*Single Best Answer MCQs in Anaesthesia*  
OUP Oxford  
Best of Five MCQs for the Endocrinology  
SCE is designed specifically for this new

high-stakes exam. It contains over 300 best of five questions with explanatory answers, each accurately reflecting the layout of questions in the exam. The book is divided into six subject areas, covering all the main themes of the exam, and providing a thorough assessment of the candidate's endocrinological knowledge. Uniquely, the explanatory answers include

references to guidelines and other sources to enable candidates' further reading and study.

*Best of Five MCQs for the Endocrinology and Diabetes SCE.* Oxford University Press, USA

Best of Five MCQs for the Geriatric Medicine SCE is the first revision guide designed specifically for this new high-stakes exam. It contains 300 best of five questions with explanatory answers, each accurately reflecting the layout of questions in the exam. The book is divided into three exams for trainees to test themselves on, providing a thorough assessment of the candidate's geriatric medicine knowledge and covering all the main themes of the exam, for example, falls, dementia and delirium, palliative care, nutrition, and stroke. The

explanatory answers include references to guidelines and other sources to enable candidates' further reading and study. Ideal for Geriatric Medicine Specialty Registrars, trainees revising for the Geriatric Medicine Specialty Certificate Examination or the Diploma in geriatric medicine.

**Heart of Darkness** Oxford University

Press, USA

Best of Five MCQs for the MRCP Part 1 volumes 1-3 offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination. Presented as a unique three-volume set, each volume features 375 high-quality practice questions on each of the medical systems and specialties in alphabetical order. Volume 3 features Best of Five questions on nephrology, neurology, psychiatry, respiratory medicine, and rheumatology. All 375 questions contain questions written and reviewed by successful candidates and previous examiners, and are accompanied by detailed explanations and further reading, ensuring complete and successful

revision for this challenging exam.

Matched to the latest Royal College curricula in coverage and format, this dedicated resource provides readers with an accurate, authoritative and evidence-based companion to the MRCP Part 1.

*MRCPsych Paper 1 One-best-item MCQs*  
Saunders

Following recent changes to the syllabus and MRCPsych exam by the Royal College of Psychiatrists, this book contains 450 multiple choice questions offering exclusive coverage of Paper 3. Supporting these MCQs are detailed explanatory answers and revision notes. Content is closely matched to the exam and includes practice papers.

**Essential Best of Five and Multiple Choice Questions for Medical Finals**

Best of Five MCQS for the European Specialty Examination in Gastroenterology and Hepatology Specifically designed to help candidates revise for the MRCS exam, this book features 350 Single Best Answer multiple choice questions, covering the whole syllabus. Containing everything candidates need to pass the MRCS Part A SBA section of the exam, it focuses intensively on the application of basic sciences (applied surgical anatomy, physiology, and pathology) to the management of surgical patients. The high level of detail included within the questions and their explanations allows effective self-assessment of knowledge and quick identification of key areas requiring further attention. Varying approaches to Single Best Answer

multiple choice questions are used, giving effective exam practice and guidance through revision and exam technique. This includes clinical case questions, 'positively-worded' questions, requiring selection of the most appropriate of relatively correct answers; 'two-step' or 'double-jump' questions, requiring several cognitive steps to arrive at the correct answer; as well as 'factual recall' questions, prompting basic recall of facts.

*Best of Five MCQs for the Endocrinology and Diabetes SCE* Radcliffe Publishing MCQs for FRCOphth Part 2 is a key resource for candidates preparing to sit the Royal College of Ophthalmologists examination. Written by experts in the field, it is carefully mapped to the RCOphth curriculum, providing

comprehensive preparation for all aspects of this challenging exam. Written for the new FRCOphth format, it contains 360 questions organised into five sections to reflect the subdivisions of the exam. A mock examination of 90 questions enables trainees to assess their level of knowledge, and practise the technique and approach needed for the examination. In addition to a small ratio of illustration based questions to reflect the real FRCOphth exam it also places an emphasis on areas that are not well covered in other materials, such as GMC and RCOphth guidelines. All answers are accompanied by detailed explanations and relevant further reading sources, providing candidates with high-quality self-assessment. Offering a true test of the reader's

ophthalmology knowledge, this is a must-buy for anyone preparing for the FRCOphth part 2 written exam.

Best of Five MCQs for MRCPsych Paper 1  
CRC Press

Best of Five MCQs for the Gastroenterology SCE is the first revision guide designed specifically for this new high-stakes exam. It contains 210 best of five questions with explanatory answers, each accurately reflecting the layout of questions in the exam. The book is divided into seven subject areas, covering all the main themes of the exam, and providing a thorough assessment of the candidate's gastroenterological knowledge. Where relevant, questions are illustrated with full colour photographs including endoscopic, radiological and histology

images. Uniquely, the explanatory answers include references to guidelines and other sources to enable candidates' further reading and study.

Best of Five MCQs for the Geriatric Medicine SCE Oxford University Press  
Reflecting the new syllabus and new MRCPsych exam launched by the Royal College of Psychiatrists, this book contains more than 450 multiple choice questions covering Paper 2. Closely matched to the exam, these MCQs are supported by detailed explanatory answers and revision notes.

Best of Five MCQs for the Endocrinology and Diabetes SCE Oxford Speciality Training; Revision Texts  
Following the super-success of their MRCP Part 2 volume, the authors adapt their special teaching skills to the needs

of MRCP Part 1 and similar exams in internal medicine. The book consists of 360 'Best of 5' multiple choice questions (1,800 clinical decision) reflecting the latest exam format. It covers all areas of clinical medicine needed by ex  
*Best of Five MCQS for the European Specialty Examination in Gastroenterology and Hepatology*  
PasTest Ltd

This book comprises six sets of single best answer practice papers. Each set contains 30 single best answer questions on physiology, pharmacology, clinical measurement and physics. The scenarios are based on the application of a wide knowledge of basic sciences relevant to the clinical practice of anaesthesia. The best possible answer to a given question is substantiated by

detailed explanation drawn from recent journal articles and textbooks of anaesthesia and basic sciences. These questions enable the candidates to assess their knowledge in basic sciences and their ability to apply it to clinical practice. Alongside the previously published book *Single Best Answer MCQs in Anaesthesia (Volume I - Clinical Anaesthesia, ISBN 978-1-903378-75-5)*, this book is an ideal companion for candidates sitting postgraduate examinations in anaesthesia, intensive care medicine, and pain management. It will also be a valuable educational resource for all trainees and practising anaesthetists.

*Oxford Handbook of Acute Medicine* OUP  
Oxford

As the first revision text aimed

specifically at the Knowledge-Based Assessment, *Essential Revision Notes for Cardiology KBA* is the cornerstone of your revision for this new and compulsory examination. Each chapter exactly maps the core cardiology training curriculum, giving measurable assurance that you are getting the information you need to pass. Each chapter is written by a senior cardiology trainee in collaboration with a senior consultant who has expertise in that specific field, ensuring that the content is both authoritative and accessible. Drawing on the latest guidelines and documents, the concise, bullet-pointed layout allows easy access to and digestion of the key points you'll need during revision. Numerous tables, boxes and figures make this the ideal

accompaniment to retaining the large and varied amount of information needed to pass the examination.

Best of Five MCQs for the

Gastroenterology SCE Oxford Higher Specialty Training

Following hot on the heels of the launch

of the new syllabus & new MRCPsych exam in Spring 2008 by the Royal College of Psychiatrists, this book
