and the impact this had on the battlefield, this is a richly detailed look at the world of medieval warfare.

Agincourt 1415 HarperCollins UK

There can be few military victories so complete, or achieved against such heavy odds, as that won by Henry V on 25 October 1415 against Charles VI's army at Agincourt. In the words of one contemporary French chronicler, it was the 'most disgraceful event that had ever happened to the Kingdom of France'.

Christopher Hibbert's wonderfully concise account draws on the unusual number of contemporary sources available to historians to describe in lucid detail not only what happened, but how it happened. His classic account of the crushing defeat of the French at Agincourt combines historical rigour with a vigorous and very readable narrative style.

Agincourt 1415 Library of Alexandria

The story is set in Normandy during the Hundred Years' War. When king orders Lady Margaret de Villeroy to leave her castle for Paris as hostages, she obeys the order. The situation in Paris was troublous and soon the guild of the butchers, adopting white hoods as their uniform, seized the city, and besieged the house where our hero and his charges lived. After desperate fighting, the white hoods were beaten and our hero and his charges escaped from the city, and from France.
