Carbon Black Oswaal Books and Learning Private Limited

Most students of science in Indian high schools aspire to join one of the Indian Institutes of Technology (IITs). Thus competition for admission is fierce and staying one step ahead, the IITs make their Joint Entrance Examination (JEE) more difficult each year. Each year Bansal Classes, the premier tutoring institute for the IIT-JEE, puts more students into the IITs than any other. Bansal Classes is the brainchild of V.K. Bansal who began his career as a tutor teaching a single student on his dining table. He had just been diagnosed with muscular dystrophy and was on the verge of losing his job with JK Synthetics Limited. Today, Bansal Classes is based in three centres in Rajasthan - Kota, Ajmer and Jaipur - and total annual revenues are pegged at over a billion rupees. The Kota centre alone admits almost 20,000 students each year, of which 10% make it to the IITs. And more astounding is the cascading effect Bansal Classes has had on the town of Kota, which has gained a name as a major hub for specialized tutoring. It all adds up is the inspiring story of a man who overcame disability to rewrite his destiny. And in so doing, he turned around the fortunes of an entire city.

Confronting Inequalities Oswaal Books and Learning Private Limited

Computer has firmly carved its place in the human society. Computer makes our job easier and has reshaped our imagination. The world of technology and computer systems is continuously evolving

and has touched virtually each and every aspect of our lives. The Computer Science Success series is based on Windows 10 and Office 2016. This series is specially designed for providing a vast theoretical and practical knowledge of computers to the students. It is the most comprehensive series in which activity and tool-based approach is incorporated. Each chapter in the book begins with an engaging introduction followed by an activity-based approach to learning, which is supported with ample number of diagrams, pictures and relevant screenshots. The exercises in each chapter have sufficient practical and activity-based questions. Lots of interesting software like Office 2016 (like Word, Excel and PowerPoint) and MSWLogo have been taught in these books. Internet is also covered. Core features of Computer Science Success series (for Classes 3 to 5) are: □ Learning Objectives: Describes the goals required to be achieved by the end of the chapter. □ Chapter Contents: Concepts are explained to strengthen the knowledge base of the students. □ Know More: Gives extra and useful information on the topic being covered. □ Fact: Includes historical facts about the topic being covered. □ Top Tips: Gives a shortcut method of the topic being covered. □ Activity: Encourages the students to explore some real life use of the topic being covered. □ Summary: Gives a brief summary of the topics being taught in the chapter. □ Exercises: Includes a variety of questions to evaluate the theoretical knowledge of the students. □ Activity Zone: Includes the following activities: v Puzzle: Includes crossword or mazes to focus on some important terms included in the chapter. v Lab Session: Gives instructions to the students to perform various tasks in the lab. v Group Discussion: Encourages the students to have discussion on various topics. v Project Work: Assigns various tasks to the students to apply the concepts already learnt. □ Teacher's Notes: Gives suggestions to the teachers to make the learning process better. □ Periodic Tests: A total of four periodic tests are included to evaluate the knowledge of the students. □ Model Test Papers: Two Model Test Papers, covering questions from all the chapters are included in the middle and towards the end of the book. □ Project Work: A set of projects has been designed to challenge the students to apply the concepts learnt. □ Cyber Olympiad: Gives a sample Cyber Olympiad question paper to test the knowledge of the students. □ Practice Assignments (in a separate section): Includes both Practice Assignments and Quizzes, that helps the students to understand the topics given in the chapter thoroughly. SBPD Publications Oswaal Books and Learning Private Limited

This text book is primarily intended for students who are preparing for the entrance tests of IIT-JEE/NEET/AIIMS and other esteemed colleges in same fields. This text is equally useful to the students preparing for their school exams. Main Features of the Book 1. Every concept is given in student friendly language with various solved problems and checkpoint questions. The solution is provided with problem solving approach and discussion. 2. Special attention is given to tricky topics (like- work energy theorem, conservative and non conservative forces, conservation of mechanical energy, work done by non conservative forces, power of pump and chain related problems) so that student can easily solve them with fun.. 3. To test the understanding level of students, multiple

choice questions, conceptual questions, practice problems with previous years JEE Main and Advanced problems are provided at the end of the whole discussion. Number of dots indicates level of problem difficulty. Straightforward problems (basic level) are indicated by single dot (●), intermediate problems (JEE mains/NEET level) are indicated by double dots (●●), whereas challenging problems (advanced level) are indicated by three dots (●●●). Answer keys with hints and solutions are provided at the end of the chapter.
