WARREN JAIDYN

To Kill a Mockingbird
Penguin

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a

farmer's wife.
Houghton Mifflin Harcourt
"A harrowing, perverse, laugh-aloud funny rocket ride of catastrophes...Gutsy, terse and cunning, Invisible Monsters may emerge as Palahniuk's strongest book." —Greg Berkman, Seattle Times
She's a fashion model who has everything: a boyfriend, a career, a loyal best friend. But when a sudden freeway

"accident" leaves her disfigured and incapable of speech, she goes from being the beautiful center of attention to being an invisible monster, so hideous that no one will acknowledge she exists. Enter Brandy Alexander, Queen Supreme, one operation away from becoming a real woman, who will teach her that reinventing yourself means erasing your past and making up something

better. And that salvation hides in the last places you'll ever want to look. A Novel First Avenue Editions™
 The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's impact is such

that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister

figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde

is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson

that everything involving Hyde is in order and that he is to be left alone. [Look Back in Anger](#) Read Books Ltd
This early work by H. G. Wells was originally published in 1903 and we are now republishing it with a brand new introductory biography as part of our Cryptofiction Classics series. 'The Valley of the Spiders' is a short story about a group of men who encounter an unstoppable swarm of arachnids. Herbert George Wells was born in Bromley, England in 1866.

He apprenticed as a draper before becoming a pupil-teacher at Midhurst Grammar School in West Sussex. Some years later, Wells won a scholarship to the School of Science in London, where he developed a strong interest in biology and evolution, founding and editing the Science Schools Journal. However, he left before graduating to return to teaching, and began to focus increasingly on writing. It was in 1895 that Wells seriously established himself as a writer, with

the publication of the now iconic novel, *The Time Machine*. Wells followed *The Time Machine* with the equally well-received *War of the Worlds* (1898), which proved highly popular in the USA. The Cryptofiction Classics series contains a collection of wonderful stories from some of the greatest authors in the genre, including Ambrose Bierce, Arthur Conan Doyle, Robert Louis Stevenson, and Jack London. From its roots in cryptozoology, this genre features bizarre,

fantastical, and often terrifying tales of mythical and legendary creatures. Whether it be giant spiders, werewolves, lake monsters, or dinosaurs, the Cryptofiction Classics series offers a fantastic introduction to the world of weird creatures in fiction.

The Ambassadors Illustrated Modern Library
A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace “A glorious book

. . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought.”—Los Angeles Times
How can we make intelligent decisions about our increasingly technology-driven lives if we don’t understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but

to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As

Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* "Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing."—*The Washington Post Book World* "Compelling."—*USA Today* "A clear vision of what good science means and why it makes a difference. . . . A

testimonial to the power of science and a warning of the dangers of unrestrained credulity."—*The Sciences* "Passionate."—*San Francisco Examiner-Chronicle* *A Christmas Carol* Penguin Books India 'I am invisible, understand, simply because people refuse to see me.' Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens

to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. And explains how he came to be living underground . . . 'An American classic . . . one of the most original voices of Black America.' The Times

The Time Machine is a

science fiction short story by H. G. Wells, published in 1895 and written as a landmark story. The work is generally credited with popularizing the concept of time travel using a vehicle or device to consciously and selectively travel forward or backward through time. *The Room on the Roof* W. Norton & Company
In 1956 John Osborne's *Look Back in Anger* changed the course of English theatre. 'Look Back in Anger presents post-war youth as it really is. To have done this at all

would be a significant achievement; to have done it in a first play is a minor miracle. All the qualities are there, qualities one had despaired of ever seeing on stage - the drift towards anarchy, the instinctive leftishness, the automatic rejection of "official" attitudes, the surrealist sense of humour . . . the casual promiscuity, the sense of lacking a crusade worth fighting for and, underlying all these, the determination that no one who dies shall go

unmourned.' Kenneth Tynan, Observer, 13 May 1956 'Look Back in Anger . . . has its inarguable importance as the beginning of a revolution in the British theatre, and as the central and most immediately influential expression of the mood of its time, the mood of the "angry young man".' John Russell Taylor
THE GREAT GATSBY The Invisible Man
 AN INSTANT NEW YORK TIMES BESTSELLER "I absolutely loved Invisible Girl—Lisa Jewell has a way of combining furiously

twisty, utterly gripping plots with wonderfully rich characterization—she has such compassion for her characters, and we feel we know them utterly... A triumph!" —Lucy Foley, New York Times bestselling author The #1 New York Times bestselling author of Then She Was Gone returns with an intricate thriller about a young woman's disappearance and a group of strangers whose lives intersect in its wake. Young Saffyre Maddox spent three years under the care of renowned

child psychologist Roan Fours. When Dr. Fours decides their sessions should end, Saffyre feels abandoned. She begins looking for ways to connect with him, from waiting outside his office to walking through his neighborhood late at night. She soon learns more than she ever wanted to about Roan and his deceptively perfect family life. On a chilly Valentine's night, Saffyre will disappear, taking any secrets she has learned with her. Owen Pick's life is falling apart. In his

thirties and living in his aunt's spare bedroom, he has just been suspended from his job as a teacher after accusations of sexual misconduct—accusations he strongly denies. Searching for professional advice online, he is inadvertently sucked into the dark world of incel forums, where he meets a charismatic and mysterious figure. Owen lives across the street from the Fours family. The Fours have a bad feeling about their neighbor; Owen is a bit creepy and

suspect and their teenaged daughter swears he followed her home from the train station one night. Could Owen be responsible? What happened to the beautiful missing Saffyre, and does her disappearance truly connect them all? Evocative, vivid, and unputdownable, Lisa Jewell's latest thriller is another "haunting, atmospheric, stay-up-way-too-late read" (Megan Miranda, *New York Times* bestselling author). [Into the Wild](#) BookRix

First published in 1897, *The Invisible Man* is one of the first science fiction stories. The disturbing tale centers on Griffin, a scientist who has discovered the means to make himself invisible. His initial, almost comedic, adventures are soon overshadowed by the bizarre streak of terror he unleashes upon the inhabitants of a small village. Notable for its sheer invention, suspense, and psychological nuance, *The Invisible Man* had been filmed many times and

continues to enthrall science-fiction fans today as it did the reading public nearly 100 years ago.

A Wrinkle in Time

Penguin UK

On a day when everything goes wrong for him, Alexander is consoled by the thought that other people have bad days too.

GENERAL PRESS

Italo Calvino's beloved, intricately crafted novel about an Emperor's travels—??a brilliant journey across far-off places and distant

memory. "Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret, their rules are absurd, their perspectives deceitful, and everything conceals something else." In a garden sit the aged Kublai Khan and the young Marco Polo??—??Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the

empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear. *Revised and Updated*

This Graphic Novel Series features classic tales retold with attractive color illustrations. Educations using the Dale-Chall vocabulary system adapted each title. Each 70 page, softcover book

retains key phrases and quotations from the original classics. Introduce literature to reluctant readers and motivate struggling readers.

Students build confidence through reading practice. Motivation makes all the difference. What's more motivation then the expectation of success?

The Time Machine

Illustrated Mind Melodies

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles

Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger.

"Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the

reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Science as a Candle in the Dark PURE SNOW

PUBLISHING

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable

classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure

seems as far removed from reality as the hope of being rescued.

Silly Novels by Lady Novelists Simon and Schuster

A gothic short story about a girl, whose portrait was found in an old, ruined tower. An old lady narrates then the story of Rosina, an orphan, who was thrown out of the house when Sir Peter discovered, that she was in love with his son. When she cannot be found the following day, son Henry sets out on a search and soon hears from

fishermen about a
invisible girl ...
